RUMANIA SIGNS AS AXIS WOOS TURKEY

Great Britain Near End Of Finances

ENVOY HINTS U. S. TO LEND CASH FOR WAR

Lothian Is Confident Of Final Victory

NEW YORK—(AP)—Lord Lothian, British ambassador to the United States, returned from his bomb-battered homeland Saturday with a cryptic declaration that Britain's financial problem was "becoming urgent."

His country, he said, was "beginning to come to the end of her financial resources."

Returns On Clipper

The envoy was one of 14 passengers who came from Lisbon on Pan-American Airway's Atlantic Clipper.

Lothian foresaw "a difficult year" for the British and an emphatic need of all kinds of war materials, including airplanes, munitions, ships and "perhaps finance."

He emphasized that England "definitely does not need men" as part of this country's assistance.

The ambassador was optimistic of British success, however, and asserted that "confidence in utlimate victory is high."

Lothian said that the United States was increasing its already satisfactory assistance to England and asserted that he wanted it understood that there was no feeling in his homeland that "American assistance was not enough."

Asked Stand On Loans

(When he arrived at Washington, reporters asked him specifically whether Britain had any present intention of requesting modification or repeal of the Johnson act, prohibiting government loans to debtor nations.

("It is not for us to make such a suggestion," he replied.)

(He said, however, he thought the question of how Britain was to continue to pay for munitions purchases in this country would have to be met within the next six months although he explained the limit of her financial resources depended upon a great many factors.

("We have paid for everything so far," he said, "but our gold and securities resources are being liquidated.")

VULTEE STRIKE 'WORK OF REDS'

FBI Report Hints Of Defense Sabotage

WASHINGTON —(AP)— Attorney General Jackson disclosed Saturday night an FBI report to defense officials attributed the strike in the Vultee Aircraft Corporation to "Communist influence."

"This confidential report," Jackson said in a statement, "describes the Communist influence which caused and is prolonging the strike. It identified those leaders of the strike who are either members of the Communist party or affiliated with the Communists and the persons who are the contacts between the strike committee and the leaders of the Communist party.

Strike Not Illegal

"While the activities of the parties involved may not constitute a federal crime warranting prosecution, the details have been furnished to the war and navy department and to the national defense commission so that they may take such action as may be warranted in the protection of the government's interest."

Jackson's references to the Vultee strike were made incidentally in a statment in which he accused Rep.

Santa Claus' Pack Bigger This Year, Experts Say

Best Christmas Business Since 1929 Is Expected; More Money To Be Spent

(See Babson's holiday forecast on Page 9)

By FRANK MacMILLEN

NEW YORK—(AP)—Let the children rejoice this year, for Santa Claus will heft the biggest Christmas pack that America has seen in a decade.

And let the grownups be glad—if they can.

Guns, planes, tanks and ships are building apace. Men are going back onto steady payrolls.

There are $12,500,000,000 of war and defense orders on the nation's industrial books, and the next session of Congress will provide more.

An official of the national defense advisory council at Washington this week said that within the next 18 months the income of the American people will cross the $100,000,000,000 mark, and that 5,800,000 men will have jobs who have none now.

That will soon leave few who are capable of working still without jobs and it should make Christmas, 1941, an even bigger one than this.

More To Spend

It will give people more to spend by a good many billions than they had in the year of the golden legend, 1929.

If the flow of money into weapons is still going on when another Christmas rolls around, it will add point too, to what the defense official, John D. Biggers, Toledo industrialist who is executive assistant to William S. Knudsen, had to say when he offered his estimates of the coming months:

"God knows, I would wish that it were any other kind of industry that would bring us this income."

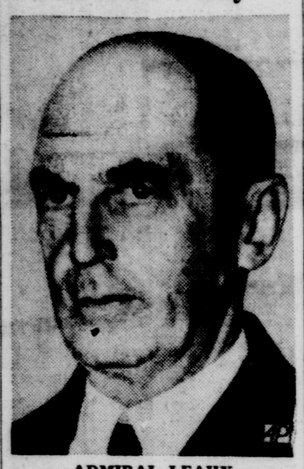
Yet events, neither abroad, where the war of diplomacy and steel was intensified this week, nor in Washington, where further steps were taken to speed the defense program, indicated any reason to doubt the general correctness of Bigger's estimates.

Thanksgiving delicacies, said Dun and Bradstreet's trade review, were bought in greater quantities this year than last, and Christmas shoppers appeared to be nibbling earlier than usual, although the full rush was yet to come.

The federal reserve board at Washington said department store sales last week were 13 per cent ahead of a year ago, despite the fact that the latter was a period of brisk business.

LEAHY NAMED US ENVOY TO FRENCH POST

Puerto Rico Governor Goes To Vichy



ADMIRAL LEAHY

HYDE PARK—(AP)—The selection of Admiral William D. Leahy, retired, as ambassador to France was announced Saturday by President Roosevelt.

Leahy, who climaxed a 42-year career in the navy by serving as chief of naval operations from 1937 to 1939, has been governor of Puerto Rico since his retirement a year ago.

To Succeed Bullitt

The resignation of William C. Bullitt, present ambassador to France, has been in the President's hands since November 7. Its acceptance becomes a matter of course.

Whether Bullitt would be offered another government position or would return to private life, the White House was not prepared to say. It had not been determined, either, when Leahy's nomination would be sent to the Senate. Presumably, he will be allowed time to wind up his affairs in Puerto Rico.

Pershing Refuses Post

Mr. Roosevelt had asked General John J. Pershing to become envoy to France because of his close friendship during the World War with Marshal Henri Petain, head of the Vichy government. Pershing's doctors forbade him to accept.

Dispatches from Vichy said officials there were "delighted" with the President's choice of Leahy, and that his selection marked the sincere friendship of the President for France.

At Puerto Rico, Leahy said "I will go to France, China, the North Pole or anywhere the President sends me."

Dirty Business

Street Cleaners In Baltimore Strike

BALTIMORE—(AP)—Rows of trash baskets and garbage cans lined the streets in front of Baltimore's white-stepped houses Saturday in a strike by bureau of street cleaning employes for higher wages.

Papers from overflowing receptacles littered streets. In some areas, trash baskets had been standing at the curbs since Thanksgiving Day.

Mayor Howard W. Jackson called off a scheduled negotiations conference with announcement "we will talk to them (the strikers) after they go back to work and not before."

WETS WIN ELECTION

BIG SPRING—(AP)—Howard county voted to retain sale of all alcoholic beverages in a local option election Saturday. The margin was 1,833 to 1,333, with only one small box unreported.

HARLINGEN—The Valley's first quota under the Selective Service Act, consisting of 47 volunteers from Rio Grande City to Brownsville, will leave for Fort Sam Houston Sunday night for a year's military training and in most draft board areas sendoffs were being planned to bid the departing men good luck and farewell.

Harlingen will be the concentration point for many of the men who will be assembled here for the journey to San Antonio in a special car over the Missouri Pacific. Three men from Starr county, eight from the Mission draft area, seven from the Weslaco area, seven from the Harlingen area and five from the San Benito area will be assembled here and will be joined at Raymondville by three from Willacy county. GEORGE GETS PITTMAN POST

New Foreign Relation Chief Selected

SENATOR GEORGE

WASHINGTON —(AP)— Senator Walter F. George, veteran southern Democrat, was selected Saturday to be chairman of the Senate foreign relations committee and immediately declared he would pursue a policy of working in "close harmony" with the State Department.

In a talk with reporters, the grey-haired Georgia senator also indicated that he thought it would be unwise to seek congressional action at this session on "controversial matters" in the field of international relations.

"It will be difficult to maintain a quorum," he said. Only 45 senators—four less than the quorum necessary for transaction of business—attended yesterday's Senate meeting.

George's attitude appeared to rule out the possibility, talked by some senators, of action at this session on the question of extending credit to Great Britain.

Senator George was the unanimous choice of the Senate Democratic steering committee for the chairmanship of the foreign relations committee, left vacant by the death of Senator Key Pittman (D-Nev). A resolution formally elevating him to the post will be presented to the Senate Monday.

M'ALLEN HAS DEDICATION OF NEW AIRPORT

Field Is Named For Sam L. Miller

(See Pictures On Page 7)

McALLEN — McAllen dedicated its new municipal airport Saturday to Sam L. Miller, its benefactor, and to the future of aviation in the Rio Grande Valley.

The 176-acre field, a portion of which has yet to be placed in use, will be known henceforth as Miller Municipal airport, Mayor Horace Etchison told a gathering of citizens who witnessed brief dedication ceremonies at the field shortly before noon. Business men of the city gathered a short time later at the Casa de Palmas hotel to honor Miller with a luncheon.

Miller's Birthday

Saturday was Miller's birthday and he enjoyed its events immensely.

Mayor Etchison's official announcement that the airport would bear the name of the well known Upper Valley financier was, the executive explained, the result of Miller's recent contribution of 89 acres of land to the field, more than doubling its size.

Already a long east-west runway, the first the port has acquired, has been cleared on a portion of the tract Miller donated. Additional land will be cleared soon under a National Youth administrtion project at the port.

Jaul T. Vickers, chamber of commerce manager, officiated at the dedication. He introduced Etchison and a number of other speakers and civic leaders.

Predicts Growth

City Commissioner Norman Buescher predicted in a brief talk that "we will have one day one of the finest airports in the Valley."

"This is just the beginning of an airport," H. H. Hensley, chairman of the chamber of commerce airport committee, asserted. "You'll see here soon runways large enough for landing and taking off under any weather conditions."

Homer L. Leonard, state legislator and next speaker of the house of representatives, came to McAllen especially for the dedication in the midst of a heavy program of work at the capital, preparing for the January session. Leonard praised Miller for his civic work, especially for his contribution to the airport.

"And I want to cite another example of his efforts in the Valley's behalf," said Leonard. "Mr. Miller has spent more of his own money, without any hope of return, than anyone else in the Valley to get us some relief from the 7,000-pound load limit.

"This fine airport is made possible because of his interest in McAllen and his work for his home town."

U. S., Mexico Study Bogus Divorce Ring

EL PASO—(AP)—The possibility that "several hundred Americans" may be possessors of bogus Mexican divorces, manufactured by an alleged "counterfeit divorce factory," drew the attention Saturday of both U. S. and Mexican authorities.

The bogus decrees, it was said, bore the signatures of minor court judges of Villa Ahumada and Praxedis G. Guerrero, small towns in the state of Chihuahua.

Almazan Returns

Revolution Dropped By Mexican General

BALTIMORE—(AP)—General Juan Andreu Almazan, recent candidate for the Mexican presidency and now en route to Mexico City, "believes it is his duty to avoid any struggle between the Mexican people," his brother, Dr. Leonidas Almazan, said Saturday night.

Dr. Almazan said the general and his family, who have been in the United States several months, left by train for the Mexican capital Friday night.

Dr. Almazan said the object of his brother's trip was to "avoid any possibility of a revolution." Upon his arrival, General Almazan will deliver a "message" to the Mexican people. He "has communicated with his friends in Mexico with the order that nobody wait for him when he arrives . . . and to remain at their homes, in order to avoid wrong interpretations . . ."

U. S. Anti-Aircrafters Fire On Real Planes

KELLY FIELD, Tex. — (AP) — Large scale conversion of obsolete army training planes into radio-controlled flying targets for anti-aircraft gunners was disclosed Saturday at this busy finishing school for air corps pilots.

Forty-five old but serviceable biplanes already have been equipped with the control apparatus and tricycle landing gears at nearby Duncan Field, air corps depot. Twenty-one others awaited their turn in the engineering shops.

Most of the crafts already transformed have been sent to the Panama Canal Zone to perfect the canal's protection against bombers, officials told newsmen on a defense survey tour. Others were believed destined for Hawaii, Puerto Rico and new coast artillery anti-aircraft firing centers.

This use of old planes on such a scale represents a new departure for the army, although navy gunners have long blasted at a few crewless target planes in Hawaii and Great Britain developed a single plane, the Queen Bee, before the European war.

Wet Cold Wave Sweeps Texas; Traffic Halts

Icy Highways Bring Death; Heaviest Rains In Years Bring Danger To East Texas

By The Associated Press

Ice glazed highways and snapped communication lines in the Texas and Oklahoma Panhandle Saturday night while in East Texas the heaviest rains in years halted traffic and harassed residents.

Amarillo reported the situation growing worse as a 14-mile wind whipped wires and trees loaded with an inch of ice. Some Panhandle communities were without power. The weather bureau forecast temperatures of 33 to 30 with continued wind during the night. Warmer was predicted Sunday.

The death of a child and the serious injury of a farmer were attributed to the weather in East Texas. Doyle Nichols, 4-year-old son of Mr. and Mrs. Ernest Nichols of Laneville, Tex., died after being struck by a truck during a heavy storm. Ed F. Posey, 69, of Rusk county, suffered broken legs when struck by a hit-and-run motorist.

Damage Is Reported

County agents reported serious damage to farm lands, bridges were washed out, dams broken and travel stopped in an area extending from East Texas into Louisiana.

A slow drizzle fell over most of Oklahoma after replacing light snows in the Panhandle. The mer-

More than 100 feet wide, the pass will be nearly 10,000 feet long, slicing the island from the Gulf of Mexico to Baffin Bay. The department dredge is being towed from Corpus Christi to Murdock Landing.

The pass will help supply fresh water to Laguna Madre, considered one of the greatest natural spawning beds along the nation's coast.

Bulgarian Blackout Is Ordered

ANKARA, Turkey —(AP)— German Ambassador Franz Von Papen conferred with the Turkish foreign minister for nearly an hour Saturday night in an interview in which the future of Turkey may have been decided.

The nature of the conversation Adolf Hitler's ace trouble shooter had with Foreign Minister Sukruu Saracoglu was not disclosed, but it was presumed he delivered terms for Axis acceptance of Turkey in the projected "new European order."

Saracoglu received Von Papen following audiences with the Greek and British ambassadors, who called separately.

The Turkish cabinet meanwhile discussed enforcement of regulation in areas put under marital law Friday.

By The Associated Press

Rumania, territorially enriched by the World War but stripped of much of her acquired lands at the bidding of the Axis powers last summer, threw in her lot Saturday with the Berlin-Rome-Tokyo military, political and economic alliance.

In Adolf Hitler's ornate chancellory in Berlin, the Rumania dictator, Gen. Ion Atonescu, signed the same terms which Rumania's none too friendly neighbor, Hungary, signed only a few days ago.

Bulgaria and Nazi-dominated Slovakia, remnant of Czechoslovakia, are expected to sign next.

Nazis Near Dardanelles

The alignment of Rumania with the Axis forces brought the Nazi influence to within 250 miles of the Dardanelles, and intensified diplomatic and governmental activity in Turkey, now under martial law.

The Turkish Foreign Minister Sukru Saracoglu received the Greek and British ambassadors in separate audiences, and there was belief Germany's ambassador, Franz Von Papen, would hand turkey a proposal to line up with the "new order."

The Greeks, happy over the fall of Koritza, Albania, an Italian base city, were reported to have split the retreating Italian army in two

CHURCH RAPS LIQUOR SALE TO CHILDREN

Prescriptions Sold 'To All Ages'

DALLAS—(AP)—Delegates to the closing state Baptist Student Union golden jubilee convention Saturday heard charges that prescription whiskey in dry counties was being sold to persons of all ages.

Dr. H. E. Fowler, Dallas pastor and chairman of a special committee, declared in a report: "Some doctors are selling thousands of prescriptions every month, going to children of all ages, thereby making drunkards of them and demoralizing them generally."

The convention adopted a resolution asking the legislature to enact laws making mandatory a physical examination to determine whether whiskey was needed before a doctor prescribed.

Fort Worth Next

The convention voted to begin next year's convention on Thanksgiving Day at Fort Worth and continued all officers for another year.

Valiantly, messengers staged a twice-postponed parade in buffeting rain as the grand finale of their three-day meeting—a meeting attended by 13,000 messengers and visitors.

And "If the Lord had seen fit to bring this blessing of rain some other day we should not have been unthankful," commented Dr. T. C. Gardner, state director.

90 Dry Counties

Dr. Fowler cited a statement by Dr. W. D. Bradfield, chairman of the Texas Liquor Control Board, that 500 drug stores in the 90 dry counties of the state had sold 4,015,684 prescriptions for whiskey in the seven months ending June 30. He said this totaled 403,116 gallons.

Winner of the three-year age group story telling contest was Betty Rae Rogers of Del Rio. Carol Ann Garner of Houston was the five-year age winner, and Jean Eileen Kincaid, four, of Abilene, winner in her class.

Executive Board

The convention approved the nominating committee's recommendation that the following be elected to execute board places vacated by term expirations:

Guy Newman, Temple; A. C. Miller, Belton; T. C. Jester, Houston; John L. Whorton, Longview; J. Earl Mead, Dallas; H. H. Hargrove, Waco; E. S. James, Vernon, and W. L. Howse, Fort Worth.

Lefors Banner

The First Church of Lefors, in the Panhandle, won a banner for having sent the largest percentage of its membership to the convention. It has a total membership of 557, with 224 in the training union, and sent 12 delegates.

Longview's first Baptist church won the award for having brought to the convention the outstanding poster.

Decry Drinking Mother

The convention went on record as favoring and supporting the national defense program and planned that training unions near camps supply spiritual needs of training union members drafted.

Other resolutions decried drinking mothers, careless automobile driving and the sending of Myron C. Taylor by President Roosevelt to Rome as his personal representative to the Vatican.

VULTEE STRIKE 'WORK OF REDS'

(Continued from Page 1)

Dies (D-Tex) of attempting to "disparage and discredit" the work of the federal bureau of investigation.

Dies, commenting on the "White Paper" published by his house committee on un-American activities, had expressed the opinion FBI methods of combatting sabotage and espionage were ineffective. The "White Paper" dealt with alleged Nazi activities in this country which Dies contended could best be thwarted by giving them publicity.

Defends FBI

Jackson said the FBI's work "is necessarily carried on quietly and without publicity" he went on to say that he had "inclined to the view that there was sufficient field to warrant the publicity activities of a legislative investigating committee even if some of those activities have the effect of endangering by premature exposure the work of this department." He added:

"It would not seem, however, that such legislative activities need be accompanied by attacks on the federal bureau of investigation whose purpose in investigation is quite different from that of a legislative committee, and, of coure, should not and must not compete with the legislative committee for publicity."

Would-Be Holdup Man Is Resting In Hospital After He Tangles With Unafraid War Veteran Store Keeper

PITTSBURGH— (AP) A would-be holdup man, with a bullet wound in an arm and his face cut and bruised, lamented Saturday that he ever considered robbing A. J. Baker, a suburban grocer.

From a hospital bed the man told detectives:

"I heard Baker was tough and I wanted to find out how tough he was. I sure found out.

"Imagine a guy taking your gun away from you and then beating you up. I'm so surprised, I ain't got over it yet."

When the man walked into his store last night, Baker, a World War veteran, quickly disarmed him and let loose with both fists. The chagrinned intruder fled and surrendered to police after being treated by physicians.

Only three nights previous Baker thwarted another holdup at his store. He grabbed a revolver from a shelf and blazed away at three gunmen, who ran off in a panic.

Said Baker Saturday:

"The only way they can rob me is to put me on a slab in the morgue."

ing the program were City Commissioners Fidencio Guerra and F. E. Osborn, Postmaster Harry Merts, Airport Manager Walter S. Fullwood, Vice President P. H. Graning of the chamber of commerce, Mrs. Miller and little Miss Barbara Miller.

Vickers presented to Miller as a keepsake the first airmail cover, executed especially for the dedication event, addressed to the Miller Municipal Airport.

Fullwood announced that two special flights of airmail would be made to commemorate the occasion. One left at 3:30 p.m. Saturday and the second will leave at the same hour Sunday.

Fullwood is flying both trips. The mail is being taken to Corpus Christi Sunday to meet the second flight there.

Eighty of McAllen's most prominent business men attended the luncheon, with Leonard acting as toastmaster and five speakers paying tribute to Miller.

Vickers explained that the luncheon was held for two purposes—in honor of Miller's 39th birthday and dedication of the new airport, for which he said Miller was largely responsible.

Mayor Etchison Speaks

Mayor Etchison spoke on "Sam Miller as a Citizen," declaring that he "has done more of his own free will than any other one man to help work out some of McAllen's major problems."

Merts spoke on "A Country Boy Goes to Town;" Chamber of Commerce President V. E. Cook talked on "Sam Miller as a Civic Leader;" and Chamber Vice President P. H. Graning spoke on "Sam Miller as a Friend."

Among the visitors were State Senator Rogers Kelley and County Judge-elect J. C. Looney, both of Edinburg.

FIREMEN WANT BROKEN TOYS

Christmas For Poor Children Planned

HARLINGEN—A call for more toys for Harlingen youngsters who will otherwise do without Christmas playthings, was issued here Saturday by Fire Chief Jake Childress.

Following their annual custom, the Harlingen firemen are repairing worn and broken toys to be given to poor children for Christmas, asking people with discarded or broken playthings to help these children have a happier Christmas.

The firemen have placed all toys they have thus far received in shape for Santa Claus' annual goodwill trip among local kiddies, and are anxious to have folks bring more toys in right away. People who have them to give are asked to bring them in now, or call for someone to pick them up, instead of waiting until just before Christmas.

Boy Scouts will help the firemen this year, playing Santa Claus by delivering on Christmas Day, the toys that the fireboys have made look like new.

Streams were still rising but no loss of life was reported from the areas around Logansport, La., Nacogdoches, Tex., and Palestine, Tex., which were hardest hit by the torrential downpours.

The southward movement of a mild cold wave meeting warm air from the Gulf of Mexico brought on general precipitation over much of Texas, Oklahoma, Louisiana and Arkansas.

Logansport Isolated

Logansport was isolated from highway communication after 13½ inches of rain in 36 hours. Rain still fell there and the Sabine River was rising.

No major damage resulted from the floods which came from rainfall rather than river overflow both at Logansport and Palestine. Water swept into stores at both places during the day, but storm sewers were handling it satisfactorily Saturday night.

Only a sprinkle was falling at Palestine which reported 12 inches, twice that of any previously recorded in 24 hours.

Highway traffic from there was restored but washouts forced the Missouri Pacific to re-route its trains to Houston and Jacksonville. The dam of a 5-acre lake on the place of Martin Davey, Palestine oil man, went out, sending water across State Highway 43 and damaging approaches to a bridge a quarter mile away. Trucks and buses were rerouted around the bridge but passengers cars passed over temporary fills.

Creeks Are Rising

Creeks were rising around Nacogdoches which got 10 inches in 12 hours. Half a dozen residences were under water but the principal damage was to sawmills and warehouses along a cross-town creek. Late fall crops were destroyed and livestock drowned. Broken gas and water mains inconvenienced residents.

An inch of snow fell at Boise City, Okla., while a freezing rain fell at Amarillo, in the Texas Panhandle.

Small streams in north, central and east Texas were out of their banks from rains ranging up to 5 inches.

Both the Little and Leon Rivers were bank full near Temple which got 1.88 inches.

Livestock Moved

The Dallas weather bureau warned farmers to remove livestock from low places along the Trinity River.

The temperature was 39 at Miami, Okla., where mist still fell. Farmers in that area reported much benefit to wheat and barley from a 3.75 inch rain in three days.

At Gainesville, in North Texas the temperature had dropped 13 degrees to 51 since morning as rain continued falling.

The Brazos River was rising slowly at Waco where it stood at 26 feet, 12 feet from flood stage. Rainfall in 36 hours had totaled 4.51 inches there.

Traffic was stopped on interurban lines out of Corsicana by high waters over Briar Creek. The Cotton Belt Line between Waco and Corsicana was under 18 inches of water with the flood rising slowly. Corsicana received 3.85 inches of rain.

Henderson's 9.54 was the worst in more than 25 years. Tyler had 5.35.

Many dams were washed out in Rusk and Smith counties. Cooper's Lake, largest in Rusk, lost 40 of 70 acres of water.

An engine of the Missouri Pacific branch to Overton was derailed north of Henderson. It was hoisted back undamaged on the tracks. Gravel roads and freshly-terraced farm lands were washed badly.

The icy weather in the Panhandle was severe on livestock but stockmen said few losses were expected because the grass was not covered and animals could graze.

Driving Dangerous

Although Panhandle highways were not badly coated with ice, driving was hazardous because of the fog and drizzle.

In Amarillo, electric conductors in exposed places were flapping as much as 10 feet out of line. Vega, Channing, Dumas and Sunray were without telephone service.

HELENA—(AP)—Clinton C. Peterson bludgeoned his wife and two children with an axe, fired several shots into their bodies, and then, killed himself while suffering "a fit of temporary insanity," County Attorney Harold K. Anderson announced.

The bodies of Peterson, 46-year-old assistant secretary-treasurer of the Montana Livestock Production Credit Association; his wife, Helen, 44, and their children, Betty Ann, 17, and Howard, 13, were found in different rooms of the new Peterson home Friday night.

HOUNDS HUNT TWO NEGROES

Louisiana Parish Is Aroused By Crime

HAMMOND, La. — (AP) — Several hundred state, parish and city officials and possemen, aided by bloodhounds, scoured the woods of southern Tangipahoa parish Saturday night searching for two Negro suspects in the sensational early morning robbery and slaying of Steven Bench, wealthy Hungarian farmer.

Most of the more than $5,000 in currency and securities reported missing, was recovered during the day, the last of it when Policeman Dick Cutrer fired upon but failed to stop one Negro, who fled into the woods, after tossing a wad of bills totaling $2,600 over a fence.

One of the men suspected, officers said, of being the killer of Miss Julia Bergman, 60 year old dairywoman, who was bludgeoned to death in a similar crime a week ago.

Bulgaria ordered its first nationwide blackout and restricted internal telephone communication, but the public was assured in numerous communiques that no army was likely to march through the country to battle.

An American, J. K. Gordon, long a resident of Athens, declared Britain was giving Greece a great deal more help than London admitted officially. Gordon said he was impressed by the number of troops, planes, ships and war materials placed at the disposal of the Greeks.

The British ambassador to the United States, Lord Lothian, said Greek successes had made the British "thoroughly enthusiastic" but also stated that his nation's financial problem was "becoming urgent."

Three London Raids

London had three daylight raids and bombs fell in one suburb and on a Thames estuary town. British fighters were declared to have shot down seven Italian and one German planes in a battle over the Dover Strait, and three German planes elsewhere.

German sources said Italian planes shot down four British planes and lost two.

The first night raid on London came at dinner time.

There was no official disclosure about the extent of the damage in Friday night's 11-hour bombing of the Midlands, but great piles of wreckage were left in two towns, which the Germans indicated were Coventry and Birmingham, and there were indictations of heavy casualties.

New RAF Attacks

The British reported new attacks on Germany and German-held territory.

With Rumania and Hungary now a part of the Axis and Slovakia and Bulgaria reported ready to sign, here is the European picture in brief outline:

Denmark, Norway, Holland, Belgium, Luxembourg, part of Poland, and the richest part of France occupied by Germany. (Austria and Czechoslovakia vanished earlier).

Greece fighting Italy: Albania occupied by Italy; Spain at peace but sympathetic towards Berlin; Switzerland doggedly neutral; Turkey and Yugoslavia waiting; Finland trying to recover from the Russia invasion of a year ago; Sweden neutral and alert; Estonia, Lithuania, and Latvia absorbed last summer by Russia, which earlier shared Poland with Germany; Portugal, traditionally pro-British, still neutral.

Mexico Trouble

Almazan Visit Said Revolt Attempt

MEXICO CITY—(AP)—Responsible government sources and political quarters Saturday night characterized General Juan Andreu Almazan's journey to Mexico as a "carefully conceived attempt to provoke an uprising of the Mexican people" coincident with the inauguration of President-elect General Manuel Avila Camacho December 1.

They said any such attempt would be marked by failure.

One government official declared that if "Almazan were sincere he would remain in the United States until after the inaugural ceremonies instead of returning at this time to deliver a 'message' to the Mexican people. His arrival only means trouble."

EVENTS TOLD FOR WESLACO BIRTH PARTY

Dec. 12 Program's Details Given

WESLACO—Plans for the most exciting entertainment ever held in connection with a Weslaco Birthday Party have been completed by T. G. Cressner, general chairman, who Saturday promised "something for every minute" of the day on Thursday, December 12."

"Between the platform shows, the contests, the concerts, and the picture show and educational program, everybody will have a day packed with fun," Cressner said. "You'll go home tired but happy. Everything is free."

The three main blocks of the Weslaco business section will have a platform each, centered in the street, on which shows will be staged all during the day. There will be a 20 minute show on one platform, then a 20 minute rest, then a 20 minute show on the next platform, followed by a 20 minute rest, and so on all during the day.

3 Platforms

Pat Cannon will have charge of platform one, Abe Wren of platform two, and Rogers Smith of platform three, according to Cressner. The following schedules have been worked out over a period of several weeks.

From 11 to 12:20 a.m. the American Legion will give at one of the platforms a full demonstration of saluting of the American flag including how to place a flag on various days. This demonstration will be concluded by the entire audience taking part in saluting the flag.

Service Clubs

From 11:40 to 12 noon the Kiwanis Club will stage a show at one of the platforms; from 1:00 to 1:20 the Lions will put on a performance; from 1:40 to 2 the 20-30 Club will have a platform show; from 3 to 3:20 the B. and P. W. Club will have a show; and from 3:40 to 4 p.m. the Rotary Club will stage a platform show.

During the 20 minutes from 2:20 to 2:40, the Southern Star Home Demonstration Club will stage a somewhat different event in the form of a ladies minstrel. "They can act as well as they can cook," Cressner said.

PAA Shows

In the empty building south of Cressner's Drug Store, there will be showings from 1 to 2 p.m. and from 3 to 4 p.m. of Pan-American Airways educational pictures of South America, and from 4 to 6 p.m. in the same building there will be an educational program put on by the Weslaco Agricultural Association. Both of these shows are free.

In the "off time," three bands will give concerts, including two out-o-town bands, and sandwiched in between the platform entertainments there will be on the vacant lots in these three blocks of Main street a number of contests including hog calling, milk drinking contest, fat man's race, horseshoe pitching, and water fight between the firemen and citizens.

BIRMINGHAM SET AFLAME

Nazis Say Workers' Homes Are Fired

By The Associated Press

BERLIN—Flaming "lakes of fire" were started in the very heart of Britain's major industrial city of Birmingham, the official German DNB news agency reported Saturday, in an overnight 300-plane Nazi assault—the second against that vital center this week.

It declared that important factories were hit and entire blocks of nearby workers' dwellings set aflame. This DNB report apparently was the first semi-official admission that workers' quarters had been fired wholesale by German bombs.

Major Destruction

The major destruction, it added, was centered around Birmingham's larger factories, with munitions plants especially hard hit.

In an air fight over the channel Saturday, DNB said Italian planes taking part in the siege of England shot down four British pursuit planes and "probably two more." Two Italian machines were lost.

7 Italian Ships

(The British said seven Italian planes were shot down in the channel battle against no British losses.)

The high command also reported its air force Friday night renewed forays against Coventry, the ports of Southampton and Bristol.

DNB also said London was subjected to its "nightly shaking down."

7 Civilians Die

British raids on western Germany and Nazi-occupied France killed seven civilians and injured 20, the daily communique said.

In sea warfare, the high command reported two British freighters were damaged during air attacks on convoys.

EXPERT URGES 5 NEW CROPS

Money-Making Plants Growing Wild

TULSA, Okla. —(AP)— Oklahoma farmers were told Saturday that when cotton, wheat and corn won't bring the cost of production, there's money to be made in mustard, sage, sunflowers, licorice and coriander.

These five crops, said Dr. Paul Kolachov, research director for Joseph E. Seagram and Sons, Inc., of Louisville, Ky., are so well adapted to Oklahoma soil they sometimes grow wild in abandoned areas.

Yet, while they are capable of yielding a far greater cash income than cotton, wheat and corn, they have been so neglected in this country that big supplies must be imported each year.

Speaking before the Oklahoma Farm Chemurgic Council, Kolachov said, "we should encourage farmers to act as individuals and raise new crops that will bring good profits."

Sect Files Suit

Jehovah's Witnesses Seek Court Order

DALLAS — (AP) — A group of Jehovah's Witnesses filed suit in federal court here seeking to enjoin officials at Waxahachie from interfering with their visits to that city.

TOURISTS GO SWIMMING IN VALLEY GULF

Many Events Slated During Week

McALLEN — Winter visitors in McAllen went nautical over the week-end, swimming in the Gulf of Mexico, catching fish and eating it.

The McAllen Chamber of Commerce tourist department conducted 23 tourists on a trip to Port Isabel and Padre Island Saturday. And on Friday a group of 29 winter visitors and tourists enjoyed a fish fry, with Mr. and Mrs. William G. Olson furnishing approximately 35 pounds of fish which Olson caught in the gulf the past week on a two-day fishing trip off Boca Chica.

Money Presented

The visitors brought their sandwiches and then paid 25 cents for their fish, potatoes, pickles and coffee. The money was presented to the Tourst club to buy something needed for the new club room when it is opened.

The two main features of the tourist program for the coming week will be the open band rehearsal of the McAllen high school band Monday at 7:30 p. m. in the junior high autorium South 12th street. During the intermission a former band director of California will play several numbers on a specially made solo guitar; and the Thanksgiving dinner for all winter visitors and tourists at the Casa de Palmas Hotel on Thursday.

The tour to Reynosa, Mexico, has been changed this week and will be run Monday at 4 p. m., returning in time for the band rehearsal at the school auditorium.

Tuesday Session

Tuesday at 10 a. m. the Spanish club will meet in Legion hall. At 11 a. m. the Sewing club will meet and the first of a series of programs will be given. At 2 p. m. the Bridge club and other cards game clubs will meet. Special lessons in Liverpool Rummy will be given by Mrs. E. E. Lessley.

Wednesday at 1:30 p. m. there will be a special tour to Engelman Gardens and the longest vegetable packing shed in the South, and to the cactus gardens. Thursday at 12:30 p. m. the annual Thanksgiving dinner will be held in the Casa de Palmas Hotel with dancing and games in the afternoon. All who expect to attend are asked to register by Wednesday noon. Friday at 10 a. m. the Spanish club will meet in Legion hall and at 2 p. m. games of all kinds will be played. There will be another fishing and swimming party to the Gulf Saturday.

Cotton Is Better

Staple, Quality Is Up Over '39 Season

WASHINGTON—(AP)—The Agricultural Department reported that the average staple length of 1940 cotton ginned through November 13 was substantially longer and the grade slightly higher than cotton ginned to the same date last season.

SLAYER GETS PRISON TERM IN HIDALGO

Mauro Olquin Found After 10 Years

EDINBURG — A 10-year flight from the law was concluded in two brief hours here Saturday when Judge Rogers Blalock sentenced Mauro Olguin, 56, to five years in the penitentiary on a murder conviction.

Olguin since April 29, 1930 had been under indictment for the gunshot slaying of Baltazar Lucio at a point four miles northeast of La Villa in northeastern Hidalgo county. Lucio left a wife and child.

An argument over use of mules in farming a tract on which both men were working culminated in the shooting, old records here showed.

Ever since the indictment was returned, Hidalgo county officers have attempted to locate Olguin. He was arrested a few days ago at Victoria as a suspect in another shooting case but was subsequently cleared of any charges and another man was indicted.

Returned Thursday

Sheriff Bob Daniel was informed he was held in Victoria, and returned Olguin to the county jail here Thursday night.

Assistant District Attorney Jack Ross and Joe Chapa took statements from him Friday.

Judge Blalock, who replaced Judge Bryce Ferguson after the latter disqualified on the technicality that he was district attorney during the time the indictment was pending against Olguin, called the case to trial at 10 a.m. Saturday.

Pleads Guilty

At noon, after Olguin pleaded guilty before a jury and the case had been tried on an agreed statement of facts, Judge Blalock pronounced the sentence. George Wideman, court-appointed attorney, served as counsel for Olguin.

The man has no family and was a farm worker during his long game of hide-and-seek, Ross reported.

Hid Gun

Olguin offered to take officers to the scene on the Azadon ranch near La Villa where he hid the gun with which the shooting was committed, Ross reported. Because they felt they would have a difficult time finding it after all these years, they decided against such a quest.

The Lucio slaying occurred during the time the late A. Y. Baker was sheriff in Hidalgo. One of the officers who then worked on the case was John Bales of McAllen, now constable-elect there. The mystery is one of the oldest on county records to be cleared up, officers declared.

Winter Schedule Is Introduced Now

HARLINGEN—Services will be held at 10:55 a. m. and 7:45 p. m. at the First Baptist church this Sunday, the hours of service to continue during the winter months, Rev. E. Douglas Carver said Saturday. Wednesday; and that the church will join in the city-wide Thanksgiving services at the Presbyterian church at 10 a. m. Thursday.

For Sunday morning services the organist, Foster Tebbe, will play Largo by Torjussen as prelude, and Prayer by Lemaigre as an offertory. Anthem by the choir will be Thanksgiving by Hoppe. The postlude will be by Faulkes. Reverend Carver has chosen the subject "From Victory Unto Victory" for his morning sermon.

The evening service, Reverend Carver will use "The Conquering King" as sermon subject. A medley of old hymn tunes will be the prelude, with Allegretto by Chopin the offertory. Anthem by the choir will be Love That Will Not Let Me Go.

General Routine At Reception Center For Recruits Explaned By Lieutenant

Texas draftees reporting at Fort Sam Houston recently

* * * * * * *

On November 19, 1940, at 7:00 a.m. the 8th Corps Area received its first group of 47 draftees from the Houston Area. Successive inductive groups followed throughout the day and last group of 17 arriving at 9:45 p.m. at the Checking Station, Fort Sam Houston Reception Center. Total for the day was 171 selectees. The following story by 1st Lieut. Doyle R. Yardley explains the general routine at the reception center.

By LIEUT. DOYLE R. YARDLEY

The Reception Center is composed of a Headquarters Company and two receiving battalions, an organization set up to process 250-450 men per day. The steps of processing are as follows: A non-commissioned officer with trucks meet each induction group at the railroad station, and promptly transport them to the checking station, reception center, where the draftee presents his travel order, extract of selective service quesionnaire, and service record. The roll is called and absent men are reported.

At this time the men are marched to the mess hall for a meal.

Then the men complete the following process.

1. To the receiving company, the men go for bed, and equipment assignment.

2. Next, they are directed to the general classification test room for their intelligence quotient classification.

3. In the next step of processing, the draftees are directed to the personnel receiving room, where a large envelope is made for each man, into which go blank forms for drawing clothing, equipment, and service records and questionnaire. The selectee carries this envelope in person for the next step.

4. With records in hand, the selectees go to the classification section, where each individual is interviewed and classified according to his talents. Men will be placed with the organization where their talent is most needed.

5. The clothing and equipment station is their next step. Here the men are measured and fitted.

6. Then the men are directed to the medical section where vaccinations and immunization against small pox and typhoid fever is checked.

7. From the medical section they proceed to the records and assignment section, where the big envelopes with all the records are turned over to the record clerks. In this section, men are privileged to make application for government insurance.

8. Finally, the men are returned to their receiving company to get rest and to get adjusted to the army routine. All the above processing takes place the first day. They remain with the reception center four more days, then are attached to the Recruit training detachment for 30 days. After 30 days, the selectees go for permanent assignment with army organizations.

It must be kept in mind that this recruit reception center is a new phase of the army, to save time and properly classify men, and to avoid any assigning to the wrong organization. From now on, all three-year enlistments will also go through the same processing at the reception centers.

2 Nights Of Laughs Set For Mission

MISSION—Family skeletons will be rattled and prominent persons caricatured in the two appearances of the Mission Lions Minstrel, set for Monday and Tuesday nights at the Morgan Auditorium of Mission High School. Directed by Mrs. Leon H. Brown, the show has been written for the occasion and is interwoven with pokes on local persons, those on the inside report. Hidden talents of new members of the service club have been uncovered and those of old members refurnished for the new show, which is the fifth produced by the service club for the benefit of the Lions Park playground. Every member of the cast is a member of the service club.

Orville I. Cox, as interlocutor, will be supported by End Men F. W. Dooley, E. E. Marburger, Tom Overstreet, D. A. Perkins, Dan Friesen, and Dr. Harry Keifer.

Tickets for the show are being sold by the Lions for 25 cents for students and 40 cents for adults. Time set for the show each of the two nights is 8 o'clock.

SUBSIDY FOR FOOD STAMPS URGED BY US

Agriculture Chiefs Want 400 Million

WASHINGTON —(AP)— The agriculture Department Saturday urged a $400,000,000-a-year appropriation to permit extension to all relief families of its stamp program for distributing surplus foods.

Inaugurated experimentally in a few cities a year and a half ago, the program now reaches 202 cities and counties and a total of 2,5[illegible]-000 relief clients. Officials said about $100,000,000 would be spent on it this year.

The recommendation for an extension of the program was made in an analysis of its operations to date which said that "farmers, low-income consumers and food dealers would all benefit substantially" from an expansion.

Under the plan, the department gives to relief families blue stamps which may be used for purchase of specially designated surplus food products [illegible] regular grocery stores. The gov[illegible]ment redeems the stamps from th[illegible]cers.

The report said the plan could be extended to all relief people and all employed low-income families (that is, those receiving less than $1,000 a year) in both rural and urban areas for about $1,000,-000,000 a year. A $400,000,000 appropriation, the department said, would permit its extension to 15,000,000 people.

A $400,000,000-a-year annual subsidy for a national stamp plan would increase the income of farmers by at least the amount of the subsidy, and possibly somewhat more," the department said.

Who's Your Movie Heroine, Deb Or Cinderella Girl? Both Represented

THESE ARE DEBUTANTES . . .

Fay Helm — Leila Ernst — Gene Tierney

By ROBBIN COONS
AP Feature Service Writer

HOLLYWOOD—Debutantes and Cinderellas are lining up to settle an old movie question: For a movie career, which is better?

Hollywood has been built on a rags-to-riches formula, with the girls and boys who had to fight like the dickens as the heroes. From Charlie Chaplin to Jimmy Cagney, from Mary Pickford to Joan Blondell and Ann Sheridan and Ginger Rogers and Alice Faye it's been a story of uphill struggle.

There have been debs who tried the screen before. Mostly they just called it quits for no reason other than the gaff.

But now some authentic specimens are getting places. Gene Tierney, in "The Return of Frank James," is a Connecticut girl who went through the prescribed motions for social butterflying but stuck to her resolve to be an actress. Broadway success in "The Male Animal" led her to pictures.

Fay Helm is of a prominent California family. She came to Hollywood with only enough money to live moderately and has made her way as a character actress.

Leila Ernst preferred acting to debutante parties. She's been a hit in musical comedy and took time off to make "Life With Henry."

But the Cinderellas are still with us. Among them, with a storybook background, is Betty Brewer, 13, a hit in "Rangers of Fortune." With her family unemployed, Betty and her brother and sister undertook street-singing to bolster income. They were singing outside the Beachcombers, a local restaurant, when a talent scout passed.

Lynne Roberts, not quite 18, has been on the stage since she was 9, along with her brother. Her father has been bed-ridden more than a year. Lynne, as Mary Hart, was playing romantic leads at a minor studio at 15. Need for more money sent her to 20th Century-Fox, where she's created interest in "Street of Memories" and "The Bride Wore Crutches."

Sixteen-year-old Joan Leslie broke into vaudeville when she was two. The prima donna of the show, aged 5, wouldn't go on to sing. Later she and her sisters toured vaudeville and night clubs in the east and Canada. Joan was born in Detroit. Her father is a public accountant. Before she was signed to a contract by Warner Brothers she was known as the "busiest newcomer" to Hollywood.

A few years from now the battle should be settled—but it may be a draw, with the answer dependent on talent rather than financial background.

SAY US SHIPS SENT SIGNALS

Destroyers Ask For Identification

MEXICO CITY —(AP)— The foreign office said Saturday that "minute examination of all documents submitted" led to the conclusion that U. S. neutrality patrol destroyers on duty off Tampico flashed signals asking identification of four German ships which sought to leave that harbor the night of November 15.

In the first official statement on the matter from the Ministry of Foreign Affairs, it was said reports submitted by the German vessel's captains and by the captain of the Mexican gunboat Queretaro, as well as a formal state department message delivered by U. S. Ambassador Josephus Daniels, had been studied.

Three conclusions regarding the incident were listed by the foreign ministry:

2. American destroyers, hours after the German ships had cleared port, signalled them with reflectors, seeking identification.

3. The German vessels at once undertook to return to port, their captains believing they had encountered enemy warcraft.

Three of the German ships succeeded in reaching their original anchorages. The captain of the fourth, the Phrygia, ordered her scuttled by the crew, which abandoned the vessel and reached shore safely. The Phrygia burned and sank.

How Dallas Does It: Valley Man Studies Highway Traffic Safety As Valley's Campaign Approaches

McALLEN—H. P. Griffin, Hidalgo county engineer, is in Dallas gathering information on how Dallas has made so much progress toward reducing traffic accidents and fatalities so that the same methods might be adopted in the Valley.

Associated Press dispatches from Dallas said that Griffin was gathering first hand information on how Dallas has made so much progress toward reducing traffic accidents and fatalities. He told authorities there that officials in the Valley were planning a similar campaign.

Dallas at one time went over 100 days without a traffic fatality and maintenance of the record became almost an obsession with the police force there, which roused a brain specialist one night to save a Negro from death. The death would have marred the record.

Dallas has a population only slightly greater than that of the Valley which has had 81 traffic deaths this year.

MANN RULINGS HANDED DOWN

Three Decisions Are Given Saturday

AUSTIN—(AP)—The governor's authority to turn over Texas land for U. S. military use and the lower Colorado river authority's power tto reimburse governmental subdivisions were subjects of rulings by Attorney General Gerald C. Mann Saturday.

Mann informed Governor W. Lee O'Daniel he was empowered to sell an easement to the United States to provide area necessary for a naval base channel at Encinal peninsula near Corpus Christi because land underlying navigable water was not public school land.

But the governor, Mann said in a second opinion, was without statutory authority to sell the federal government the mineral interest in 51,300 acres adjacent to Fort Bliss because the interest was dedicated to and owned by the state's public free school fund.

In the third ruling, Mann held the river authority could not legally reimburse governmental subdivisions for properties purchased from private utilities and consequently taken off the tax rolls.

By resolution, the authority sought to compensate counties, school districts and municipalities but the attorney general asserted it could not spend money for purposes other than those for which it was created.

Hardin-Simmons' Cowboys March Up The Hill And Down Again In Rain To Set Dallas' Short-Parade Record

DALLAS —(AP)— Like the king's horses and the king's men, the Hardin-Simmons University Cowboy Band marched up the hill and marched back again—to set a record for the shortest parade in Dallas history.

The band and its outriders, co-stars with the university football team from coast to coast, came here to feature the giant golden anniversary parade of the Texas Baptist Training Union. Shortly before the parade was scheduled to march, however, rain began pouring.

Movie cameramen were not to be denied. They set up their cameras. While parade waiters craned from far down the street, the Cowboys and their six girl outriders on their six white steeds marched a block, then turned around and marched back again to shelter.

2-MONTH OIL PRORATE SEEN

State's Production Under Estimate

AUSTIN —(AP)— Expecting issuance early next week of a proration order covering probably December and January, Texas oil men learned Saturday overall state production this week was still under the U. S. Bureau of Mines estimate of market demand.

Texas Railroad Commission engineers reported that, considering a 3 per cent underproduction due to assigned but unproduced allowable, the current statewide yield was approximately 12,454 barrels daily below the federal bureau's demand forecast of 1,291,000 in November.

The net daily allowable of 1,318,-089 barrels reflected a 6,368-barrel daily increase over the previous week but underproduction was figured at 39,543.

The commission set a hearing on December 3 on whether production rules for the Payton field in Pecos and Ward counties should be modified.

Nazis Claiming New Attacks On Britain

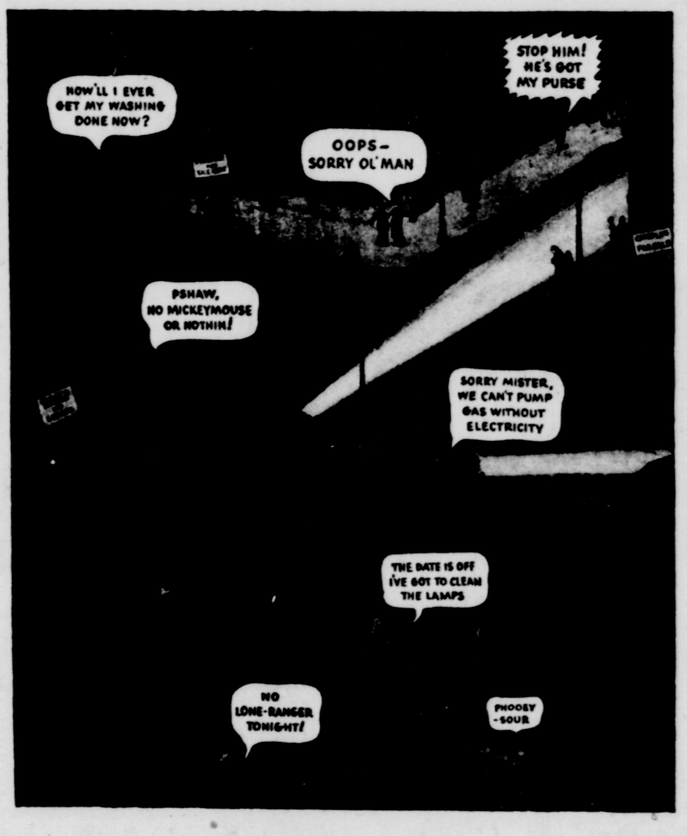
YOU LIKE 7-UP
IT LIKES YOU



Ever been in a peace time BLACKOUT?

CAN you imagine life in a town in this modern age without electric service?

You get up and expectantly snap on the radio to your favorite early morning program. No response.

Like toast for breakfast? Sorry, you won't get any this morning. The milk is sour—no refrigeration.

Too bad if you drive to work and need gas. Gasoline, you see, can't be pumped without electricity.

Shop machines are idle. Cash registers won't work. Newspapers can't be printed. There are no street lights.

At home, the family has had a bad day. The washing machine wouldn't operate. The iron wouldn't heat. Food spoiled in the refrigerator. The vacuum cleaner was useless. Sister is fit to be tied because she couldn't get a permanent for the big dance.

You try to read—a strain by candlelight. Movies aren't running. You go to bed hoping "they'll" get things fixed by morning.

* * * *

Electric service is something that is taken for granted—until it is taken away. Only then do people appreciate how lost they'd be without it.

Another thing about electric service that is rarely appreciated is its *cheapness*. Many of our customers pay only eight cents a day or less for electric service. Almost all of them use at least three appliances. Many customers who use five or more appliances pay no more than ten cents a day.

We of Central Power and Light Company are proud of these accomplishments, because we do know we are making available a service which is cheap, and which steps down steadily in cost while it steps up in efficiency.

Interpreting The War News

British Seapower Wins

Pocket Battleship Which Attacked Convoy Has Disappeared; Hope Revived

By KIRKE L. SIMPSON

Events in southeastern Europe where the fall of Koritza luridly dramatized the failure of Italy's attack on Greece serve to obscure a hardly less favorable circumstance for England on the sea front of the far flung battle of Britain.

Appearance of a powerful German surface raider, presumably a big-gunned, fast Nazi pocket battleship, in a vital mid-Atlantic hub of Britain's shuttling sea traffic sent shivers of apprehension rippling through the British empire two weeks and more ago. Berlin claimed "complete destruction" of a big convoy flotilla although heavily guarded by British war craft.

That happened November 5, although Berlin did not report until three days later—a significant interval. Many days later, that Nazi raider seems to have disappeared as suddenly as she came. Instead of "complete destruction" of a score of cargo craft as Berlin claimed, the British said that only four out of 38 ships were lost.

The hero ship of that action was the British Jervis Bay, which engaged the Nazi raider until most of the cargo carriers had scurried to safety.

No Other Raids?

The important fact, however, is not the damage that surprise Nazi raid did or failed to do but that there has been no similar raid since. With every opportunity for bases in Norway from which to strike, the Nazi ghost ship seemingly has been driven to cover by British sea power.

The fact that Britain's navy has successfully screened merchant convoys for more than two weeks from a repetition of the raid speaks volumes for admiralty efficiency.

MANN RULES TRANSFER OK

Governor Can Give U. S. Land

AUSTIN —(AP)— Two opinions dealing with the governor's power to turn over Texas land to the federal government for army use were rendered by Attorney General Gerald C. Mann.

In one, Mann held the governor was authorized to sell an easement to the United States to provide a spoil area necessary to the construction of a channel at Encinal peninsula where a naval base is being established.

Hs No Authority

In the other, the attorney general ruled the governor was without statutory authority necessary to sell the federal government the mineral interest in 51,300 acres adjacent to Fort Bliss.

Encinal peninsula and Oso bay are in Nueces county near Corpus Christi and the opinion said that lands lying under navigable waters have been held by the supreme court not to constitute public free school land. Therefore, Mann declared, no constitutional restriction applies.

Belong To Schools

The attorney general asserted, however, that the mineral interest in lands adjacent to Fort Bliss is an interest which was dedicated to and is now owned by the state's public free school fund.

"Since the minerals in question are public free school lands," the opinion stated, "by express language of the constitution they can only be sold under such regulations, as such times, and on such terms as may be prescribed by law. Terms of the sale must be prescribed by the legislature."

OKIES PERIL US DEFENSE

Wandering Jobless Are Problem

WASHINGTON —(AP)— The job-seeking wanderings of four million destitute farm and industrial workers has created a situation that imperils the national defense, Representative Tolan (D-Calif.) said Saturday.

Chairman of a special House committee investigting the problem of interstate migration, the Californian told newsmen that existence of this jobless segment of the American population was "undermining the morale of our people and anything that strikes at the morale strikes likewise at national defense."

He said nearly six months of hearings in scattered sections of the nation had brought a number of suggestions for action by Congress and the states. Final sessions of the group open November 29 when witnesses from the District of Columbia and Virginia, Maryland, Pennsylvania and West Virginia, will be heard.

Tolan said among the more important recommendations already submitted to the committee and which may be incorporated in a report to the house in January was one proposing the enactment of the states of uniform settlement and residence laws.

Hensley, chamber of commerce airport committee chairman; and Walter Fullwood, airport manager. In back row (same order) are Norman Buescher, city commissioner; Dr. F. E. Osborn, city commissioner; Sam Miller, McAllen banker for whom the airport was named, and who gave acreage to double the airport's size; Mayor Horace Etchison; Paul Vickers, chamber of commerce manager; Representative Homer Leonard; and Postmaster Harry Mertz. After the dedication, Fullwood flew the cachets to Corpus Christi, and will repeat the process Sunday. (Staff Photo.)

RAF CHURNS NAZI AREAS

London's Defenders Turn Back Raids

LONDON (Sunday)—(AP)—British airmen loosed Saturday night one of the heaviest in all their long series of attacks upon the German-held continental ports, while the aerial defense of England was so effective that for London and the provincial cities it was the quietest evening in weeks. Reports from the coast indicated the RAF's assault upon the Nazi bases across the Channel was over a wide area.

For hours in London the anti-aircraft guns fired only at long intervals. Raiders were reported driven from a northeast coast town before they had opportunity to drop a bomb. A southern town had its third raid of the war but it was declared casualties were only minor.

Hostile planes were over the Midlands and Wales as well, but up to midnight there had been no report of damage in those areas.

Saturday's most spectacular engagement was a furious battle high over the Dover Strait in which British Spitfires were declared authoritatively to have shot down seven Italian planes and one German flier. Three other German craft were brought down in flames elsewhere during the daylight hours.

British Destruction

The day also brought official reports of a new British mission of destruction far over Nazi territory—a counter-offensive launched in the moonlight of Friday night and ended in the hours before Saturday's dawn.

It was a story of familiar targets save one—an airdrome at Merignac, near Bordeaux, France, from which the Germans have been springing heavy bombers to bomb British shipping far out in the Atlantic.

That airdrome was declared to have been left aflame so spectacularly that the glow was visible a hundred miles away.

The British claimed hits on the industrial towns of Solingen, in the Ruhr; on oil tanks at Dortmund, the Krupp works for manufacturing synthetic oil at Wanne-Eickel; freight yards at Dortmund and the big Rhine port of Duisburg-Ruhrort; the Nazi-held ports of Lorient, Cherbourg, Le Havre, Ostend and Flushing.

SKUNKS OF WOOD SERVING AS HINT TO GIVE FREELY

HARTFORD, Conn. —(AP)— Three carved wooden skunks surround a community chest collection box in the Trinity College administration office. To puzzled queries of "why the skunks," the office force answers in chorus:

"Even a skunk leaves a scent."

Few have missed the hint.

DRAFTEES SAID U. S. BULWARK

Six Brownsville Men Honored At Lunch

BROWNSVILLE — The men now entering the army under the selective service act are forming a preparedness bulwark for the nation, Rev. R. O. Mackintosh said here Saturday at a luncheon honoring six Brownsville youths, all volunteers, who will be inducted into the service Monday.

"The present day consciousness of preparedness in this country is what the American Legion has been fighting for for many years," Rev. Mackintosh said.

"You young men are representative of that spirit, and the community is proud of you."

Reynaldo Garza, representing the Lulacs at the luncheon, said the volunteers, all of Latin-American descent, showed the American spirit better than any effort that could be made by the organization.

Other brief talks were made by representatives of the Rotary, Kiwanis, Lions, Elks and 20-30 clubs, the Chamber of Commerce, Knights of Columbus and city churches. The luncheon was held at the White Kitchen.

The volunteer draftees will leave at 8 p.m. Sunday for Fort Sam Houston at San Antonio. They are Jose Valdez, Barnabe Elizardo, Manuel Vasquez, Frank Blanchard, Alfredo Pompa and Pedro Cortez.

HYMIE CAPLIN FREE ON BOND

Fight Manager Head Of Swindle Ring?

NEW YORK—(AP)—Hymie Caplin, 40, stocky manager of five present and past world champion fighters, returned to his Broadway haunts Saturday night free on $25,000 bail on a charge of grand larceny in connection with a police investigation of widespread card swindles.

At the 20th Century Sporting Club he congratulated one of his fighters, Lew Jenkins, on knocking out Pete Lello and retaining his lightweight championship at Madison Square Garden Friday night.

In the line-up at police headquarters Saturday, Caplin was asked what he knew of a double-dealing, deck-stripping syndicate of swindlers who authorities said mulcted $4,000,000 from poker-playing businessmen.

"There is nothing I can say about it," replied Caplin, looking at a large glittering diamond on his finger.

Caplin was charged specifically with having participated in the $5,000 fleecing of a Brooklyn businessman in May, 1938, but Assistant District Attorney John J. Rooney described him at the arraignment as "one of three partners who were the head and brains" of the ring.

Red Cross Quotas Hit

Mission And Pharr Over-Subscribe Amount Asked, Set Records; Others Unreported

EDINBURG—Two Hidalgo county cities officially completed their 1940 Red Cross "roll call" drives Saturday, over-subscribing their quotas and setting a couple of records, County Chairman A. M. Tarbutton reported.

Mission, with a quota of $600, had received $814.52 up to noon Saturday. Tarbutton said this year's subscriptions were 80 per cent larger than those of 1939 and four times greater than the 1938 figure.

The roll call there was in charge of Mrs. Vernon Hill, chairman, who paid tribute to Rev. W. W. Stewart, Pharr, county roll call chairman; Supt. A. B. Martin of La Joya, Mrs. James Gillette and J. C. Thompson for their hard working cooperation.

Pharr also over-subscribed her quota, raising $351.62 with a goal of $300. Tarbutton revealed that Pharr's record is better than any other community in South Texas on a population basis. Rev. Stewart and Mrs. George McCullough had charge of the campaign.

Although the campaigns have ended at Mission and Pharr, local chairmen will still receive contributions and invite others who have not done so to join the Red Cross.

Tarbutton said reports from the other Hidalgo county communities are expected Monday and Tuesday.

War production units will be organized over the county Tuesday and Wednesday with the assistance of Urvin Rundle of St. Louis, Red Cross field representative, Tarbutton revealed.

Volunteer workers will make bandages, sweaters, socks and other garments with material furnished by the Red Cross. No expense will be involved locally.

Rev. Stewart has already received a quantity of material at Pharr which will be taken to the Edinburg city hall, where headquarters of the war production program will be established.

Mrs. T. W. Mahone of McAllen and Mrs. Vernon Hill of Mission will be in charge of the county-wide program, Tarbutton said. Persons interested in making garments or bandages with the materials furnished by the Red Cross are asked to contact Mesdames Mahone or Hill, Tarbutton, Rev. Stewart or Miss Adele Speed, Edinburg, executive secretary of the county chapter.

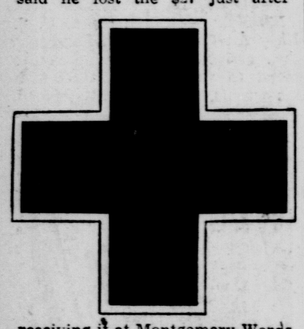
Harlingen Tops $1500 Quota For Red Cross

HARLINGEN — The Harlingen Red Cross roll call went over the top Saturday, with the $1,500 quota being exceeded slightly. But Roll Call Chairman E. M. Crockett announced the drive will be continued Monday and Tuesday, so that everyone will have opportunity to contribute to the cause of the needy and the disaster stricken.

Exact amount of money collected was not known Saturday night, because a number of district captains had not reported; but Crocket said it was known that the quota had been passed.

Contribution Lost

Meanwhile, $27 of Red Cross contributions was reported lost on the street here Saturday afternoon, and appeal made to the finder to return it. J. J. Willingham, one of the roll call workers, said he lost the $27 just after



receiving it at Montgomery Wards store, the money being contributions by Wards employes. The $27 was in a Wards envelope when lost, Willingham said. He asked that it be returned either to Wards or to Red Cross headquarters here.

District Chairman Roscoe Pryor and Crockett were highly pleased Saturday with roll call results, but said they expect Harlingen to do as other Valley towns have already done, and go considerably over the quota. Between 25 and 30 per cent of the workers have not completed their calls, and will continue working hard Monday and Tuesday, Crockett said.

Tables Are Success

The ladies had good success with their tables at the bank and post office Saturday, Crockett reported, and will continue their work Monday and Tuesday also.

Thirteen more firms were reported 100 per cent Saturday, bringing total of such contributors to 126 for the roll call. The 100 per cent firms reported Saturday were: Conrad Broden Clinic Laboratory, Montgomery Ward Co., Central Power and Light Co., Young Cheese Co., Valley Petroleum Co., Grant Lumber Co., Southern Pacific Freight Office, Temple Manufacturing Co., Younkin Motor Co., Bush Supply Co., Sears Roebuck Co., Harlingen Business College and Divine Shoppe.

MISSION TOPS MERCY RECORD

Red Cross Campaign Nets $827 Total

MISSION — Membership enrollment in the American Red Cross reached an all-time high in the Mission area as subscriptions Saturday had totaled $827.09, compared to $495, 1939 figure. Enrollments are still coming in, Mrs. Vernon Hill said.

High praise was given by Mrs. Hill to the corps of volunteer workers who made the campaign a success and to the spirit shown by the citizens in responding to the membership invitations. Particularly fine work in carrying on the campaign was done by J. C. Thompson, chairman of the business district: A. B. Martin and Mrs. James A. Gillett, who were in charge in rural areas, Mrs. Hill said.

Polzin asked citizens who wish to help suffering humanity and American men now called to the colors to leave their subscriptions at his office in Edelstein's Better Furniture store, with Mrs. Sallie Collier at the City State Bank or at the chamber of commerce.

He also asked every solicitor who had not completed canvassing his territory to work Monday and Tuesday and make a positive final report by Wednesday of this week.

EDINBURG—Anyone — men particularly—who would like to know what women talk about when they're alone should see the Valley Little Theatre's second presentation this season, "The Women," December 9 at the Edinburg Junior College auditorium.

The play has women down pat—what they say, how they gossip, how they play with no male companions.

Formerly set to be shown December 2, the date was changed this week, officials announced.

The play is taken from Clare Booth's outstanding stage triumph, which played to Broadway on a long time run. Road shows have enjoyed remarkable success with the play.

In the cast are many of the well known Little Theatre actresses including Arlen Kamlah, Connie Green, Shirley Fogelberg, Freddie Ganders, Shirley Burke, Jean Rightor, Cordelia McMahan, Margaret Owens, Mildred Downs, Imogene Brannan, Clara Cosburg, Annette Closner and Marie Miller.

Roger W. Babson Says

Christmas Trading During Coming Holiday Season To Be Best In Many Years; U. S. Determined On Gaiety

By ROGER W. BABSON

NEW YORK CITY — Christmas trade during the coming holiday season should be the best in many years. Business volume on my Babson chart is estimated at 118 for November. This is approximately six points higher than for November of last year. Moreover, all factors point to a stepping-up of business activity between now and Christmas. The rate of rise in retail spending will be sharper both prior to Christmas and in the closing weeks of 1940 than was the case a year ago.

The bitter election campaigns are being forgotten. The war is still 3,000 miles away. People are determined in spite of future uncertainties to have a good Christmas. Last year my optimism for a holiday rush—and it came—was based mainly on figures rather than on hopes. This year I base my conclusions upon figures, but in addition upon the feelings and the spirit of 120,000,000 people.

Lid Coming Off Business

Armament payrolls are being felt in the heavy industry states. Cantonment constouction is likewise providing new and larger payrolls. Activity in this field will certainly continue through and beyond the year-end. Retailers will benefit greatly from the wage spending embraced in these and other groups. The slack in unemployment is being taken up. Farm income continues to rise. Federal payrolls, including the armed services, are higher. Money in circulation is increasing. Millions or more dollars are available for retail purchases this Christmas than last year.

Thousands of individuals are getting back to work again. Their pay envelopes will buy more turkeys and other food, more clothes and other necessities. Higher stock prices and increased dividends will result in the purchase this holiday season of more goods in the luxury group. Steel, automobile assemblies, machine tool, electric output, and other industries are making new highs in production. The pressure in the business kettle is ready to lift the lid in a big way. Fear of money inflation, as distinguished from the credit inflation, will tend to push more funds into tangible goods this season than last.

Merchants Should Increase Advertising

Not for years has the buying psychology of the consuming public been so favorable. The unprecedented peace-time defense program gives the green light "go ahead" signal to retailers and purchasers alike. We are now in a sellers' market. The magnificent defense of Britain, plus the tonic effects of the domestic recovery, is transforming buyers. A greater feeling of well-being and security exists in the minds of the rank and file of our people who constitute the buying public.

Merchants face a golden opportunity this season to capitalize and to cash in on this change of buyers' heart. At times during the past months of the year large-scale advertising was not perhaps justified on the part of retail merchants. Now, however, they will be making a great mistake if they do not use more space to adequately describe for the consuming public the goods they have to sell. Moreover, such advertising should start immediately and increase in volume during the few remaining weeks of the year.

A Word To Shippers

Wall Street should be busier these next few weeks than it was a year ago; but Main Street certainly will be busier. Smart buyers will start shopping today. Restaurants, busses, street cars, taxis, sidewalks and stores will be jammed as the holiday trade approaches its climax. Retailers are not over-stocked this year. This is another reason for shopping early. Do not shop too late because by doing so you may rob yourself of a good selection of merchandise.

From a price standpoint this current Christmas season is a good time to buy. Do not confine this year's purchases to small gifts for the family and friends. Take advantage of existing prices to acquire new furniture, an ice box, a piano, or radio. Trade in your old car. Buy the clothes, furs, and jewelry you have been thinking about. The trend of prices, in spite of possible governmental checks, is upward. If the war continues and our country becomes further involved, many articles of common use may be restricted in manufacture due to priority classifications.

No Blackouts Here

War and fear of war stalks the city streets of every other country in the world today. We are fortunate that, here in America, we can once more freely enter into the spirit of the holiday season. For us the window displays of our shops will be as brilliantly lighted as in past years. We have much to be thankful for. In being thankful let us, in our buying, think of the needs of others. Let us remember our own families, but at the same time make purchases for less fortunate families or individuals. "We grow only as we give" is as true today as it was 2,000 years ago.

DRAFTEE SEEKS SECOND CHANCE FOR ARMY DUTY

SAN FRANCISCO— (AP) —Raymond L. Belisle, 31, who told draft officials he would "not join an army or navy while Roosevelt is dictator," has offered to join the army if the government would forget he ever made the statement.

The offer was made in federal court where he pleaded guilty to refusing to register for conscription. Federal Judge Harold Louderback said action was up to U. S. attorneys whether they were willing to drop the charge in return for Belisle's enlistment.

"If the prosecution is unwilling to do this," the judge said, "about the only man that will do you any good will be the dictator you spoke about."

Belisle, who formerly lived in Springfield, Mo., explained the "dictator note" which he handed to a draft registration clerk in Oakland, by saying, "I guess the campaign got me too worked up."

Election Spending Law Said Violated

WASHINGTON —(AP)— Senator Gillette (D-Ia) undertook Saturday a search for evidence of what he called a "wholesale violation of the spirit if not the letter" of federal laws restricting expenditures in this year's political campaigns.

As chairman of the Senate committee appointed to police the elections, Gillette set investigators to searching reports made to the clerk of the House of political contributions and expenditures he also wrote state officials for similar reports which they receive and dispatched requests for financial information to the chairmen of Democratic and Republican committees in every state.

PINEVILE, Ky. —(AP)— Sheriff Martin Green of Bell county denied there were election law violations here in the August primary.

"I know there was no ballot box stuffing in Bell county," the sheriff said, "and there was not a single precinct in which there were more votes than registered voters."

The sheriff's denial followed a Senate committee report which charged "clear violations" of election laws in this and other Kentucky counties.

Tuberculosis Clinics Planned For Cameron

By DR. A. J. POLLARD
President Cameron County Unit

When the Cameron County Anti-Tuberculosis Society was organized a few years ago, we took our obligations seriously. We dug into affairs and found that Cameron county was losing more than 200 citizens each year from tuberculosis. The only means we had to work with was the small amount of our percentage from the proceeds of the Christmas Seal sale, and the depression reduced that to where we only had dimes when we needed dollars.

The situation looked hopeless. The only place to which we could send indigent patients for hospital treatment was the State Sanitorium, six hundred miles away. They took only early cases and kept them only six months. Only American citizens were accepted, and there was a waiting list of more than three hundred. It was the Latin population that was giving us the most trouble.

The only time the public ever came in contact with us was at our annual Seal sale, when we were considered necessary nuisances, but nuisances just the same. The fight has been long and hard. We have all been ready to quit many times, but fortunately not all at the same time. A few of us have kept up the fight.

The medical profession, the health unit, the nurses' association, the schools, the Parent-Teachers and the service clubs have all loyally co-operated 'till now we are glad to report that the Cameron county rate for last year was less than one hundred. The same method we are using has reduced the national rate more than eighty per cent in the last forty years. But that is not enough. So long as there is one open case in the community, no one is safe. The disease is contagious, and therefore preventable, and early cases are easily curable.

Our problem now is to find the open cases and get them in the hospital or otherwise under control, and to survey the contacts and borderline cases while they are curable. This will be a big job, but very much worth while. The best method so far found is the diagnostic clinic. There are nearly a thousand in the United States and about forty in Texas, all doing good work.

It is our purpose to establish one or more clinics in Cameron county, the first one in Harlingen to take care of this end of the county. The doctors, nurses and some of the laymen will do the work without pay. We have to take care of these people anyway, and can do it better and easier as a group. By this method we hope to be able to clean up the mess sooner.

This clinic will be diagnostic only, and will serve as a clearinghouse for the doctors. No treatment will be given except pneumothorax for the indigent patient who needs it and who can not be sent to the sanitorium.

Most of the remaining tuberculars are among the very poor people who are helpless to care for themselves. They are the people we are trying to reach. These patients will be received on card from the doctor or some responsible party certifying that the patient is entitled to this service. A complete examination will be made including history, physical examination, skin test, and X-ray and laboratory tests when required. A record of all this will be made and a written report sent to the doctor treating the case. Frequently it will be necessary to survey a whole family.

The expense of this work will be considerable, but the people who do the work will absorb two-thirds of it. If twenty-five people carry that much, we feel that the twenty-five thousand other people in this section will be glad to assume the rest.

The city will furnish the room, heat and light, and the county laboratory will assist. All the cash outlay will be for fixtures, supplies and material and X-rays which will be made at cost. Nobody will profit one dime, and it will require a lot of hard work. Our gain will be in the lives and health of our neighbors. While we are helping other underprivileged people, let's not neglect our own.

Nobody passes a burning residence or a drowning child without offering every assistance. We feel the same way about our neighbors' children who are dying of curable and preventable disease. If you could follow the doctor and nurse and see the tragedies they see every week, you could not sleep well without making some effort to help.

We are permitted to keep sixty per cent of the proceeds of the Seal sale for local use. Our annual Seal sale will start in a few days. We hope our friends will open their hearts and pocket books as generously as possible this year for we will certainly need it.

HEAT CITRUS FRUIT GROVES

California Growers Take No Chances

LOS ANGELES — (AP) — Citrus growers in the Pomona-Ontario section resorted to light scattered firing of orchard heaters early Saturday, but the federal fruit frost service said no damage reports had been received.

Minimum temperatures in the 40's were recorded in Los Angeles and San Bernardino counties, instead of the 26 degree minimum forecast. Wind in many localities kept temperatures above the danger mark.

Utility Properties Taken Off Tax Roll

AUSTIN—(AP)—Attorney General Gerald C. Mann informed the Lower Colorado River Authority it could not legally reimburse governmental subdivisions for properties purchased from private utilities and consequently taken off the tax rolls.

He said further he would take "such proceedings as are necessary" to prevent the proposed payments being made.

CAUSE and EFFECT

There is a CAUSE for every EFFECT, the law of NATURE provides that if you follow its REGULATIONS, you will have HARMONY and HEALTH in your body.

If you are sick it is the result of a cause; the causes of disease are many. I do not treat or cure disease, but I can find the CAUSE of your abnormality, and in most cases CAN REMOVE such cause and restore NATURAL FUNCTION that will produce HEALTH.

CHIROPRACTIC brings order out of chaos, simplicity and unity, out of complexity and confusion, it searches for cause of disease, and for rational treatment of the CAUSE. TO BE NATURAL IS TO BE WELL.

Try it and be convinced; health is the greatest heritage of man.

Valley Football

This corner congratulates Coach C. M. (Dutch) Flory and his Harlingen Cardinals for winning the championship of the South Zone of District 16-AA and Coach Bob Martin and his Mission Eagles for grabbing the title in District 40-A and Coach Jumbo Smith and his Pharr-San Juan-Alamo Cubs for again walking off with the Rio Grnde Valley junior high school title.

All three of these titles were won last week.

So far as Valley grid championships are concerned, they are now all tucked away. In addition to those mentioned bove, Lyford has the Class B flag and Los Fresnos is the six-man champ.

Last Friday night we watched the Harlingen Cardinals hand the Brownsville Eagles a 27-0 whipping. When one considers the fact that all teams coached by Brooks Conover are fighting ones and that a Harlingen-Brownsville football game always means a clash between two keyed-up squads, we venture the opinion that the Cardinals turned a neat trick.

On the basis of play this season, the Cardinals were doped to win. They came through and played heads-up ball. We doubt seriously if any football team produced in the Valley ever showed a better all-around brand of defensive football than that displayed by the Red Birds against the Eagles. The figures show that Brownsville had a net gain of only 47 yards rushing.

In fact the Cardinals have shown all season they were hard to score against for they have allowed the opposition but 19 points in nine games played. And since they have scored 190 points in these nine games it is apparent they have an offense also.

We suspect their combined defense and offense is responsible for them being champions of the Valley today and also one of nine undefeated and untied teams in the state. And just to keep the records straight for those who go in for records, the Cardinals have not lost a game since they dropped one to McAllen last season.

The Mission Eagles have waded through Valley Class A competition without stopping to catch their breath. Five conference wins have been chalked up and the Eagles posted 182 points while allowing the opposition but 17. Against all opponents the Eagles have scored 222 tallies and have given up 75. Thus they are the Valley's leading scoring team. In Ward, Moore and Landry, the Eagles boast three fine backs, all listed among the Valley's leading scorers.

The Pharr-San Juan-Alamo Cubs showed plenty by chalking up their second straight junior high championship. Coach Smith brought his gang along slowly and when they defeated the San Benito Greyhound Pups, they showed a fine running attack and strong defense. Many of the players are almost certain to find berths on the senior high squad next season.

Title Games

The site of the district championship game between the Harlingen Cardinals and Corpus Christi Buccaneers will be determined at a meeting of the district committee at a meeting expected to be held in Falfurrias Monday morning.

Harlingen and Corpus Christi school officials will present their claims to the title game to the committee who will decide the issue.

The Harlingen school heads are anxious to have the game played on Cardinal Field and expect to put up quite an argument at the committee meeting.

The date will be announced following the selection of the site.

The Mission Eagles will meet Alice on the Mission gridiron Friday, December 6, to decide the Class A bi-district championship.

Plans for the game were completed at a meeting held in Alice last Friday night.

The Lyford Bulldogs will go against Falfurrias at Raymondville Wednesday night, November 27, to decide the championship of 36-B.

Turns Down Post

At a recent meeting of the board of directors of the Rio Grande Yacht Club, B. W. Pitts of Brownsville was elected fleet captain and also a member of the race committee.

Mr. Pitts informed the writer Saturday night that he would be unable to serve in either of the posts and requested that the club directors be informed through this column of his inability to serve. He also stated that he greatly appreciated the honor conferred upon him by the directors.

PITT 20; PENN STATE 7

PITTSBURGH—(AP)—Penn State's visions of a post-season Bowl bid vanished Saturday in the smoky dusk of the steel city where a Pitt eleven rated only so-so toppled the favored Lions from the ranks of the nation's undefeated football teams in a 20 to 7 upset.

A crowd of 31,000 saw the Panthers level State's vaunted line.

For Pitt it was but the third victory in a season of all-major opponents while for State it was a disappointing end of a 12-game streak of no defeats and only one tie.

Dick Dwelle Sparkplug In Victory

Bob Brumley Scores One Touchdown

By WILLIAM T. RIVES

HOUSTON—(AP)—The Rice Owls, famished after a 16-year drought, helped themselves to the horn of plenty Saturday, plowing over slippery turf to register a 15-6 victory over Texas Christian.

Ten thousand fans watched Rice pluck the prize it sought in vain through good years and bad. The Christians' hex has been the most persistent in Southwest Conference history, operating even when Rice won conference titles.

It took an obscure player, Dick Dwelle of Dallas, to put Rice in the breadline.

Almost lost this year with the third-string boys, Dwelle switched his hips on two great runs to set up the Owls' touchdowns.

He scored the first time he carried the ball. Bob Brumley, great fullback, Ted Weems, sophomore half, and center Ken Whitlow helped him along, but the glory went to Dwelle.

He gained 71 of Rice's 196 yards rushing. Kyle Gillespie 84 yards were more than half the Christian total of 153.

The Christians' aerial attack was virtually nullified by the low ceiling. They completed two passes of eight attempted for 40 yards.

Rice stuck to the ground, although Texas Christian got the jump with a first-quarter score.

Frank Kring, big fullback, intercepted one of Weems' passes and raced 56 yards to the Rice 29.

Gillespie then hit Connie Sparks, end, with a pass on the Rice 7 and plunged over from the 4 after two tries at the line. Phil Roach, another end, failed to kick the extra point.

Taking the ball on the Christian 40 after a punt Rice came back. Brumley struck for a first down on the 30 and then Dwelle burst around right end to score standing up. Brumley kicked the extra point.

The Owls tallied again in the third. Gillespie kicked to his own 42 and Price shattered the line for two first downs to the Christian 20. Here Dwelle, on the identical play on which he had scored Rice's first touchdown, broke to the one-yard line before he was stopped.

Brumley plowed over for the score and added the extra point.

Tennessee Vols Beat Kentucky

By ROMNEY WHEELER

KNOXVILLE, Tenn.—(AP)—A great Tennessee football team all but nailed down the lid on a post-season Bowl invitation Saturday, beating a courageous Kentucky outfit, 33-0, before a homecoming crowd of 25,000.

Only Vanderbilt remains between the Vols and a third straight unbeaten, untied season.

A blocked Kentucky punt in the second period, when Mike Balitsaris slashed through to bat Ermal Allen's try, set up Tennessee's first touchdown. Two line bucks and a 15-yard Kentucky penalty took the ball from the 38 to the 10. There little Johnny Bulter whipped an overhead to Balitsaris in the end zone. Fred Newman's placekick was good.

Buist Warren set up the second tally in the third period when he snatched Allen's kick on his own 40 and loped 40 yards up the sideline to Kentucky's 20. A line plunge and a pass gave Tennessee a first down on the Wildcat's nine. Three plays later the little halfback zipped the ball to Coleman for the touchdown. Foxx converted.

Fighting stubbornly, Kentucky held out until the fourth quarter and then caved. Taking the ball on Kentucky's 36, Butler, Bob Andridge and Newman worked to the one-foot mark on five bucks, and Andridge piled over guard to score. Butler's try for a pass was wide.

The Vols headed for the payoff line a scant half-dozen plays later after halfback Billy Mitchell was rushed and booted out on Kentucky's 44. A pass, Butler to halfback Nick Weber, set the ball on the Cats' 27. Two line bucks shook the Kentucky defense, then Butler finished it with a 26-yard touchdown looper to Balitsaris. Newman's placekick converted.

The stands had barely quit cheering when the Vols gave Kentucky the coup-de-grace. Allen returned Newman's kickoff to the 25, then faded for a pass. Instead of finding its mark, however, the ball was snared by Newman, who galloped 37 yards for the final touchdown.

SMU Mustangs Take Weird Game From Baylor Bears

By FELIX R. McKNIGHT

Waco—(AP)—One lunging sprint by Bobby Brown through a hog's heaven of mud and blinding rain, plus some canny charity in the fading minutes gave Southern Methodist a weird 7-4 triumph over Baylor Saturday.

Anchored in the muck of an indescribable field through three periods of nothing but magnificent punting by both teams, the Methodists won a ball game on the second play of the fourth period.

Three thousand soaked, chilled fans watched Preston Johnston's perfect kick skid out of bounds on the Baylor 4. Back in the end zone Jack Wilson, a grand football player who did a magic job of kicking, slammed one out to the Baylor 39.

Muddied, tired Bobby Brown gathered it in, splashed for the sidelines, fell in behind a couple of blockers and skidded 30 yards for the touchdown. Tailback Johnny Clement plunged the point after Baylor had been penalized to the one for offsides.

Deep in the final period this big man Wilson, a boy who had the incredible average of 38.5 yards on 26 kicks of a soaked ball swishing through constant rain, dropped a punt out on the Methodist 2.

But Ray Mallouf, the Methodist boy who did some kicking himself with 33.8 yards on 11 tries and also tossed in a 50 yard sideline run, calmly stepped back into the end zone and grounded the ball for an intentional safety.

Only 20 seconds remained when Southern Methodist gave away two more points. Halfback Cliff Hagerman came racing into the game with the Methodists in possession on their own 30.

The rain was pouring and the field was a lake when he took the snapback, started gradually falling back and finally retreated the entire 30 yards behind his own goal line for another Baylor safety.

That was the ball game—and a great one.

The kicking was amazing. Besides Wilson and Mallouf, Johnston kicked 10 times for a 41.2 yards average. To further give the picture a touch of magic, there was only one outright fumble and centers Ray Pope of SMU and Bob Nelson of Baylor, 60 minutes boys did the remarkable job of snapping back the wet ball with only one bad pass.

Sooners Defeat Owls Of Temple On Norman Grid

Mathews' Long Run Game's Feature

By AUSTIN BEALMEAR

NORMAN, Okla—(AP)—Little Orv Mathews, as fast as a jack rabbit and not much bigger, led Oklahoma's Sooners to a 9 to 6 victory over the Owls of Temple University in an intersectional grid battle played here Saturday in the teeth of a chill wind.

Mathews made 8,000 fans forget the cold in the third period when he fielded a punt on thet first hop at the Sooners' 23-yard line and was off like a shot, with every Temple player between him and his destination.

At least three of them got their hands on him and one clamped down on his helmet, but the speedy junior wingback ran right out from under his hat and continued 77 yards to the double stripe with his mates throwing some neat downfield blocks. Jack Haberlein kicked the point, his 11th in 12 attempts this season.

The Sooners picked up two points in the second quarter on a safety and went into the final period with a nine-point advantage, but the defense which had held the Owls in check crumbled at last in the final two minutes to let in the Temple marker.

Andy Tomasic, whose aerial work with the cold, wet ball worried the Sooners all afternoon, saved the Owls from a shutout. He tossed 14 yards to Angelo Sparagna, who wiggled an additional yard to the goal line with two Sooners hanging on. The same combination had worked for 15 yards to set up the scoring play. Tomasic's kick for point was blocked by Cliff Speegle.

The Sooner safety came in the second period when Tomasic, attemping to run from his own 14, was chased back over the goal line by the hard-charging Oklahoma forwards and tackled by Big Roger Eason.

Both teams threatened several times, once in the second period, the tricky Temple offense, with Tomasic and Al Juralewicz sharing the ball carrying duties, carried to Oklahoma's 14. The Sooner line held and Sid Beshunsky tried a field goal with the ball set on the 22, but it was barely short.

Mission Lands Big Grid Tilt

MISSION—A lucky silver dollar and a restaurant owner combined forces to give the Rio Grande Valley the Class A bi-district football game between the Mission Eagles and the Alice Coyotes.

The contest will be played on the Mission high school field Friday night, December 6, with the opening kickoff scheduled for eight o'clock.

It was along about 1:30 a.m. last Saturday in a restaurant in Alice officials of the two schools got together to decide on the site of the game. After much pro and con arguing for Alice and Mission, it was decided to flip a coint for the location. Assistant Coach C. D. Jarvis of Mission, came up with a silver dollar that had been used many times before to settle such matters. Head Coach Bob Martin of Mission, was selected to call the flip. Martin declined and requested the restaurant owner to act for him. Supt. J. R. Roach of Alice did the flipping and the restaurant man called the game right on the Mission grid.

The Mission school officials returned to the Valley Saturday and immediately began preparations to stage the game which is expected to attract a record crowd of grid fans.

PROVIDENCE, R. I.—(AP)—Dartmouth's uplifted Indians, hardened by their "conceded" victory over once-mighty Cornell, displayed new fire and dash Saturday as they wound up their season by trouncing Brown, 20-6, before a drenched crowd of 15,000.

Golf Party Set In Harlingen

HARLINGEN—Plans for a big "get together" at the Harlingen municipal golf course club house were announced Saturday by Walden Haynes, course manager.

The golf party will be held at 8 o'clock Tuesday night and every golfer in the Valley is invited to attend, including women shotmakers. According to Manager Haynes, one does not have to be a golfer to be among those present. Anyone interested in the golf course and its operation is invited.

The greens committee, composed of J. L. Head, Bill McElwain and Hill Cocke, will aid in explaining plans for the coming year and suggestions for improving the play and operation will be welcomed.

Several golfing events are scheduled with a flag tournament to be held Thursday, November 28. There is a possibility that the Lions and Kiwanis Clubs will also hold a tourney the same day. Neither will interfere with the regular play. On December 8, the first Scotch tournament of the season will be held.

Manager Haynes also announced that free instructions for women golfers will be held each Wednesday from 9:30 to 11:30 a. m. These instructions will be given individually and in groups and all women interested are invited to attend all classes. The men are not barred from the sidelines.

Javelinas Upset By Buffaloes

CANYON—(AP)—In a stunning upset, the West Texas State Buffaloes overwhelmed the Texas A. & I. Javelinas, 26 to 6, on a heavy field here Saturday.

The Buffs will meet St. Mary's at San Antonio Friday night for the Alamo Conference title. St. Mary's recently dropped a 14-0 decision to A. & I.

West Texas State took charge with the opening kickoff. Little Ben Collins led a sustained drive, then tossed a 24-yard scoring pass to Eugene Brandon.

Ira Brock crashed for the second West Texas score after a Javelina kick sailed out on the Javelina 16.

The South Texans retaliated, with Mattingly leading. Hasenstab passed to Jensen, who ran six yards for their score.

Collins banged over from the one-yard line for West Texas' third touchdown, and fullback Larry Sanders raced 77 for the fourth.

Minnesota Ends Season Beating Badgers 22-13

Wisconsin Takes An Early Lead

By TOM SILER

MADISON, Wis.—(AP)—The Golden Gophers of Minnesota posted a strong claim to a share of the mythical national football championship Saturday, finishing the season undefeated and untied with a 22-13 victory over Wisconsin before 40,000 spectators.

The giant Norsemen, who clinched the Western Conference championship a week ago, brushed aside the Badgers as they had seven other teams after spotting the home aggregation 13 points.

Early in the game Wisconsin started from its own 26 with big George Paekvan hitting center for two. Then Johnny Tennant passed to Dave Schreiner, who shook off two tacklers on the Gopher 45 and ran for a touchdown. Bob Ray added the point.

Less than two minutes later Wisconsin's Tommy Farris picked one of Bruce Smith's passes out of the air at midfield and scored unmolested. Ray's placement try was wide.

The aroused Gophers then settled down. Sophomore Bill Daley ran 27 yards to the Wisconsin 45 in the second period.

Six players put the ball on the 12. Daley smashing over from this point. Joe Mernik's placekick was wide.

Daley paved the way for the tying tally, intercepting a pass attempt and returning 17 yards to the Badger 30. Minnesota scored in eight plays, Smith going off right tackle and cutting back for the touchdown from the right. Gordon Paschka's placekick was good.

Later Wisconsin had the ball on its own 30 when a bad pass from center was recovered on the 16 by Minnesota's Bill Baumgartner. When the Badgers stifled a ground attack, Mernik went in and booted a 25-yard field goal.

Early in the final period George Franck backed the Badgers to their six with a punt.

Paskvan smacked the line for two before Mark Hoskins tried a pass. Franck snatched the ball and raced down the sidelines 27 yards to the touchdown that clinched the victory. Paschka's kick was blocked.

Hardin-Simmons Cowboys Beat San Francisco Dons

ABILENE, Tex. — (AP) — Hardin-Simmons' Cowboys made passes count through chill weather on a field deep in mud Saturday to whip the tough San Francisco University Dons 28-18 before a homecoming crowd of 3,000.

The Cowboys, hanging up their 12th straight win, and eighth of this season, gained two touchdowns by air, and set up two more with passes.

Coach Frank Kimbrough's club jumped into an early lead. The Cowboys received the kickoff on their own 47 and on straight power, mixed with one 13-yard pass, L. B. Russell to D. A. Parker, advanced to the Dons' two. Fullback Moon Mullins crashed right guard to score and Murray Evans kicked the extra point.

Minutes later Evans of H-S dropped back to kick a field goal from the 20.

Russell's interception of a San Francisco heave in midfield led to the next Cowboy touchdown. Goodnight passed to Russell on the 19-yard line, and the Hardin-Simmons quarterback danced over the goal.

In the second quarter, Johnstone and Mosconi pushed to the nine and Mosconi hit the line for a touchdown. Pudoff's fumble spoiled the conversion attempt.

Goodnight's heave to Walsh in the end zone scored again for Hardin-Simmons.

Opening the third period, Russell tossed a long pass to Parker for 43 yards, and Parker ran to the eight. Mullins tore through standing for the touchdown, and Moore's kick was blocked.

San Francisco scored on the next play, Cliff Fisk throwing a strike to Mosconi, who took the ball on the Hardin-Simmons 43 and didn't stop. Fisk failed to convert. Then Cliff Fisk's pass to Ramos was ruled complete on the 28. Chadwick intercepted for Hardin-Simmons on his three, but fumbled and Mosconi recovered. Fisk dived over from the two after an offside penalty against the Cowboys. Harold Prescott blocked Mosconi's kick.

Lyons Honored By Baylor Folks

WACO, Tex.—(AP)—Old Teddy Lyons, the Chicago White Sox pitcher via Baylor University who "has never been razzed in victory or defeat," blushed through a long tribute the homefolk gave him at a banquet Saturday night.

The old-timers of Baylor University, the school where Ted Lyons wrote athletic history for four stirring years from 1920 through 1923, put Teddy at the head of the banquet table Saturday night and eulogized him as "the greatest athlete in Baylor history."

Eighteen years of brilliant pitching with the White Sox behind him, and still more to come, Lyons modestly and briefly thanked them.

Earlier, he stood in the driving rain between halves of the Baylor-Southern Methodist football game and received a gold plaque from President Pat M. Neff of Baylor.

Boston College Beats Auburn

BOSTON—(AP)—Unbeaten Boston College crumbled a powerful Auburn eleven through the first half Saturday and then took the Southern Plainsmen apart at the seams to roll up a 33-7 total in their ninth straight victory before 35,000 spectators.

The high-flying Eagles, whose supporters were lamenting the absence of Gene Goodreault, their great right end, from the lineup for the first time in his college career, found ample cause for rejoicing in the performances of Charlie O'Rourke and Frank Maznicki.

O'Rourke sparked two Boston touchdown drives with his bullet-like passing and his tricky running. He scored himself when he cut back sharply through tackle and tallied from 15-yards out in the third period at the close of a 70-yard march, 50 of them by O'Rourke.

Maznicki scored twice, first on the receiving end of a 41-yard pass from O'Rourke. His second came on the first play of the fourth period, a routine six-yard off-tackle dash after the Eagles had marched 41 yards.

Three Grid Powers Continue Winning Ways

Tom Harmon Ends Play In College

Sugar Bowl Teams Maybe Found

By HERB BAKER

NEW YORK —(AP)— Minnesota, Boston College and Tennessee rolled on unchecked Saturday but the football headlines belonged to an individual this time—Tommy Harmon of Michigan.

The great All-American halfback closed his intercollegiate career in a blaze of glory as the Wolverines smashed Ohio State, 40-0, before a crowd of 74,000. It was the worst defeat the Buckeyes have taken in 35 years of football combat.

It was strictly Harmon's day for the Wolverine ace scored three touchdowns, passed for two others, and kicked four placements for extra points to set up a new all-time Western Conference scoring record.

Harmon thus ran his three-year record for touchdowns to 33, two more than the record hung up by Red Grange, and boosted his total points for the same period to 237, another new record.

Minnesota, which handed Michigan its lone defeat, 7-6, wound up an unbeaten, untied season with a 22-13 victory over Wisconsin and with the conference championship firmly in its grasp. Wisconsin struck for two touchdowns in the first quarter but once the Minnesota attack, led by George Franck, began to function, the result was never in doubt.

Boston College, also boasting a perfect record and looking ahead to a probable invitation to the Sugar Bowl at New Orleans, crushed Auburn's Plainsmen, 33-7, in another smashing display of all-around class. Tennessee, which probably will be the Eagles' opponent at New Orleans, rolled up a 33-0 count on Kentucky to protect its undefeated, untied status.

Also standing firm were Lafayette which closed its campaign with a perfect slate by romping over Lehigh, 46-0; Hardin-Simmons, which trounced San Francisco, 28-18, and Mississippi State which routed Mississippi in convincing fashion, 19-0. State was tied by Auburn early in the season but otherwise was all victorious.

Stanford, Texas A. and M. and Texas Tech took the day off in preparation for later tests. Penn State finally saw its unbeaten record go by the boards as Pitt ground out a 20-7 triumph.

Nearly 80,000 sat in at Franklin Field, Philadelphia, and saw Penn pace dby Frank Reagan, hand Cornell its second successive setback, 22-20, and win the Ivy League title. Cornell ran up a quick 13-0 lead but could not stop Reagan when the Penn machine began to roll.

Showing surprising strength, Harvard crushed Yale, 28-0, before 47,000 in the 79th game between these ancient rivals. Dave Allerdice's passing carried Princeton to a 26-19 decision over Army. Joe Siegal's 55-yard run with an intercepted pass provided Columbia with its winning margin in a 20-17 thriller with Colgate. Eddie Kast scored twice for Dartmouth as the Indians tripped Brown 20-6.

Johnny Supulski pitched three passes for Manhattan in the fourth quarter but the New Yorkers dropped a 33-25 decision to Holy Cross. Georgetown had a surprising fight on its hands before it could get past George Washington, 8-0. Duquesne had to come from behind to nip Villanova, 14-10.

Bill De Correvont and Don Clawson provided Northwestern with too much punch for Notre Dame and the Wildcats won easily, 20-0. Gene White's field goal from the 27-yard line in the last 13 seconds enabled Indiana to halt Purdue, 3-0. Iowa rolled over Illinois, 18-7, in the other Western Conference feature. Detroit scored over Marquette, 19-0, and Michigan State stopped West Virginia, 17-0.

Nebraska spotted Iowa State two touchdowns and then rallied to win, 21-12, thus assuring itself of at least a tie for the Big Six crown. Oklahoma's Sooners won from Temple, 9-6. Tulsa trounced Oklahoma A. and M., 19-6, to win the Missouri Valley title.

In the Southwest, Rice chased an ancient jinx in a 14-6 victory over Texas Christian, while Southern Methodist topped Baylor, 7-4.

Vanderbilt put up a great fight in a Southeastern Conference tussle with Alabama but finally went down, 25-21, on Jimmy Nelson's fourth-quarter touchdown pass. Florida spilled Georgia Tech, 16-7. Sewanee dropped a 13-7 verdict to Citadel of the Southern Conference.

Clemson, rallying to trip Furman, 13-7, clinched the Southern Conference title as Duke ran wild over North Carolina State, 42-6. Harry Dunkle's field goal gave North Carolina a 10-7 victory over virginia.

In the Far West, Washington crushed U.C.L.A., 41-0, while Washington State won over Gonzaa, 14-7. Brigham Young and Colorado State played to a 13-13 draw in a Big Seven contest.

'Those Bowl Games Are Great' And Volunteers Want Another

By DON WHITEHEAD
AP Feature Service

KNOXVILLE, Tenn.—Tennessee's mighty Volunteers, the "Golden Boys" of football, have discovered it's nice work if you can get it—this post-season football business of playing in bowl games—and they're after more of it.

The Dixie gridiron juggernaut, only unbeaten, untied major league team in the land of cotton, is rolling straight toward another pot of gold in either the Rose Bowl, the Sugar Bowl or the Orange Bowl.

Virginia, Kentucky and Vanderbilt stand in the path of the Tennesseans and a third consecutive season of 10 straight victories—but none of them appears strong enough to stop the rush.

Another unblemished record is almost certain to send the Volunteers back to the Pasadena Rose Bowl or place them in the New Orleans Sugar Bowl on New Year's Day.

And it would mean that the men of Major Bob Neyland had fattened the university's athletic association till with at least $200,000 during their three years of smacking over the opposition—and that figure doe.n't include the regular season gate receipts.

The framework of Neyland's 1940 machine was built in 1938 when Bob Foxx, his ace back; Tackle Abe Shires, and Guards Bob Suffridge and Ed Molinski were sophomores.

The Vols ran through and over ten onponents that year and went to Miami's Orange Bowl where they whipped a tough Oklahoma team, 17 to 0. Tennessee's share of the gate was some $25,000.

The next year was a monotonous pattern of the one before in the matter of victories and, as history relates, Foxx and his pals appeared in the Rose Bowl where Southern California let them know the meaning of defeat, 14 to 0. Tennessee's share of the gate was a fat $100,000 or thereabouts.

And now it's dollars to doughnuts that Tennessee will still be undefeated at the end of November with another choice bowl bid.

Harmon Helps Wolverines Smother Buckeyes 40-0

By FRITZ HOWELL

COLUMBUS, O., —(AP)— The glory that was "Red" Grange's shifted to the stalwart shoulders of Michigan's mighty Tom Harmon Saturday as the Gray Ghost ground Ohio's Buckeyes to a 40-0 defeat—their worst walloping in 35 years.

A crowd of 73,648 rain-drenched fans gazed through a haze as the All-American halfback scored three touchdowns, tossed passes for two others, and kicked four placements for extra points to wind up the most brilliant scoring career in Western Conference annals.

The scoring record of 31 touchdowns held by Illinois' immortal Harold "Red" Grange for the last 15 years went into the runnerup spot as Harmon, with the shiftiest running the Buckeye stadium has ever witnessed, boosted his three-year touchdown total to 33.

On top of that, the Michigan Maestro has booted 33 goals after touchdown, and a pair of field goals for a 24-game total of 237 points.

When Harmon left the game his final touchdown—with only 38 seconds to play—the crowd gave him one of the greatest ovations ever tendered in Ohio stadium.

The game was only a few minutes old when the Wolverines struck. Starting on their own 20 after a punt, they marched 80 yards in 11 plays, Harold going over from the eight-yard line. Three minutes later Paul Kromer took a punt on his own 19 and swayed and swerved 81 yards for another tourhdown.

Harmon passed 17 yards to Capt. Forrest Evaehsvski, quarterback, for the third toushdown in the second session to end a 77-yard march and passed 16 yards to end Edward Frutig for the fourth, after a 101-yard advance which started as Harmon took the kickoff behind his own goal line and ran it to the Michigan 22.

Late in the third period after Robert Westfall had intercepted an Ohio pass on his own 48, the Wolves marched 52 yards in five plays for another touchdown, Harmon going over from the 18 on an end sweep. The wily Wolverine faked a pass and then skirted end for the final touchdown, going six yards on the play.

Wildcats Hand Fighting Irish 20-0 Trimming

De Correvont Stars In Battle

By EARL HILLIGAN

EVANSTON, Ill. —(AP)— Northwestern's Wildcats, with blond Bill De Correvont giving the greatest performance of his collegiate gridiron career, handed Notre Dame a decisive 20 to 0 licking before 48,000 spectators at Dyche Stadium Saturday.

Northwestern, in closing its season with a sixth victory in eight games, held the upper hand throughout.

Northwestern's first two touchdowns came the hard way. The Wildcats, after taking a punt at their 18, smashed to the Notre Dame 32 as Don Clawson ripped the Irish line.

Then De Correvont passed to Clawson, who caught the ball on the Irish 26 and ran for a touchdown after shaking off would-be tacklers.

A brilliant run by De Correvont set up the second Wildcat score. Striking off right tackle and reversing, he raced 27 yards to the Notre Dame nine in the third period. The Wildcats got only five yards on three plays, but on the fourth down, De Correvont shot off left tackle to score without being touched.

Late in the same period Northwestern punted deep to Notre Dame. Bob Hargrave fumbling the kick and Leon Cook recovering for Northwestern at the Irish 24. Two plays lost three yards before Clawson knifed through left tackle and sprinted for the game's final touchdown. Dick Erdlitz, reserve back, made good on two tries for the extra point.

Cornell Downed By Penn 22-20

By BILL BONI

PHILADELPHIA—(AP)—A cocky Cornell football team threw two ill-starred forward passes Saturday afternoon and with them tossed away its claim to the Ivy League championship.

At the time the passes were thrown the Ithacans were leading Penn by 13-0. But as the final whistle blew, Penn was winner by 22-20.

It was a grand triumph for Penn, beaten only by Michigan this year, and a grand finale for the Red and Blue's fine heavy duty back, Francis Xavier Reagan. Performing before a crowd of 79,935, Reagan scored all three touchdowns, held the ball for Gene Davis' field goal and extra point, and set a new Pennsylvania one year scoring record of 103 points.

The Ithacans went 80 yards and 60 yards to two quick touchdowns in the first quarter, but then suddenly had a rush of overconfidence.

After the Ithacans were backed to their own 8 by a Reagan punt they tried two passes. The first fell incomplete, but Ray Frick intercepted the second and returned it to the Cornell 11 and in five smashes Reagan took it over.

In the second period Reagan, after helping move to the Cornell 12, faded as if to pass, sucked the Cornell defense to one side and then ran up the other for his second touchdown. A few minutes later he ran 52 yards to put the ball in position for Davis' field goal from the 28.

Cornell came back after the second half kickoff to march 71 yards and go in front again by 20-16. But from then on Reagan's punting kept the Big Red in the hole and himself found time to score the winning touchdown from 16 yards out.

That was Reagan's 17th touchdown of the season. Besides doing all the punting for an average of 45 yards, Reagan had a net yardage of 110 on 25 trips. And spent a good part of his time batting down Cornell passes.

HUSKERS 21; CYCLONES 12

LINCOLN, Neb.—(AP)—Nebraska power beat Iowa State into the soggy turf of Memorial Stadium Saturday as the Huskers stormed back in the third and fourth periods to wipe out a 12 to 0 Cyclone halftime lead and take a 21 to 12 victory.

The win assured Nebraska of at least a tie for Big Six Conference championship honors.

The Cyclones, who came to Lincoln openly proclaiming they were "loaded for this one," exploded with a bang in the first half, outplaying the Huskers every step of the way.

Nebraska can win the Big Six championship by defeating Kansas State next Saturday. A defeat would tie the Huskers with Oklahoma.

Cornell Remains Offensive Team

By GAIL FOWLER

SEATTLE—(AP)—Cornell, despite its "fifth down" loss which tumbled it from the ranks of the undefeated, still clings to its number one position as the nation's outstanding total offensive and passing football team.

Figures released by the American Football Statistical Bureau Thursday showed that Cornell retained its leadership in the total offensive classification for the seventh consecutive week and its passing leadership for the sixth straight week.

Navy, meanwhile, advanced from second to first as the country's best defender against both aerial and ground attacks while Alabama, first last week, tumbled to fifth.

Otherwise, six out of seven department leaders kept to the top.

The Leopards from Lafayette led the nation for the sixth straight week as the best rushing offensive unit while Homer Norton's strong and sturdy A. and M. Aggies captured defensive honors against rushing for the fourth straight week.

Utah State, for the fourth straight week, led the nation's pass defenders, while Texas Mines, although idle last week, led all teams in punting for the same length of time.

The figures:

Total offense—(gains rushing and passing)—Cornell, 372.1 yards average per game; Texas Tech, 355.8; Lafayette, 336.6; Boston College, 333.9; Arizona, 332.9; Mississippi, 327.2; Detroit, 325; Navy 324.9; Tennessee, 322.6; Penn State, 320.4.

Rushing offense—Lafayette, 340.9 yards average per game; Texas Tech, 282.5; Tennessee, 254; Detroit, 242.3; Penn State, 238.6.

With 22,000 spectators sitting in, the Lions twice came from behind, took advantage of every break, and nipped the Red Raiders from the Chenango 20 to 17.

Toe That Did The Trick

AP Feature Service

MINNESOTA'S two chief gridiron rivals this year were Northwestern and Michigan. The Gophers tripped both of these foes by the margin of a single point. The man-of-the-hour for the Gophers in these games that kept them on the unbeaten trail was a substitute quarterback, Joe Mernik, whose accurate placement kicks scored the points after touchdown that brought triumphs to the Gophers. Fullback Bob Sweiger is shown pointing to Mernik's trusty right toe, while Halfback Bruce Smith (right, rear) and Coach Bernie Bierman look on.

Tulsa's Hurricane Wins Over Oklahoma's Aggies

By HAROLD CLAASSEN

TULSA, Okla. —(AP)— Mud, cold, rain and the Oklahoma Aggies couldn't stop the University of Tulsa Saturday and the Golden Hurricane skidded to a 19 to 6 football victory that meant the Missouri Valley Conference championship.

Week-long rains had made the field an island surrounded by a moat, which would have been the running track on drier days.

A cold north wind sent officials onto the gridiron wearing gloves. Co-ed cheerleaders frolicked in ski-suits.

The Aggies scored in the first minute and a half but after the clubs changed goals Tulsa began to roll toward the fifth Valley title it has won or tied for in the school's six-year membership in the loop.

The 8,400 spectators were hardly in their seats before Jimmy Reynolds, Oklahoma Aggie back, flung a 19-yard pass to Ken Holderman for the touchdown. It was the third scrimmage play, the first being a 45-yard pitch by Reynolds to Lonnie Jones.

After that it was all Tulsa, with the Hurricane line opening holes for a bevy of backs led by Glenn Dobbs, N. A. Keithley and Lester Moore.

Each of the heroes scored a touchdown, Keithley's coming midway in the final period when he scooped up an Aggie pass and threaded his way 41 yards through the entire Cowboy team.

Keithley also broke away for a 20-yard journey in the second period that brought the first Tulsa touchdown. Dobbs picked his way from the one-yard on a play that started as an end run but wound up with the ball carrier cutting back over tackle.

Dobbs added the point.

Moore bumped over for the third-period marker. Once in this drive Dobbs faded back to pass but finding his receivers hidden, broke loose on a 26-yard jaunt that carried to the 11.

The Tulsa line, with a trio of outstanding tackles in Don Gray, Jodie Bob George and Charles Greene, dominated. The Aggies were able to gain only 28 yards from scrimmage to 214 for the Hurricane.

The game was the last of the year for the Aggies who slipped from the Valley lead with a record of four triumphs and one defeat. Coach Chet Benefiel's squad took the crown with four straight wins.

The lineups and summary:

Tulsa	Pos.	Aggies
Grimmett	LE	Moore
Worthington	LT	Arms
Holt	LG	Liles
Allison	C	Hargrove
Henicle	RG	Southall
Greene	RT	Swenk
Campbell	RE	Holderman

Score by periods:

Oklahoma A&M	6	0	0	0	6
Tulsa	0	7	6	6	19

Oklahoma A&M scoring: Touchdown, Holderman.

Tulsa scoring: Touchdowns, Moore (sub for Buffalo), Keithley, Dobbs; point from try after touchdown, Dobbs (placekick).

EXECUTIVES SAY "LOWEST PRICES IN HISTORY" THE CAUSE

"The best week in our history" was the comment executives of the Junkin Furniture Company had to make yesterday, following the rush of the first five days of their "2 in 1" furniture sale.

Lowest prices in the history of the furniture firm were given as the reason for the continued heavy buying. The "2 in 1" sale started last Monday morning.

Joe Junkin, head of the firm, said that he was very sorry that many had been forced to leave the sale without being waited on due to the fact that crowds exceeded his expectations. He said, however, that extra help is being employed now, and that he was sure everyone would receive proper attention during this week when they visited the sale.

Much new furniture has been put into the sale, including a carload shipment from the Hollywood market.

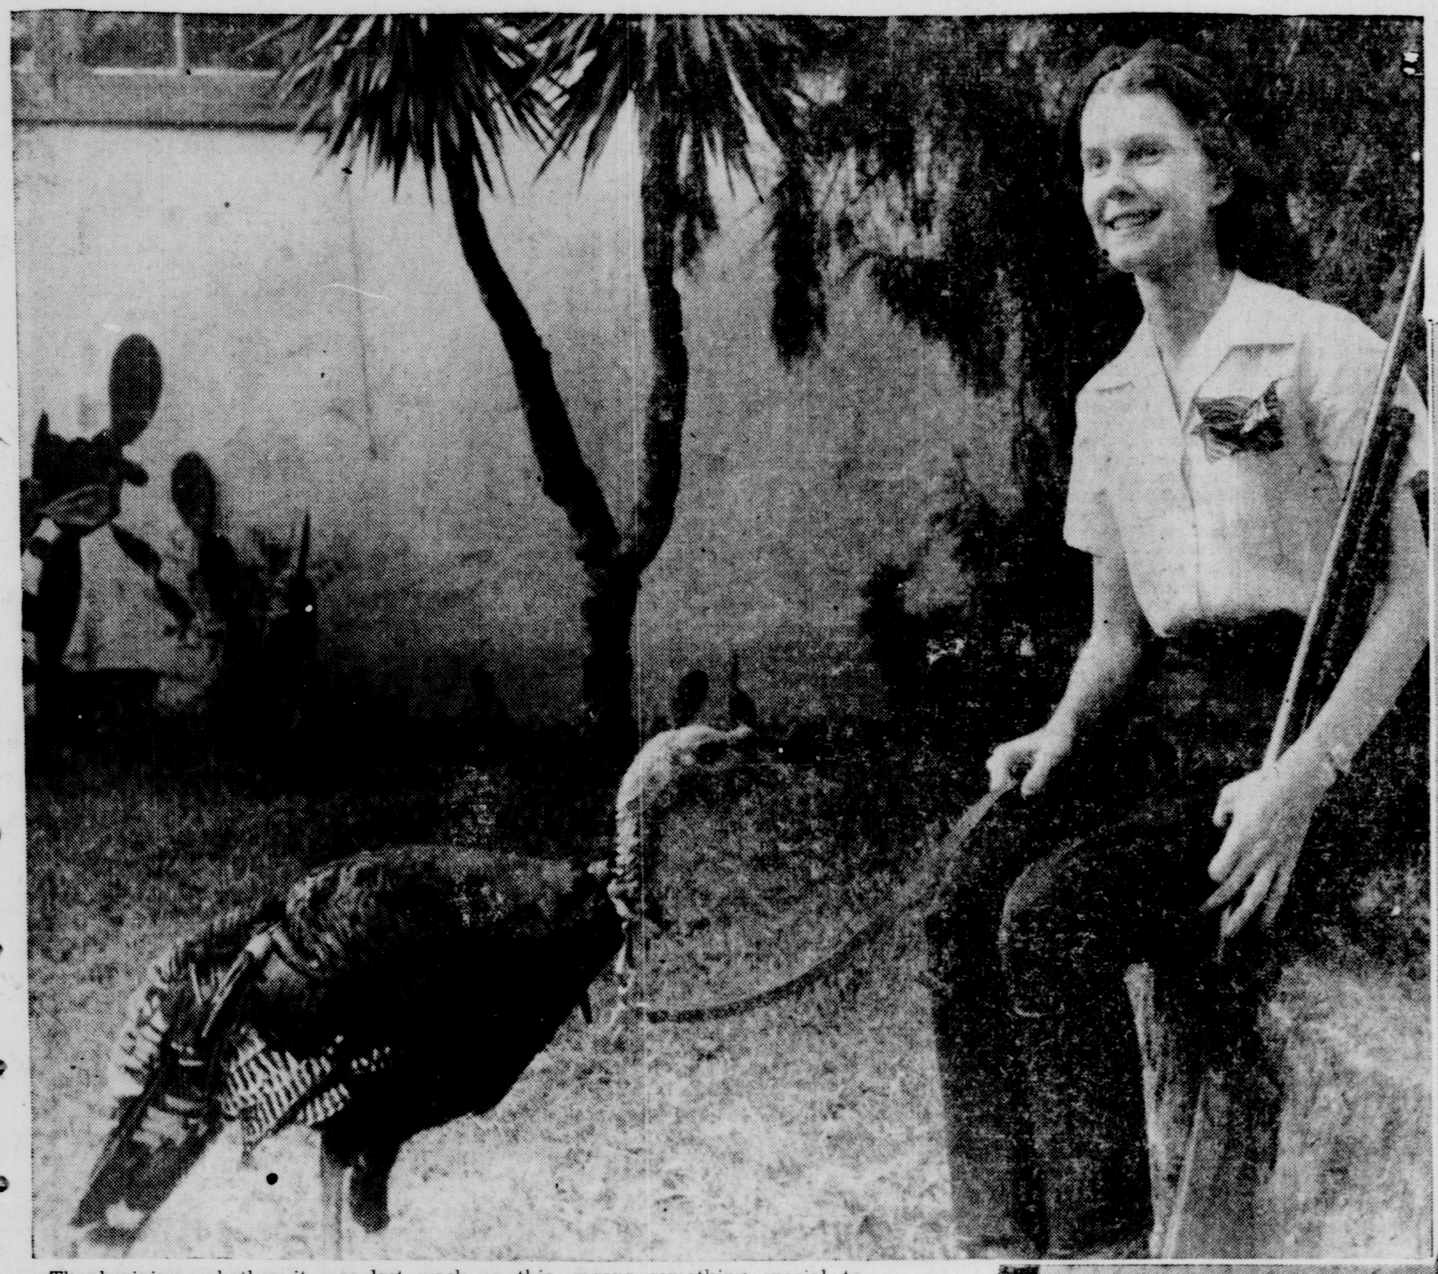
VALLEY SUNDAY STAR-MONITOR-HERALD

Society

SUNDAY, NOVEMBER 24, 1940



Thanksgiving—whether it was last week or this—means something special to almost everyone whether it's a big turkey dinner or a football game—or both. Wild turkeys for Thanksgiving, once no novelty on the feast tables for Valley pioneers, are almost unheard of now, but it would seem that for a time, Miss Virginia Glaze of Birmingham, Ala., (shown in the top center photo) had some such notion. She is the niece of Mrs. Blanche Doster of McAllen, in whose home she is a guest. Miss Glaze had no need for the shotgun and possibly for the becoming hunting togs, but she met the standard set by the Canadian Mounties by snagging the Thanksgiving bird with a sturdy halter around his neck. (Staff Photo.)

Home for the early Thanksgiving vacation, Miss Ava Sue Martin, Harlingen, (pictured at the right), lends her bit toward preparation of the traditional feast by arranging the table centerpiece. Miss Martin, daughter of Mr. and Mrs. W. M. Martin, is a student at Texas A. & I. College, Kingsville. She is social chairman for Alpha Sigma sorority and was in charge of the annual dance for pledges held recently. (Staff Photo.)

Miss Allene Sherman, Harlingen, (in photo below) is one of the many attractive Valley girls who will go to Austin for the historic Turkey Day classic between Texas A. & M. College and the University of Texas. Miss Sherman will be among the rooters for A. & M. She is the daughter of C. W. Sherman. (Staff Photo.)

Pretty Afternoon Tea In Weslaco Announces Rites Set In December

(Picture Page 3)

WESLACO — An outstanding event of the autumn season was the lovely announcement tea given by Mrs. D. A. Blackwell Saturday afternoon, November 23, to honor her daughter, Miss Bette Belle Blackwell. The interesting event announced the coming marriage of Miss Blackwell to James Vaughan, son of Mr. and Mrs. E. R. Vaughan of Weslaco. The wedding will take place December 21.

Gorgeous bouquets attractively decorated the living rooms. Receiving guests at the entrance were Mrs. Phil Dixon and Mrs. Gertrude Holcomb, Brownsville. Forming the receiving line were Mrs. Blackwell, Miss Blackwell, Mrs. E. R. Vaughan, and Mrs. Van Snell, Harlingen.

The bride-elect was beautifully dressed in a frock of soldier blue crepe and wore a lovely corsage.

Mrs. Zeb Rike presided at the bride's book where guests from various Valley towns were registered. Each receiving an attractive corsage.

The refreshment table was exquisitely laid with snowy linen and held a gorgeous centerpiece accenting the bridal theme of white. White chrrysanthemums predominated in the floral setting.

Mrs. M. R. Noll of Falfurrias presided at the silver tea service and Mrs. Briscoe served the tea dainties. Assisting in the dining room were Mrs. Lyle Grace and Miss Leloi Williams.

From four to six o'clock about 125 guests called.

Guests from out of the Valley included Mesdames J. R. Scott, Jr., C. F. Hopper, C. F. Wagenshein, Jimmie Dawson, Percy Hunter, T. R. Bennett and daughters, J. M. Brooks, and C. C. Teas, all of Falfurrias.

Tea Noting Christmas Trend Is Outstanding Event In City of Palms

McALLEN—The Christmas season, with its brilliantly age-old decore of green and red, was noted in chic detail Thursday morning when two of the city's more prominent hostesses entertained to honor two City of Palms visitors.

Hostesses for a coffee, eminent among the season's affairs, were Mrs. N. E. Buescher and Mrs. Anne Jo Jones at the former's home. Honored were Mrs. Franklin Hart, formerly of Chicago, daughter-in-law of Mrs. A. L. Hart, and Mrs. Buescher's mother, Mrs. M. L. Tansey.

More than 150 guests thronged the expansive house, done in the Christma stouch throughout. In the din-in groom the table was massed with white and red carnations, flanked with silver services at either end. The living room blazed with huge bouquets of red roses and magnificent poinsettias. Mrs. A. J. Campbell, Mrs. Aubrey Thomas, Mrs. J. F. Palmer and Mrs. Elmer Henderson were in the dining room.

Clever touches were the little pins members of the house party wore instead of the regulation corsages.

Each frock was topped with a pin, featuring Santa Claus, Christmas bells, and Christmas wreaths.

Mrs. S. L. Miller welcomed guests at the door and presented them to the receiving line composed of Mrs. A. L. Hart, Mrs. Buescher, Mrs. Franklin Hart, Mrs. Arthur Lee Hart and Mrs. M. L. Tansey.

Assisting in the house party were Mrs. Everett Moore, Mrs. Stockton Fountain, Mrs. Dick Harris, Mrs. Robert Elmore, Mrs. E. R. Russell, Mrs. W. B. Spell, Mrs. Charles Holland, Mrs. Orville Cox, Mrs. John H. Gregory, Mrs. Lloyd Bentsen.

Californian Much Feted During Visit

HARLINGEN—Adding another to the delightful series of informal courtesies that are marking the visit of Mrs. W. S. Smith of Los Angeles, her hostesses, Miss Alberta Allen and Miss Alma Robb entertained Friday afternoon with a dessert bridge at their lovely home in Adams Gardens. Mrs. Smith is the sister of Miss Allen.

First of the week's events for Mrs. Smith was a dessert bridge given by her two hostesses Monday afternoon. Other Harlingen hostesses shared in arranging the interesting jaunts, luncheons, and other events that are making Mrs. Smith's visit especially delightful. She is deeply impressed by the beauty of the Valley which she is seeing for the first time.

Mrs. C. C. Bowersox made high score in Friday afternoon's games, Mrs. R. Fulton Jones made second high, and Mrs. Carroll received the traveling prize. A tempting dessert course was served.

New York Guest

BROWNSVILLE — Mrs. Olin E. Jones of Wellsville, New York, is the guest of her sister, and mother, Mrs. Fay L. Rockwell and Mr. Rockwell, Mrs. Judd S. Earley, and Mrs. H. A. Higbie. Mrs. Jones is making an extended visit, and plans to be here until just before the Christmas holidays.

Bride In McAllen

Newest among McAllen's recent brides is Mrs. John McPherson, the former Miss Frances McGough. The McAllen couple were married at McAllen Tuesday afternoon. After a brief honeymoon in Monterrey they will live at McAllen. The bride is the daughter of Mr. and Mrs. W. M. McGough of Amarillo. The groom, who is associated in business in McAllen, is the son of Mr. and Mrs. H. L. McPherson of Hopkinsville, Ky. The wedding was witnessed by members of the immediate families and close friends. (Kerr Studio.)

Lovely Floral Setting Adds To Enjoyment Of Guests For Shower

HARLINGEN—Yellow and white was combined with beautiful effect to make a striking party background Friday afternoon when Mrs. Reuben Belden, Mrs. Eula V. Parker, and Mrs. Bo Scott entertained with a miscellaneous shower to honor Miss Martha Anderson whose marriage is to take place in early December. The shower event was held at the home of Mrs. Scott's mother, Mrs. V. E. Howell, 109 W. Filmore, and enjoyed by about 40 close friends of the honor guest.

Chrysanthemums in yellow and white, exquisitely arranged, predominated in floral decoration of the home, with yellow roses lending a secondary color note.

The chosen blossoms in a crystal container rested on a mirror plaque to form the centerpiece for the refreshment table which was laid with lace and lighted by tall white tapers in crystal holders.

Open faced sandwiches in heart and other fancy shapes, hand-made yellow mints, topped by white blossoms with yellow centers, and other details of the refreshment course emphasized the bridal colars of yellow and white. A lovely wedding cake, served from a silver tray at one end of the table, was adorned with a tracery of petunias, the blossoms and trailing leaves delicately moulded of the frosting.

The honorete was the recipient of many attractive gifts.

Guests were received from four to six o'clock.

Mrs. Knapp Entertained By Couple

BROWNSVILLE—Mrs. Fred Knapp was complimented Friday afternoon when Mrs. Jack Welch and Mrs. Ellis Perry named her as honoree at the Perry home.

The affair was a bridge and surprise shower.

In every detail the chosen colors of white and yellow were noted. Yellow and white chrysanthemums were used for decorations, and the two colors were noted in prize wrappings for the bridge games, and in the refreshment course.

Intimate friends of the honoree made up the personnel for the event.

Two Heard In Event For Self-Culture

BROWNSVILLE—Two speakers were heard at the Wednesday afternoon meeting of the Self-Culture club at the home of Mrs. Randall Mathers. In charge of the program were Mrs. C. W. Watson who talked on Songs of the Bible, and Mrs. Milton H. West whose topic was Ageless Tunes.

Roll Call of the members was answered by naming "My Favorite Hymn."

In her talk, Mrs. Watson said, "When, on the hills of Bethlehem, a chorus of heavenly voices delighted the ears of the wandering shepherds, Christian music had its origin. The Christian church came into being with a song. Christianity is a singing religion and the joyfulness of its music has distinguished it from other faiths."

Before the address by Mrs. West, the group stood and sang the Doxology. In her discussion of ageless tunes, Mrs. West stated that there is always a collection of music to which a person responds. She said that more often it was a hymn or song heard in childhood, or associated with some particular person.

Mrs. West listed the various types of ageless tunes, and mentioned in particular the numbers of well known hymns known and sung in every church in the south. She named "On Jordan's Stormy Bank," "In the Sweet Bye and Bye," and "Abide With Me," the latter she named as one of the finest compositions both from a musical and literary standpoint.

Mrs. West played a number of different tunes, and played the accompaniment for her niece, Mrs. Paul H. Staedke, of Chicago, a club guest, who sang "Blest Be the Tie That Binds."

Guests at the meeting were Miss Mary Barbour, Mrs. Y. E. Worley, Mrs. Staedke, Mrs. Oscar Taylor and Mrs. Maud Galbraith.

McKenna, local chairman of production work, has stated. By united effort all the sewing can be completed before the start of the Christmas shopping season, she stated.

Sewing and knitting work that has been completed should be turned to Mrs. McKenna, Mrs. A. M. Lezerich, or Mrs. J. J. Murray, in order that it may be labeled and packed for shipping.

Former Combes Girl Finds Life Exciting In New Montevideo Home

COMBES—Lengthy voyage made by Rev. and Mrs. R. L. Carlisle, Jr., and their three children who sailed October 19 from New Orleans, ended November 2 with their arrival in Montevideo, their new home, according to messages received by Mrs. Carlisle's parents, Mr. and Mrs. W. S. Newport. Mrs. Carlisle is the former Miss Ruth Newport.

Fascinating glimpses of their boat trip are given in letters written en route by the couple to relatives here. Life on shipboard with three samll children—Bobbie is five, Betty Ruth 22 months, and Jean Ray just three weeks old—offered small chances of monotony. The couple reported entertainment aboard the ship in which they shared, especially in activities engaged in by other missionaries.

Eight missionaries stationed in Pernambuco met the boat at Pernambuco and took the voyagers ashore for sightseeing and visiting.

Mrs. Carlisle felt the atmosphere of Pernambuco was somewhat similar to that of New Orleans, the houses looking old and weather beaten because of six months of rainy weather. 'The floors,' she wrote, "are made of colored tile put together in patterns or hardwood in light and dark either of which is very pretty. They have no screens but seem to have no flies or mosquitoes."

After seeing Rio with its beautiful mountains and up to the minute apartment houses, Montevideo didn't seem so pretty at first, Mrs. Carlisle reported in her first letter after reaching her new home. The houses in Montevideo are cold as the floors are tile and the walls plastered, and coal stoves are used for heating, she related, adding 'This has been a late spring with no real warm days. The days are much longer. Last night at eight it was still light."

The Carlisles were in luck to have missionary friends who had already rented for them a modern house convenient to the school, which Bobby will attend, since they learned houses are quite hard to obtain. "We like it and I know that we shall be happy," Mrs. Carlisle wrote.

Their new address is Calle Colorado 1786, Montevideo, Uruguay.

Club Program Tribute To Thanksgiving

HARLINGEN—Thanksgiving was the keynote for the program of particular interest presented at the regular meeting of the Harlingen Study Club held Thursday at the First Methodist Church. Mrs. J. A. Alderdice was in charge.

Something of the effect of Indian culture, particularly upon the early American colonists, was revealed in a richly informative talk given by Mrs. J. B. Bradford. Mrs. Bradford, who has completed eight years of research on Indians and Indian culture, wove into her talk much little known but valuable data about different tribes.

To capture the sounds of Indian music, Mrs. W. J. Williams used the solo vox attachment on the piano, as she played a group of melodies Indian in origin. The effect of stringed instruments, employed by the Indians in their traditional music, was strong as she played a delightful group of numbers.

An address, "The Religious Side of Thanksgiving," given by Rev. John Phillips, rector of St. Alban's Episcopal Church, concluded the program.

During the very brief business session, Mrs. F. T. Neary gave her report as club delegate to the Texas Federation of Women's Clubs held the past week in Austin.

By FREDERICK GARDNER

NEW YORK—(AP)—The stock market Saturday ended another bad week striving unsuccessfully for a rally.

Business news remained favorable and foreign war dispatches were no worse than usual, but many traders exhibited an inclination to keep accounts light over the week-end.

There were scattered spots of quiet strength. At the close small plus and minus signs were fairly even.

The Associated Press average of 60 issues was off .1 of a point at 44.4. And on the week showed a loss of one full point.

Dealings were slack with the turnover of 241,060 shares the smallest since Oct. 19.

Douglas Aircraft was up a point and negligible advances were retained by United Aircraft, Montgomery Ward, General Motors, Yellow Truck, Anaconda, Kennecott, Santa Fe, Great Northern, American Telephone, Consolidated Edison and American Can. Market Street Railway preferred was one of the few active tocks with a gain of ⅛.

Dow Chemical dropped 3½ points to a new year's low on transfers of 400 shares. U. S. Steel was unchanged and Bethlehem off ⅛. Minor losses were shown for Chesapeake & Ohio, American Smelting, Standard Oil of N. J., Texas Corp., Westinghouse, Chrysler, Sears Roebuck, Du Pont and Union Carbide.

Fort Bliss Man To Return With Sister

BROWNSVILLE—Mrs. D. P. Gay, Jr., will leave Monday for El Paso where she will spend a month with her brother, Lee W. Jones, paymaster at Fort Bliss. Mr. Jones has been visiting here for the past week. They will make the trip by car.

SERVICE CLUB TO MEET

BROWNSVILLE—The Pan-American Social Service club will meet Monday at 10 a. m. with Mrs. Calvin D. Yaggy.

TOY DRIVE IS SET MONDAY

Scouts Will Canvass All City Homes

BROWNSVILLE — Santa Claus will visit many more Brownsville children this year than before if the Brownsville 20-30 club, the Boy Scouts and the city fire department can get public cooperation in their Christmas toy drive beginning here Monday.

Purpose of the drive is to collect old discarded toys from Brownsville homes and repair them for distribution at Christmas time to needy children of the city.

The Boy Scouts will call on all Brownsville residences to collect the toys, and city firemen will do most of the repairing in time to have the toys complete for Christmas delivery.

Donald Ballinger has been named head of a 20-30 club committee which will cooperate in the drive.

David Ableman, district camping and activities chairman, will head the Boy Scouts, and Fire Chief W. C. Walker will supervise firemen.

Interested citizens who have discarded toys may leave them at the nearest fire station if they do not wish to wait until Boy Scouts call, Mr. Walker said.

The Bay Scouts will meet at the Goodyear store, 10th and Levee, Saturday, Nov. 30, and Saturday, Dec. 7, to aid in collection of toys in the residential section. Mr. Ballinger will supervise this effort.

The Capitol theater will also be a collection center for toys when a special "Kids' show" will be offered Dec. 7. Admission will be one toy, new or used. John Fanning and Marvin Brown will be hosts for this event.

Ralph M. Cissne, Boy Scout field executive for the Lower Valley area, announced Saturday that he is heartily in favor of the Christmas toy drive. He urged other Valley communities to follow this example and asked for cooperation of all civic clubs.

Canadian Market

Canned Juice Outlet Lost By Valley?

HARLINGEN — There is danger of the Valley and other citrus areas losing Canada as a valuable canned grapefruit juice market as a result of the war, according to a letter received by a Harlingen firm from a Winnipeg broker. The correspondence was furnished The Star.

The local firm said that if Canada places an embargo on grapefruit juice "we can tell you it will certainly hurt, for that market, Canada, is an excellent customer. They consume far more juice per capita than we do in our own country. . . . We lost the English market last year, which was a severe blow, and now if we lose the Canadian market it will only mean that we will have that much more to force upon our own market."

The Canadian broker notified the local firm that the foreign exchange control board is running behind in American exchange to the extent of $20,000,000 a month or a quarter of a billion dollars a year. He said it was feared grapefruit juice would be placed on the list of non-essentials in an effort to stem the loss from the difference in exchange.

Trains Hit Headon But No One Is Hurt

EL RENO, Okla. —(AP)— Two passenger trains (Rock Island) collided head-on here but the accident only ruffled the calm of a few shaken up passengers and a score of motorists who waited 45 minutes for U. S. Highway 66 to be cleared.

The trains themselves were little damaged as both had slowed almost to a halt as they struck.

A northbound streamliner (Rocket) was stopping for the highway 66 station and a westbound express (Memphis-Californian) was slowing down for a junction point when the engineers sighted each other and slammed on the brakes.

USHA Official On Valley Visit

BROWNSVILLE — Miss Marjorie Watson of the United States Housing authority management division regional offices in Fort Worth is expected to arrive here Saturday afternoon to confer with officials of the Brownsville Housing authority.

Mrs. Volney Taylor, chairman of the local authority, said Miss Watson will remain here over the week-end and will make an inspection tour of the new Buena Vida project.

While in Brownsville, Miss Watson will confer with Mrs. Taylor and George Mansur, executive secretary of the local authority.

Brownsville To Aid Texas Road Week

BROWNSVILLE — Brownsville will cooperate in the observance of Texas Highway week Dec. 1 to 7, according to announcement Saturday by W. E. Talbot, general manager of the Chamber of Commerce.

Worth W. Heffner, Harlingen, has been named Cameron county chairman of the celebration. Talks before luncheon clubs and over KRGV have been scheduled for Dec. 1.

Several Valley towns will take part in the statewide affair. Mr. Heffner said, some with programs of their own and others by providing speakers.

Radio Sermon Is Set

BROWNSVILLE—Walter W. Leamons, pastor of the McAllen Church of Christ, will speak on "Where We Got Our Bible," in an address over station KGFI here Wednesday at 12:45 p. m.

Week's Review Of Valley Oil News

New Frio Field In Willacy County Outstanding News Of Week In Valley Oil Circles; 8 Producers Reported

McALLEN—Lower Rio Grande Valley oil production had been extended Saturday to a third county in extreme South Texas when a new Frio field was opened in eastern Willacy county, far removed from nearest Valley production.

This development far overshadowed all else on the Valley oil horizon and started the section's first deep Gulf Coast production.

The discovery well was Pan-American Production Co. No. 1 Porfirio Garcia, Share 13, San Juan de Carricitos Grant, about 18 miles east of Raymondville, Willacy county seat. Operators completed drilling contract at 9,004 feet, then cemented 7-inch o.d. oil string at 8,834 feet. Three sets of casing perforations in the same sand section brought Willacy county its first crude production. The perforations (corrected) were made at 7,620-34 feet, at 7,644-50 feet and 7,668-78 feet and the entire sand section was reported to have been logged at 7,614-7,705 feet. On potential tests, the well gauged 263.75 barrels daily on quarter-inch tubing choke with 400 pounds tubing working pressure after tubing had been set with packer.

The crude, a typical but excellent type of Mirando oil of 30 degrees corrected A. P. I. gravity, was of a dark brown color. The well, drilled by Carter and Rubsamen, Houston contractors, was the eleventh wildcat drilled in Willacy county. Previous well had ranged from 643 feet to 10,324 feet, the latter being Magnolia Petroleum's No. 1 Francisco Armendaiz, the deepest hole ever drilled in the Valley area. Average depth of the preceding wildcats was 7,900 feet.

About 1,000 feet south and slightly west of the discovery well, Pan-American's No. 1-B Willamar Community, Share 13, San Juan de Carricitos, had been staked and operators were planning to move in at once. This well, like the discovery, was on a 1,500-acre farmout from Standard of Texas and Shell Petroleum. Several other majors and one or two independents held all nearby acreage.

In southeastern Cameron county, Pure Oil Company No. 4 Gatewood Newberry, Share 3, Shelton Survey Award, was drilling below 4,980 feet on a 10,000-foot contract.

On the far eastern flank of the Rincon field in eastern Starr county and in semi-wildcat territory, W. R. Davis, Incorporated, No. 1 Harry Seyfriedt, Survey 928, was reported plugged back to test 5,100-foot sand. Total depth was understood to be 5,480 feet, where 7-inch o. d. casing was cemented. Several deeper sands were reported tested. Definite information has not been available since the well was drilled "tight."

On the extreme north edge of the North Rincon area, also in highly important semi-wildcat territory, Sun Oil Company No. 2 Mateo Saenz, Survey 80, cemented 5 1-2-inch o. d. oil string at 4,630 feet after drilling to total depth of 5,266 feet. A promising new sand was cored and drill-stem-tested at 4,393-4,407 feet and will probably be given production test through casing perforations this week-end. The Sun No. 1 Saenz, 1,700 feet to the south, which opened production on this north edge of the big Rincon structure, was completed in sand at 5,400 feet.

In northeastern Brooks county, about six miles northeast of Falfurrias, J. M. West Production Company and Dan Auld's No. 1 Wm. Ehlers, Section 12, Burton and Danforth Subdivision, Loma Blanca Grant, was reported coring past 8,112 feet after drill stem test of sand at 8,013-30 feet recovered 45 feet of gas-cut mud in 15 minutes.

McALLEN—Proven fields in the Lower Rio Grande Valley reported eight new producers Saturday with at least a half-dozen more either waiting on cement before making production tests or coring the sand.

As usual, the prolific Colorado field in western Jim Hogg county led the list with four new completions and three new wells about ready to run potential tests.

The new producers included the following at Colorado:

Humble Oil and Refining Company No. 25 King Ranch-Colorado, Survey 42, gauged 128 barrels in 24 hours on 3-16-inch tubing choke from sand at 3,023-34 feet with 225 pounds tubing working pressure and 820 pounds closed-in casing pressure.

C. Andrade III No. E-3 F. G. Trevino, Survey 37, made 175 barrels daily on quarter-inch tubing choke from sand at 2,914-26 feet with 200 pounds tubing working pressure and 700 pounds closed-in casing pressure.

V. F. Neuhaus' No. E-3 F. G. Trevino, Survey 37, gauged 220 barrels daily on quarter-inch tubing choke with 210 pounds tubing working pressure and 820 pounds closed-in casing pressure from sand at 2,945-58 feet.

Also in the northwest part of the field, C. Andrade III No. D-1 F. G. Trevino, Survey 37, had cored the field sand and cemented oil string but details were unavailable.

In the south part of the field, V. F. Neuhaus' No. A-4 F. G. Trevino, Survey 38, cored the field sand and cemented casing for production test, but the sand record was not available.

Sun Oil Co. No. 12 N. S. Thaxton, Survey 630, in the north part of the field, was completed as a pumper from sand at 2,933-42 feet but production had not been gauged.

Sun's No. 14 N. S. Thaxton, Survey 630, was drilling past 600 feet, newest test in the field to spud.

In the Kelsey field in Jim Hogg-Brooks county, two new producers were added and another well was coring for the sand.

Humble's No. 21 Kelsey-Bass, one location west of discovery in San Rafael Grant, Jim Hogg county, gauged 95 barrels daily on 7-64 inch tubing choke from sand at 4,738-48 feet with 600 pounds tubing working pressure and closed-in casing pressure of 775 pounds.

Humble's No. 76 J. C. McGill, in the southwest part of La Blanca Grant, Brooks county, about two miles north of discovery, gauged 122 barrels daily when jetted from sand at 4,741-49 feet.

Humble's No. 20 Kelsey-Bass, one location south of discovery in the extreme southeast corner of San Rafael Grant, Jim Hogg county, was coring for the field sand at 4,706 feet.

One well drilling in the Sun field, Sun Oil Co. No. A-6 E. A. and N. R. Montalvo, Tract 3, Los Retaches Grant, cemented surface casing at 1,029 feet and was drilling past 1,500 feet.

In the expanding Boyle field in southern Starr county, a southern outpost well was on the sand but no information was being released on the hole. Three other wells were drilling in the field and two new locations were staked.

On the south edge of production, Borsodi Petroleum Co. No. 3 Juan de Dios Vela, Share 2-A, Por. 92, Camargo Jurisdiction, was bottomed around 3,700 feet. Production tests were reported under way in the well, but no information is available.

Also on the south edge, Sun Oil Co. No. 1 Juan de Dios Vela, Share 2-A, Por. 92, Camargo Jurisdiction, cored the field sand at 3,170-90 feet and cemented 5 1-2 inch o.d. oil string on bottom at 3,225 feet. Production test was due this weekend.

Northwest of production at Boyle, Dean and Hendrickson's No. 1 M. M. Garcia, Share 215, Por. 90, Camargo Jurisdiction, was reported drilling past 2,500 feet.

New locations were staked for Borsodi Petroleum Co. No. 4 Vela, Share 2-A, Por. 92, and for five new wells of Fidelity Oil and Gas Co. just south of the discovery well.

Fidelity's No. D-5 E. B. Carruth et al, Share 1-A, Por. 92, Camargo Jurisdiction, a north offset to the Borsodi No. 1 Vela which opened production in the field's 3,100-foot sand, was drilling past 1,200 feet.

Two new producers brought considerable attention to the Sullivan City field in southwestern Hidalgo and southeastern Starr counties.

John Messenger's No. A-1 Victorino Chapa, Tract 238, Por. 40, Reynosa Jurisdiction, cored the field sand at 3,407-18 feet and cemented 5 1-2 inch o.d. casing atop the sand at 3,408 feet. The hole was bottomed in sand. On production test, the well gauged 240 barrels daily on 3-16 inch tubing choke with 800 pounds tubing working pressure and 1,250 pounds closed-in casing pressure. The well is located on the northeast edge of production.

In the western part of the field, Phillips Petroleum Co. No. 2 Tomas (Villareal) Flores, Tract 236, Por. 39, Reynosa Jurisdiction, was completed through casing perforations around 4,100-10 feet and made four barrels hourly on 3-32 inch tubing choke with 650 pounds tubing working pressure and 800 pounds closed-in casing press

Success leads to celebration in a cafe where they meet Miss Lamour, posing as a Spanish singer. One way or another Preston and Foster get her back to the logging headquarters up in the hills. And then there are excitement and romance galore, with Miss Lamour singing two new songs, cobras threatening to bite her and what-not. Others in the cast are Doris Nolan and Albert Basserman.

'SNEAK' SHOW AT ARCADIA

Preview Of New Film Is Scheduled

As a special Thanksgiving eve treat the Arcadia Theatre in Harlingen will present a "sneak" preview of a new motion picture release and will permit patrons who enter the theatre for the early evening show, Wednesday night, to remain over and see the preview.

The term "sneak" is applied because the picture and the stars in it cannot be revealed. The idea is to sneak the picture to a regular audience showing so that the producers can get direct and honest reaction of audiences.

The picture to be shown at the "sneak" will be in addition to the regular scheduled feature, "One Night in The Tropics," starring Nancy Kelly, Allan Jones, Leo Carillo and Robert Cummings.

MYSTERY THRILLER

Acclaimed one of the screen's greatest character actors following his performance in the "Mr. Moto" series, Peter Lorre plays another brillian role in the mytery "Stranger On The Third Floor" which is scheduled for showing Monday and Tuesday at the Rialto Theatre in Harlingen.

Dealing with circumstantial evidence and its dangers the film features John McGuire, Margaret Tallichet and Charles Waldron in featured parts.

RUMANIA SIGNS AS AXIS WOOS TURKEY

Great Britain Near End Of Finances

ENVOY HINTS U. S. TO LEND CASH FOR WAR

Lothian Is Confident Of Final Victory

NEW YORK—(AP)—Lord Lothian, British ambassador to the United States, returned from his bomb-battered homeland Saturday with a cryptic declaration that Britain's financial problem was "becoming urgent."

His country, he said, was "beginning to come to the end of her financial resources."

Returns On Clipper

The envoy was one of 14 passengers who came from Lisbon on Pan-American Airway's Atlantic Clipper.

Lothian foresaw "a difficult year" for the British and an emphatic need of all kinds of war materials, including airplanes, munitions, ships and "perhaps finance."

He emphasized that England "definitely does not need men" as part of this country's assistance.

The ambassador was optimistic of British success, however, and asserted that "confidence in utlimate victory is high."

Lothian said that the United States was increasing its already satisfactory assistance to England and asserted that he wanted it understood that there was no feeling in his homeland that "American assistance was not enough."

Asked Stand On Loans

(When he arrived at Washington, reporters asked him specifically whether Britain had any present intention of requesting modification or repeal of the Johnson act, prohibiting government loans to debtor nations.

("It is not for us to make such a suggestion," he replied.)

(He said, however, he thought the question of how Britain was to continue to pay for munitions purchases in this country would have to be met within the next six months although he explained the limit of her financial resources depended upon a great many factors.

("We have paid for everything so far," he said, "but our gold and securities resources are being liquidated.")

VULTEE STRIKE 'WORK OF REDS'

FBI Report Hints Of Defense Sabotage

WASHINGTON —(AP)— Attorney General Jackson disclosed Saturday night an FBI report to defense officials attributed the strike in the Vultee Aircraft Corporation to "Communist influence."

"This confidential report," Jackson said in a statement, "describes the Communist influence which caused and is prolonging the strike. It identified those leaders of the strike who are either members of the Communist party or affiliated with the Communists and the persons who are the contacts between the strike committee and the leaders of the Communist party.

Strike Not Illegal

"While the activities of the parties involved may not constitute a federal crime warranting prosecution, the details have been furnished to the war and navy department and to the national defense commission so that they may take such action as may be warranted in the protection of the government's interest."

Jackson's references to the Vultee strike were made incidentally in a statment in which he accused Rep.

Santa Claus' Pack Bigger This Year, Experts Say

Best Christmas Business Since 1929 Is Expected; More Money To Be Spent

(See Babson's holiday forecast on Page 9)

By FRANK MacMILLEN

NEW YORK—(AP)—Let the children rejoice this year, for Santa Claus will heft the biggest Christmas pack that America has seen in a decade.

And let the grownups be glad—if they can.

Guns, planes, tanks and ships are building apace. Men are going back onto steady payrolls.

There are $12,500,000,000 of war and defense orders on the nation's industrial books, and the next session of Congress will provide more.

An official of the national defense advisory council at Washington this week said that within the next 18 months the income of the American people will cross the $100,000,000,000 mark, and that 5,800,000 men will have jobs who have none now.

That will soon leave few who are capable of working still without jobs and it should make Christmas, 1941, an even bigger one than this.

More To Spend

It will give people more to spend by a good many billions than they had in the year of the golden legend, 1929.

If the flow of money into weapons is still going on when another Christmas rolls around, it will add point too, to what the defense official, John D. Biggers, Toledo industrialist who is executive assistant to William S. Knudsen, had to say when he offered his estimates of the coming months:

"God knows, I would wish that it were any other kind of industry that would bring us this income."

Yet events, neither abroad, where the war of diplomacy and steel was intensified this week, nor in Washington, where further steps were taken to speed the defense program, indicated any reason to doubt the general correctness of Bigger's estimates.

Thanksgiving delicacies, said Dun and Bradstreet's trade review, were bought in greater quantities this year than last, and Christmas shoppers appeared to be nibbling earlier than usual, although the full rush was yet to come.

The federal reserve board at Washington said department store sales last week were 13 per cent ahead of a year ago, despite the fact that the latter was a period of brisk business.

LEAHY NAMED US ENVOY TO FRENCH POST

Puerto Rico Governor Goes To Vichy

ADMIRAL LEAHY

HYDE PARK—(AP)—The selection of Admiral William D. Leahy, retired, as ambassador to France was announced Saturday by President Roosevelt.

Leahy, who climaxed a 42-year career in the navy by serving as chief of naval operations from 1937 to 1939, has been governor of Puerto Rico since his retirement a year ago.

To Succeed Bullitt

The resignation of William C. Bullitt, present ambassador to France, has been in the President's hands since November 7. Its acceptance becomes a matter of course.

Whether Bullitt would be offered another government position or would return to private life, the White House was not prepared to say. It had not been determined, either, when Leahy's nomination would be sent to the Senate. Presumably, he will be allowed time to wind up his affairs in Puerto Rico.

Pershing Refuses Post

Mr. Roosevelt had asked General John J. Pershing to become envoy to France because of his close friendship during the World War with Marshal Henri Petain, head of the Vichy government. Pershing's doctors forbade him to accept.

Dispatches from Vichy said officials there were "delighted" with the President's choice of Leahy, and that his selection marked the sincere friendship of the President for France.

At Puerto Rico, Leahy said, "I will go to France, China, the North Pole or anywhere the President sends me."

Dirty Business

Street Cleaners In Baltimore Strike

BALTIMORE—(AP)—Rows of trash baskets and garbage cans lined the streets in front of Baltimore's white-stepped houses Saturday in a strike by bureau of street cleaning employes for higher wages.

Papers from overflowing receptacles littered streets. In some areas, trash baskets had been standing at the curbs since Thanksgiving Day.

Mayor Howard W. Jackson called off a scheduled negotiations conference with announcement "we will talk to them (the strikers) after they go back to work and not before."

WETS WIN ELECTION

BIG SPRING—(AP)—Howard county voted to retain sale of all alcoholic beverages in a local option election Saturday. The margin was 1,833 to 1,333, with only one small box unreported.

47 Volunteers Will Get Send-Off In Valley

(Story telling how Valley National Guard goes into action Monday may be found on Page 4. Article on Fort Sam Houston Reception Center routine, written by an army officer, is on Page 5).

HARLINGEN—The Valley's first quota under the Selective Service Act, consisting of 47 volunteers from Rio Grande City to Brownsville, will leave for Fort Sam Houston Sunday night for a year's military training and in most draft board areas sendoffs were being planned to bid the departing men good luck and farewell.

Harlingen will be the concentration point for many of the men who will be assembled here for the journey to San Antonio in a special car over the Missouri Pacific. Three men from Starr county, eight from the Mission draft area, seven from the Weslaco area, seven from the Harlingen area and five from the San Benito area will be assembled here and will be joined at Raymondville by three from Willacy county. Eight men from the Edinburg draft area and six from the Brownsville area will leave over the Southern Pacific from those two towns.

Legion Host To Dinner

Volunteers from the Harlingen draft area will be given a dinner at Johnson's Cafe at 7 p. m. Sunday under auspices of the American Legion. After a band concert at 8:00 there will be a torch parade from

GEORGE GETS PITTMAN POST

New Foreign Relation Chief Selected

SENATOR GEORGE

WASHINGTON —(AP)— Senator Walter F. George, veteran southern Democrat, was selected Saturday to be chairman of the Senate foreign relations committee and immediately declared he would pursue a policy of working in "close harmony" with the State Department.

In a talk with reporters, the grey-haired Georgia senator also indicated that he thought it would be unwise to seek congressional action at this session on "controversial matters" in the field of international relations.

"It will be difficult to maintain a quorum," he said. Only 45 senators—four less than the quorum necessary for transaction of business—attended yesterday's Senate meeting.

George's attitude appeared to rule out the possibility, talked by some senators, of action at this session on the question of extending credit to Great Britain.

Senator George was the unanimous choice of the Senate Democratic steering committee for the chairmanship of the foreign relations committee, left vacant by the death of Senator Key Pittman (D-Nev). A resolution formally elevating him to the post will be presented to the Senate Monday.

U. S. Anti-Aircrafters Fire On Real Planes

KELLY FIELD, Tex. — (AP) — Large scale conversion of obsolete army training planes into radio-controlled flying targets for anti-aircraft gunners was disclosed Saturday at this busy finishing school for air corps pilots.

Forty-five old but serviceable biplanes already have been equipped with the control apparatus and tricycle landing gears at nearby Duncan Field, air corps depot. Twenty-one others awaited their turn in the engineering shops.

Most of the crafts already transformed have been sent to the Panama Canal Zone to perfect the canal's protection against bombers, officials told newsmen on a defense survey tour. Others were believed destined for Hawaii, Puerto Rico and new coast artillery anti-aircraft firing centers.

This use of old planes on such a scale represents a new departure for the army, although navy gunners have long blasted at a few crewless target planes in Hawaii and Great Britain developed a single plane, the Queen Bee, before the European war.

M'ALLEN HAS DEDICATION OF NEW AIRPORT

Field Is Named For Sam L. Miller

(See Pictures On Page 7)

McALLEN — McAllen dedicated its new municipal airport Saturday to Sam L. Miller, its benefactor, and to the future of aviation in the Rio Grande Valley.

The 176-acre field, a portion of which has yet to be placed in use, will be known henceforth as Miller Municipal airport, Mayor Horace Etchison told a gathering of citizens who witnessed brief dedication ceremonies at the field shortly before noon. Business men of the city gathered a short time later at the Casa de Palmas hotel to honor Miller with a luncheon.

Miller's Birthday

Saturday was Miller's birthday and he enjoyed its events immensely.

Mayor Etchison's official announcement that the airport would bear the name of the well known Upper Valley financier was, the executive explained, the result of Miller's recent contribution of 89 acres of land to the field, more than doubling its size.

Already a long east-west runway, the first the port has acquired, has been cleared on a portion of the tract Miller donated. Additional land will be cleared soon under a National Youth administration project at the port.

Jaul T. Vickers, chamber of commerce manager, officiated at the dedication. He introduced Etchison and a number of other speakers and civic leaders.

Predicts Growth

City Commissioner Norman Buescher predicted in a brief talk that "we will have one day one of the finest airports in the Valley."

"This is just the beginning of an airport," H. H. Hensley, chairman of the chamber of commerce airport committee, asserted. "You'll see here soon runways large enough for landing and taking off under any weather conditions."

Homer L. Leonard, state legislator and next speaker of the house of representatives, came to McAllen especially for the dedication in the midst of a heavy program of work at the capital, preparing for the January session. Leonard praised Miller for his civic work, especially for his contribution to the airport.

"And I want to cite another example of his efforts in the Valley's behalf," said Leonard. "Mr. Miller has spent more of his own money, without any hope of return, than anyone else in the Valley to get us some relief from the 7,000-pound load limit.

"This fine airport is made possible because of his interest in McAllen and his work for his home town."

U. S., Mexico Study Bogus Divorce Ring

EL PASO—(AP)—The possibility that "several hundred Americans" may be possessors of bogus Mexican divorces, manufactured by an alleged "counterfeit divorce factory," drew the attention Saturday of both U. S. and Mexican authorities.

The bogus decrees, it was said, bore the signatures of minor court judges of Villa Ahumada and Praxedis G. Guerrero, small towns in the state of Chihuahua.

Almazan Returns

Revolution Dropped By Mexican General

BALTIMORE—(AP)—General Juan Andreu Almazan, recent candidate for the Mexican presidency and now en route to Mexico City, "believes it is his duty to avoid any struggle between the Mexican people," his brother, Dr. Leonidas Almazan, said Saturday night.

Dr. Almazan said the general and his family, who have been in the United States several months, left by train for the Mexican capital Friday night.

Dr. Almazan said the object of his brother's trip was to "avoid any possibility of a revolution." Upon his arrival, General Almazan will deliver a "message" to the Mexican people. He "has communicated with his friends in Mexico with the order that nobody wait for him when he arrives . . . and to remain at their homes, in order to avoid wrong interpretations . . . "

Wet Cold Wave Sweeps Texas; Traffic Halts

Icy Highways Bring Death; Heaviest Rains In Years Bring Danger To East Texas

By The Associated Press

Ice glazed highways and snapped communication lines in the Texas and Oklahoma Panhandle Saturday night while in East Texas the heaviest rains in years halted traffic and harassed residents.

Amarillo reported the situation growing worse as a 14-mile wind whipped wires and trees loaded with an inch of ice. Some Panhandle communities were without power.

The weather bureau forecast temperatures of 33 to 30 with continued wind during the night. Warmer was predicted Sunday.

The death of a child and the serious injury of a farmer were attributed to the weather in East Texas. Doyle Nichols, 4-year-old son of Mr. and Mrs. Ernest Nichols of Laneville, Tex., died after being struck by a truck during a heavy storm. Ed F. Posey, 69, of Rusk county, suffered broken legs when struck by a hit-and-run motorist.

Damage Is Reported

County agents reported serious damage to farm lands, bridges were washed out, dams broken and travel stopped in an area extending from East Texas into Louisiana.

A slow drizzle fell over most of Oklahoma after replacing light snows in the Panhandle. The mer-

The pass will help supply fresh water to Laguna Madre, considered one of the greatest natural spawning beds along the nation's coast.

Bulgarian Blackout Is Ordered

ANKARA, Turkey —(AP)— German Ambassador Franz Von Papen conferred with the Turkish foreign minister for nearly an hour Saturday night in an interview in which the future of Turkey may have been decided.

The nature of the conversation Adolf Hitler's ace trouble shooter had with Foreign Minister Sukrun Saracoglu was not disclosed, but it was presumed he delivered terms for Axis acceptance of Turkey in the projected "new European order."

Saracoglu received Von Papen following audiences with the Greek and British ambassadors, who called separately.

The Turkish cabinet meanwhile discussed enforcement of regulation in areas put under marital law Friday.

By The Associated Press

Rumania, territorially enriched by the World War but stripped of much of her acquired lands at the bidding of the Axis powers last summer, threw in her lot Saturday with the Berlin-Rome-Tokyo military, political and economic alliance.

In Adolf Hitler's ornate chancellory in Berlin, the Rumania dictator, Gen. Ion Atonescu, signed the same terms which Rumania's none too friendly neighbor, Hungary, signed only a few days ago.

Bulgaria and Nazi-dominated Slovakia, remnant of Czechoslovakia, are expected to sign next.

Nazis Near Dardanelles

The alignment of Rumania with the Axis forces brought the Nazi influence to within 250 miles of the Dardanelles, and intensified diplomatic and governmental activity in Turkey, now under martial law.

The Turkish Foreign Minister Sukru Saracoglu received the Greek and British ambassadors in separate audiences, and there was belief Germany's ambassador, Franz Von Papen, would hand turkey a proposal to line up with the "new order."

The Greeks, happy over the fall of Koritza, Albania, an Italian base city, were reported to have split the retreating Italian army in two

CHURCH RAPS LIQUOR SALE TO CHILDREN

Prescriptions Sold 'To All Ages'

DALLAS—(AP)—Delegates to the closing state Baptist Student Union golden jubilee convention Saturday heard charges that prescription whiskey in dry counties was being sold to persons of all ages.

Dr. H. E. Fowler, Dallas pastor and chairman of a special committee, declared in a report: "Some doctors are selling thousands of prescriptions every month, going to children of all ages, thereby making drunkards of them and demoralizing them generally."

The convention adopted a resolution asking the legislature to enact laws making mandatory a physical examination to determine whether whiskey was needed before a doctor prescribed.

Fort Worth Next

The convention voted to begin next year's convention on Thanksgiving Day at Fort Worth and continued all officers for another year.

Valiantly, messengers staged a twice-postponed parade in buffeting rain as the grand finale of their three-day meeting—a meeting attended by 13,000 messengers and visitors.

And "If the Lord had seen fit to bring this blessing of rain some other day we should not have been unthankful," commented Dr. T. C. Gardner, state director.

90 Dry Counties

Dr. Fowler cited a statement by Dr. W. D. Bradfield, chairman of the Texas Liquor Control Board, that 500 drug stores in the 90 dry counties of the state had sold 4,015,684 prescriptions for whiskey in the seven months ending June 30. He said this totaled 403,116 gallons.

Winner of the three-year age group story telling contest was Betty Rae Rogers of Del Rio. Carol Ann Garner of Houston was the five-year age winner, and Jean Eileen Kincaid, four, of Abilene, winner in her class.

Executive Board

The convention approved the nominating committee's recommendation that the following be elected to execute board places vacated by term expirations:

Guy Newman, Temple; A. C. Miller, Belton; T. C. Jester, Houston; John L. Whorton, Longview; J. Earl Mead, Dallas; H. H. Hargrove, Waco; E. S. James, Vernon, and W. L. Howse, Fort Worth.

Lefors Banner

The First Church of Lefors, in the Panhandle, won a banner for having sent the largest percentage of its membership to the convention. It has a total membership of 557, with 224 in the training union, and sent 12 delegates.

Longview's first Baptist church won the award for having brought to the convention the outstanding poster.

Decry Drinking Mother

The convention went on record as favoring and supporting the national defense program and planned that training unions near camps supply spiritual needs of training union members drafted.

Other resolutions decried drinking mothers, careless automobile driving and the sending of Myron C. Taylor by President Roosevelt to Rome as his personal representative to the Vatican.

VULTEE STRIKE 'WORK OF REDS'

(Continued from Page 1)

Dies (D-Tex) of attempting to "disparage and discredit" the work of the federal bureau of investigation.

Dies, commenting on the "White Paper" published by his house committee on un-American activities, had expressed the opinion FBI methods of combatting sabotage and espionage were ineffective. The "White Paper" dealt with alleged Nazi activities in this country which Dies contended could best be thwarted by giving them publicity.

Defends FBI

Jackson said the FBI's work "is necessarily carried on quietly and without publicity" he went on to say that he had "inclined to the view that there was sufficient field to warrant the publicity activities of a legislative investigating committee even if some of those activities have the effect of endangering by premature exposure the work of this department." He added:

"It would not seem, however, that such legislative activities need be accompanied by attacks on the federal bureau of investigation whose purpose in investigation is quite different from that of a legislative committee, and, of coure, should not and must not compete with the legislative committee for publicity."

Would-Be Holdup Man Is Resting In Hospital After He Tangles With Unafraid War Veteran Store Keeper

PITTSBURGH— (AP) A would-be holdup man, with a bullet wound in an arm and his face cut and bruised, lamented Saturday that he ever considered robbing A. J. Baker, a suburban grocer.

From a hospital bed the man told detectives:

"I heard Baker was tough and I wanted to find out how tough he was. I sure found out.

"Imagine a guy taking your gun away from you and then beating you up. I'm so surprised, I ain't got over it yet."

When the man walked into his store last night, Baker, a World War veteran, quickly disarmed him and let loose with both fists. The chagrinned intruder fled and surrendered to police after being treated by physicians.

Only three nights previous Baker thwarted another holdup at his store. He grabbed a revolver from a shelf and blazed away at three gunmen, who ran off in a panic.

Said Baker Saturday:

"The only way they can rob me is to put me on a slab in the morgue."

TOPEKA, Kas.—(AP)—The Kansas gubernatorial race came to the end of another week Saturday with one supreme court decision and threats of further court action.

Saturday the supreme court denied the Democratic nominee a writ of mandamus to compel the state canvassing board to allow his representative to scan the affidavits detached from the ballots.

Burke's lawyers threatened further court action.

FIREMEN WANT BROKEN TOYS

Christmas For Poor Children Planned

HARLINGEN—A call for more toys for Harlingen youngsters who will otherwise do without Christmas playthings, was issued here Saturday by Fire Chief Jake Childress.

Following their annual custom, the Harlingen firemen are repairing worn and broken toys to be given to poor children for Christmas, asking people with discarded or broken playthings to help these children have a happier Christmas.

The firemen have placed all toys they have thus far received in shape for Santa Claus' annual goodwill trip among local kiddies, and are anxious to have folks bring more toys in right away. People who have them to give are asked to bring them in now, or call for someone to pick them up, instead of waiting until just before Christmas.

Boy Scouts will help the firemen this year, playing Santa Claus by delivering on Christmas Day, the toys that the fireboys have made look like new.

WET COLD WAVE SWEEPS TEXAS

(Continued from Page 1)

cury in the northern half of that state dropped to the 30's before dark. The southern, southeastern areas received most of the precipitation late Saturday.

Streams were still rising but no loss of life was reported from the areas around Logansport, La., Nacogdoches, Tex., and Palestine, Tex., which were hardest hit by the torrential downpours.

The southward movement of a mild cold wave meeting warm air from the Gulf of Mexico brought on general precipitation over much of Texas, Oklahoma, Louisiana and Arkansas.

Logansport Isolated

Logansport was isolated from highway communication after 13½ inches of rain in 36 hours. Rain still fell there and the Sabine River was rising.

No major damage resulted from the floods which came from rainfall rather than river overflow both at Logansport and Palestine. Water swept into stores at both places during the day, but storm sewers were handling it satisfactorily Saturday night.

Only a sprinkle was falling at Palestine which reported 12 inches, twice that of any previously recorded in 24 hours.

Highway traffic from there was restored but washouts forced the Missouri Pacific to re-route its trains to Houston and Jacksonville. The dam of a 5-acre lake on the place of Martin Davey, Palestine oil man, went out, sending water across State Highway 43 and damaging approaches to a bridge a quarter mile away. Trucks and buses were rerouted around the bridge but passengers cars passed over temporary fills.

Creeks Are Rising

Creeks were rising around Nacogdoches which got 10 inches in 12 hours. Half a dozen residences were under water but the principal damage was to sawmills and warehouses along a cross-town creek. Late fall crops were destroyed and livestock drowned. Broken gas and water mains inconvenienced residents.

An inch of snow fell at Boise City, Okla., while a freezing rain fell at Amarillo, in the Texas Panhandle.

Small streams in north, central and east Texas were out of their banks from rains ranging up to 5 inches.

Both the Little and Leon Rivers were bank full near Temple which got 1.88 inches.

Livestock Moved

The Dallas weather bureau warned farmers to remove livestock from low places along the Trinity River.

The temperature was 39 at Miami, Okla., where mist still fell. Farmers in that area reported much benefit to wheat and barley from a 3.75 inch rain in three days.

At Gainesville, in North Texas the temperature had dropped 13 degrees to 51 since morning as rain continued falling.

The Brazos River was rising slowly at Waco where it stood at 26 feet, 12 feet from flood stage. Rainfall in 36 hours had totaled 4.51 inches there.

Traffic was stopped on interurban lines out of Corsicana by high waters over Briar Creek. The Cotton Belt Line between Waco and Corsicana was under 18 inches of water with the flood rising slowly. Corsicana received 3.85 inches of rain.

Henderson's 9.54 was the worst in more than 25 years. Tyler had 5.35.

Many dams were washed out in Rusk and Smith counties. Cooper's Lake, largest in Rusk, lost 40 of 70 acres of water.

An engine of the Missouri Pacific branch to Overton was derailed north of Henderson. It was hoisted back undamaged on the tracks. Gravel roads and freshly-terraced farm lands were washed badly.

The icy weather in the Panhandle was severe on livestock but stockmen said few losses were expected because the grass was not covered and animals could graze.

Driving Dangerous

Although Panhandle highways were not badly coated with ice, driving was hazardous because of the fog and drizzle.

In Amarillo, electric conductors in exposed places were flapping as much as 10 feet out of line. Vega, Channing, Dumas and Sunray were without telephone service.

McALLEN PORT IS DEDICATED

ing the program were City Commissioners Fidencio Guerra and F. E. Osborn, Postmaster Harry Merts, Airport Manager Walter S. Fullwood, Vice President P. H. Graning of the chamber of commerce, Mrs. Miller and little Miss Barbara Miller.

Vickers presented to Miller as a keepsake the first airmail cover, executed especially for the dedication event, addressed to the Miller Municipal Airport.

Fullwood announced that two special flights of airmail would be made to commemorate the occasion. One left at 3:30 p.m. Saturday and the second will leave at the same hour Sunday.

Fullwood is flying both trips. The mail is being taken to Corpus Christi Sunday to meet the second flight there.

Eighty of McAllen's most prominent business men attended the luncheon with Leonard acting as toastmaster and five speakers paying tribute to Miller.

Vickers explained that the luncheon was held for two purposes—in honor of Miller's 39th birthday and dedication of the new airport, for which he said Miller was largely responsible.

Mayor Etchison Speaks

Mayor Etchison spoke on "Sam Miller as a Citizen," declaring that he "has done more of his own free will than any other one man to help work out some of McAllen's major problems."

Merts spoke on "A Country Boy Goes to Town;" Chamber of Commerce President V. E. Cook talked on "Sam Miller as a Civic Leader;" and Chamber Vice President P. H. Graning spoke on "Sam Miller as a Friend."

The honor guest responded by declaring all he had done had been with the cooperation and assistance of his fellow citizens and said he hoped to be able to do bigger and better things for McAllen in the future.

Among the visitors were State Senator Rogers Kelley and County Judge-elect J. C. Looney, both of Edinburg.

HOUNDS HUNT TWO NEGROES

Louisiana Parish Is Aroused By Crime

HAMMOND, La. — (AP) — Several hundred state, parish and city officials and possemen, aided by bloodhounds, scoured the woods of southern Tangipahoa parish Saturday night searching for two Negro suspects in the sensational early morning robbery and slaying of Steven Bench, wealthy Hungarian farmer.

Most of the more than $5,000 in currency and securities reported missing, was recovered during the day, the last of it when Policeman Dick Cutrer fired upon but failed to stop one Negro, who fled into the woods, after tossing a wad of bills totaling $2,600 over a fence.

One of the men suspected, officers said, of being the killer of Miss Julia Bergman, 60 year old dairywoman, who was bludgeoned to death in a similar crime a week ago.

Bulgaria Blacks Out

Bulgaria ordered its first nationwide blackout and restricted internal telephone communication, but the public was assured in numerous communiques that no army was likely to march through the country to battle.

An American, J. K. Gordon, long a resident of Athens, declared Britain was giving Greece a great deal more help than London admitted officially. Gordon said he was impressed by the number of troops, planes, ships and war materials placed at the disposal of the Greeks.

The British ambassador to the United States, Lord Lothian, said Greek successes had made the British "thoroughly enthusiastic" but also stated that his nation's financial problem was "becoming urgent."

Three London Raids

London had three daylight raids and bombs fell in one suburb and on a Thames estuary town. British fighters were declared to have shot down seven Italian and one German planes in a battle over the Dover Strait, and three German planes elsewhere.

German sources said Italian planes shot down four British planes and lost two.

The first night raid on London came at dinner time.

There was no official disclosure about the extent of the damage in Friday night's 11-hour bombing of the Midlands, but great piles of wreckage were left in two towns, which the Germans indicated were Coventry and Birmingham, and there were indictations of heavy casualties.

New RAF Attacks

The British reported new attacks on Germany and German-held territory.

With Rumania and Hungary now a part of the Axis and Slovakia and Bulgaria reported ready to sign, here is the European picture in brief outline:

Denmark, Norway, Holland, Belgium, Luxembourg, part of Poland, and the richest part of France occupied by Germany. (Austria and Czechoslovakia vanished earlier).

Greece fighting Italy; Albania occupied by Italy; Spain at peace but sympathetic towards Berlin; Switzerland doggedly neutral; Turkey and Yugoslavia waiting; Finland trying to recover from the Russia invasion of a year ago; Sweden neutral and alert; Estonia, Lithuania, and Latvia absorbed last summer by Russia, which earlier shared Poland with Germany; Portugal, traditionally pro-British, still neutral.

Mexico Trouble

Almazan Visit Said Revolt Attempt

MEXICO CITY—(AP)—Responsible government sources and political quarters Saturday night characterized General Juan Andreu Almazan's journey to Mexico as a "carefully conceived attempt to provoke an uprising of the Mexican people" coincident with the inauguration of President-elect General Manuel Avila Camacho December 1.

They said any such attempt would be marked by failure.

One government official declared that if "Almazan were sincere he would remain in the United States until after the inaugural ceremonies instead of returning at this time to deliver a 'message' to the Mexican people. His arrival only means trouble."

EVENTS TOLD FOR WESLACO BIRTH PARTY

Dec. 12 Program's Details Given

WESLACO—Plans for the most exciting entertainment ever held in connection with a Weslaco Birthday Party have been completed by T. G. Cressner, general chairman, who Saturday promised "something for every minute" of the day on Thursday, December 12."

"Between the platform shows, the contests, the concerts, and the picture show and educational program, everybody will have a day packed with fun," Cressner said. "You'll go home tired but happy. Everything is free."

The three main blocks of the Weslaco business section will have a platform each, centered in the street, on which shows will be staged all during the day. There will be a 20 minute show on one platform, then a 20 minute rest, then a 20 minute show on the next platform, followed by a 20 minute rest, and so on all during the day.

3 Platforms

Pat Cannon will have charge of platform one, Abe Wren of platform two, and Rogers Smith of platform three, according to Cressner. The following schedules have been worked out over a period of several weeks.

From 11 to 12:20 a.m. the American Legion will give at one of the platforms a full demonstration of saluting of the American flag including how to place a flag on various days. This demonstration will be concluded by the entire audience taking part in saluting the flag.

Service Clubs

From 11:40 to 12 noon the Kiwanis Club will stage a show at one of the platforms; from 1:00 to 1:20 the Lions will put on a performance; from 1:40 to 2 the 20-30 Club will have a platform show; from 3 to 3:20 the B. and P. W. Club will have a show; and from 3:40 to 4 p.m. the Rotary Club will stage a platform show.

During the 20 minutes from 2:20 to 2:40, the Southern Star Home Demonstration Club will stage a somewhat different event in the form of a ladies minstrel. "They can act as well as they can cook," Cressner said.

PAA Shows

In the empty building south of Cressner's Drug Store, there will be showings from 1 to 2 p.m. and from 3 to 4 p.m. of Pan-American Airways educational pictures of South America, and from 4 to 6 p.m. in the same building there will be an educational program put on by the Weslaco Agricultural Association. Both of these shows are free.

In the "off time," three bands will give concerts, including two out-o-town bands, and sandwiched in between the platform entertainments there will be on the vacant lots in these three blocks of Main street a number of contests including hog calling, milk drinking contest, fat man's race, horseshoe pitching, and water fight between the firemen and citizens.

BIRMINGHAM SET AFLAME

Nazis Say Workers' Homes Are Fired

By The Associated Press

BERLIN—Flaming "lakes of fire" were started in the very heart of Britain's major industrial city of Birmingham, the official German DNB news agency reported Saturday, in an overnight 300-plane Nazi assault—the second against that vital center this week.

It declared that important factories were hit and entire blocks of nearby workers' dwellings set aflame. This DNB report apparently was the first semi-official admission that workers' quarters had been fired wholesale by German bombs.

Major Destruction

The major destruction, it added, was centered around Birmingham's larger factories, with munitions plants especially hard hit.

In an air fight over the channel Saturday, DNB said Italian planes taking part in the siege of England shot down four British pursuit planes and "probably two more." Two Italian machines were lost.

7 Italian Ships

(The British said seven Italian planes were shot down in the channel battle against no British losses.)

The high command also reported its air force Friday night renewed forays against Coventry, the ports of Southampton and Bristol.

DNB also said London was subjected to its "nightly shaking down."

7 Civilians Die

British raids on western Germany and Nazi-occupied France killed seven civilians and injured 20, the daily communique said.

In sea warfare, the high command reported two British freighters were damaged during air attacks on convoys.

EXPERT URGES 5 NEW CROPS

Money-Making Plants Growing Wild

TULSA, Okla. —(AP)— Oklahoma farmers were told Saturday that when cotton, wheat and corn won't bring the cost of production, there's money to be made in mustard, sage, sunflowers, licorice and coriander.

These five crops, said Dr. Paul Kolachov, research director for Joseph E. Seagram and Sons, Inc., of Louisville, Ky., are so well adapted to Oklahoma soil they sometimes grow wild in abandoned areas.

Yet, while they are capable of yielding a far greater cash income than cotton, wheat and corn, they have been so neglected in this country that big supplies must be imported each year.

Speaking before the Oklahoma Farm Chemurgic Council, Kolachov said, "we should encourage farmers to act as individuals and raise new crops that will bring good profits."

Sect Files Suit

Jehovah's Witnesses Seek Court Order

DALLAS — (AP) — A group of Jehovah's Witnesses filed suit in federal court here seeking to enjoin officials at Waxahachie from interfering with their visits to that city.

The McAllen Chamber of Commerce tourist department conducted 23 tourists on a trip to Port Isabel and Padre Island Saturday. And on Friday a group of 20 winter visitors and tourists enjoyed a fish fry, with Mr. and Mrs. William G. Olson furnishing approximately 35 pounds of fish which Olson caught in the gulf the past week on a two-day fishing trip off Boca Chica

Ginnings this season included about 11 per cent strict middling and better compared with 18 per cent last year, and 48 per cent middling compared with 32 per cent last year. Strict low middling and below was 32 per cent of ginnings this year as compared with about 30 per cent last year.

Another Government Official Killed

BIRMINGHAM, Ala.—(AP)—A mysterious telephone threat to another government official, made two hours after Robert F. Perry, veteran U. S. secret service agent, had been wounded fatally, gave police a new angle in their investigation of the slaying.

Perry died Friday without regaining consciousness after an unidentified assailant inflicted several head wounds Wednesday night.

Detective N. C. Propst said the weapon used probably was a pick axe, which has not been found.

The name of the government official who received a threat over the telephone two hours after the Perry attack was withheld.

FREER—More than 20 local units of the Tenth District of the Texas Congress of Parents and Teachers will hear reports at their November or December programs of the recent state convention in Dallas, November 6-8, Mrs. R. H. Wilkins, district president, has announced.

Among the 28 delegates from the district were R. B. Fisher, superintendent of the Corpus Christi public schools and chairman of the reading and library service committee, and six principals from the Corpus Christi public schools: C. E. Burnett, A. H. Fisher presided over the sectional meeting of the reading and library service committee Wednesday afternoon.

WESLACO — "Spittunia Cuspidora" is the botanical name for one of the men entries in the division known as Men's Arrangements which will be a new and distinctly different feature of this year's flower show, which will be given as a part of the Weslaco Birthday Celebration to be held on December 11 and 12 at the Weslaco Exhibit Hall.

With regulations stating the "all rules disregarded" the males of Weslaco and the Valley can give vent to their imaginations or their inclinations toward the ridiculous in this their own division of the show.

Also new is the slipper arrangement division, which is included with miniature arrangements. This may include singles or pairs of slippers with flower arrangements, including baby shoes, according to Mrs. Jimmy Davis, president of the Weslaco Garden club, which is sponsoring this part of the birthday celebration.

Another interesting division will be a special non-competitive booth devoted to beautiful decorations for Christmas. This will include, for the special attention of the children, a trimmed Christmas tree complete with toys, stockings and decorated packages; a fire place and decorated windows.

Any amateur flower grower is eligible to exhibit in this show and prizes in the competitive division will be cash and ribbons.

SLAYER GETS PRISON TERM IN HIDALGO

Mauro Olquin Found After 10 Years

EDINBURG — A 10-year flight from the law was concluded in two brief hours here Saturday when Judge Rogers Blalock sentenced Mauro Olguin, 56, to five years in the penitentiary on a murder conviction.

Olguin since April 29, 1930 had been under indictment for the gunshot slaying of Baltazar Lucio at a point four miles northeast of La Villa in northeastern Hidalgo county. Lucio left a wife and child.

An argument over use of mules in farming a tract on which both men were working culminated in the shooting, old records here showed.

Ever since the indictment was returned, Hidalgo county officers have attempted to locate Olguin. He was arrested a few days ago at Victoria as a suspect in another shooting case but was subsequently cleared of any charges and another man was indicted.

Returned Thursday

Sheriff Bob Daniel was informed he was held in Victoria, and returned Olguin to the county jail here Thursday night.

Assistant District Attorney Jack Ross and Joe Chapa took statements from him Friday.

Judge Blalock, who replaced Judge Bryce Ferguson after the latter disqualified on the technicality that he was district attorney during the time the indictment was pending against Olguin, called the case to trial at 10 a.m. Saturday.

Pleads Guilty

At noon, after Olguin pleaded guilty before a jury and the case had been tried on an agreed statement of facts, Judge Blalock pronounced the sentence. George Wideman, court-appointed attorney, served as counsel for Olguin.

The man has no family and was a farm worker during his long game of hide-and-seek, Ross reported.

Hid Gun

Olguin offered to take officers to the scene on the Azadon ranch near La Villa where he hid the gun with which the shooting was committed, Ross reported. Because they felt they would have a difficult time finding it after all these years, they decided against such a quest.

The Lucio slaying occurred during the time the late A. Y. Baker was sheriff in Hidalgo. One of the officers who then worked on the case was John Bales of McAllen, now constable-elect there. The mystery is one of the oldest on county records to be cleared up, officers declared.

General Routine At Reception Center For Recruits Explaned By Lieutenant

Texas draftees reporting at Fort Sam Houston recently

* * * * * * *

On November 19, 1940, at 7:00 a.m. the 8th Corps Area received its first group of 47 draftees from the Houston Area. Successive inductive groups followed throughout the day and last group of 17 arriving at 9:45 p.m. at the Checking Station, Fort Sam Houston Reception Center. Total for the day was 171 selectees. The following story by 1st Lieut. Doyle R. Yardley explains the general routine at the reception center.

By LIEUT. DOYLE R. YARDLEY

The Reception Center is composed of a Headquarters Company and two receiving battalions, an organization set up to process 250-450 men per day. The steps of processing are as follows: A non-commissioned officer with trucks meet each induction group at the railroad station, and promptly transport them to the checking station, reception center, where the draftee presents his travel order, extract of selective service quesionnaire, and service record. The roll is called and absent men are reported.

At this time the men are marched to the mess hall for a meal.

Then the men complete the following process.

1. To the receiving company, the men go for bed, and equipment assignment.

2. Next, they are directed to the general classification test room for their intelligence quotient classification.

3. In the next step of processing, the draftees are directed to the personnel receiving room, where a large envelope is made for each man, into which go blank forms for drawing clothing, equipment, and service records and questionnaire. The selectee carries this envelope in person for the next step.

4. With records in hand, the selectees go to the classification section, where each individual is interviewed and classified according to his talents. Men will be placed with the organization where their talent is most needed.

5. The clothing and equipment station is their next step. Here the men are measured and fitted.

6. Then the men are directed to the medical section where vaccinations and immunization against small pox and typhoid fever is checked.

7. From the medical section they proceed to the records and assignment section, where the big envelopes with all the records are turned over to the record clerks. In this section, men are privileged to make application for government insurance.

8. Finally, the men are returned to their receiving company to get rest and to get adujsted to the army routine. All the above processing takes place the first day. They remain with the reception center four more days, then are attached to the Recruit training detachment for 30 days. After 30 days, the selectees go for permanent assignment with army organizations.

It must be kept in mind that this recruit reception center is a new phase of the army, to save time and properly classify men, and to avoid any assigning to the wrong organization. From now on, all three-year enlistments will also go through the same processing at the reception centers.

SUBSIDY FOR FOOD STAMPS URGED BY US

Agriculture Chiefs Want 400 Million

WASHINGTON —(AP)— The agriculture Department Saturday urged a $400,000,000-a-year appropriation to permit extension to all relief families of its stamp program for distributing surplus foods.

Inaugurated experimentally in a few cities a year and a half ago, the program now reaches 202 cities and counties and a total of 2,5[illegible]-000 relief clients. Officials said about $100,000,000 would be spent on it this year.

The recommendation for an extension of the program was made in an analysis of its operations to date which said that "farmers, low-income consumers and food dealers would all benefit substantially" from an expansion.

Under the plan, the department gives to relief families blue stamps which may be used for purchase of specially designated surplus food products [illegible] regular grocery stores. The go[illegible]ent redeems the stamps from t[illegible]ocers.

The report said the plan could be extended to all relief people and all employed low-income families (that is, those receiving less than $1,000 a year) in both rural and urban areas for about $1,000,-000,000 a year. A $400,000,000 appropriation, the department said, would permit its extension to 15,000,000 people.

A $400,000,000-a-year annual subsidy for a national stamp plan would increase the income of farmers by at least the amount of the subsidy, and possibly somewhat more," the department said.

Who's Your Movie Heroine, Deb Or Cinderella Girl? Both Represented

Fay Helm — Leila Ernst — Gene Tierney

By ROBBIN COONS
AP Feature Service Writer

HOLLYWOOD—Debutantes and Cinderellas are lining up to settle an old movie question: For a movie career, which is better?

Hollywood has been built on a rags-to-riches formula, with the girls and boys who had to fight like the dickens as the heroes. From Charlie Chaplin to Jimmy Cagney, from Mary Pickford to Joan Blondell and Ann Sheridan and Ginger Rogers and Alice Faye it's been a story of uphill struggle.

There have been debs who tried the screen before. Mostly they just called it quits for no reason other than the gaff.

But now some authentic specimens are getting places. Gene Tierney, in "The Return of Frank James," is a Connecticut girl who went through the prescribed motions for social butterflying but stuck to her resolve to be an actress. Broadway success in "The Male Animal" led her to pictures.

Fay Helm is of a prominent California family. She came to Hollywood with only enough money to live moderately and has made her way as a character actress.

Leila Ernst preferred acting to debutante parties. She's been a hit in musical comedy and took time off to make "Life With Henry."

But the Cinderellas are still with us. Among them, with a storybook background, is Betty Brewer, 13, a hit in "Rangers of Fortune." With her family unemployed, Betty and her brother and sister undertook street-singing to bolster income. They were singing outside the Beachcombers, a local restaurant, when a talent scout passed.

Lynne Roberts, not quite 18, has been on the stage since she was 9, along with her brother. Her father has been bed-ridden more than a year. Lynne, as Mary Hart, was playing romantic leads at a minor studio at 15. Need for more money sent her to 20th Century-Fox, where she's created interest in "Street of Memories" and "The Bride Wore Crutches."

Sixteen-year-old Joan Leslie broke into vaudeville when she was two. The prima donna of the show, aged 5, wouldn't go on to sing. Later she and her sisters toured vaudeville and night clubs in the east and Canada. Joan was born in Detroit. Her father is a public accountant. Before she was signed to a contract by Warner Brothers she was known as the "busiest newcomer" to Hollywood.

A few years from now the battle should be settled—but it may be a draw, with the answer dependent on talent rather than financial background.

SAY US SHIPS SENT SIGNALS

Destroyers Ask For Identification

MEXICO CITY —(AP)— The foreign office said Saturday that "minute examination of all documents submitted" led to the conclusion that U. S. neutrality patrol destroyers on duty off Tampico flashed signals asking identification of four German ships which sought to leave that harbor the night of November 15.

In the first official statement on the matter from the Ministry of Foreign Affairs, it was said reports submitted by the German vessel's captains and by the captain of the Mexican gunboat Queretaro, as well as a formal state department message delivered by U. S. Ambassador Josephus Daniels, had been studied.

Three conclusions regarding the incident were listed by the foreign ministry:

2. American destroyers, hours after the German ships had cleared port, signalled them with reflectors, seeking identification.

3. The German vessels at once undertook to return to port, their captains believing they had encountered enemy warcraft.

Three of the German ships succeeded in reaching their original anchorages. The captain of the fourth, the Phrygia, ordered her scuttled by the crew, which abandoned the vessel and reached shore safely. The Phrygia burned and sank.

How Dallas Does It: Valley Man Studies Highway Traffic Safety As Valley's Campaign Approaches

McALLEN—H. P. Griffin, Hidalgo county engineer, is in Dallas gathering information on how Dallas has made so much progress toward reducing traffic accidents and fatalities so that the same methods might be adopted in the Valley.

Associated Press dispatches from Dallas said that Griffin was gathering first hand information on how Dallas has made so much progress toward reducing traffic accidents and fatalities. He told authorities there that officials in the Valley were planning a similar campaign.

Dallas at one time went over 100 days without a traffic fatality and maintenance of the record became almost an obsession with the police force there, which roused a brain specialist one night to save a Negro from death. The death would have marred the record.

Dallas has a population only slightly greater than that of the Valley which has had 81 traffic deaths this year.

MANN RULINGS HANDED DOWN

Three Decisions Are Given Saturday

AUSTIN—(AP)—The governor's authority to turn over Texas land for U. S. military use and the lower Colorado river authority's power tto reimburse governmental subdivisions were subjects of rulings by Attorney General Gerald C. Mann Saturday.

Mann informed Governor W. Lee O'Daniel he was empowered to sell an easement to the United States to provide area necessary for a naval base channel at Encinal peninsula near Corpus Christi because land underlying navigable water was not public school land.

But the governor, Mann said in a second opinion, was without statutory authority to sell the federal government the mineral interest in 51,300 acres adjacent to Fort Bliss because the interest was dedicated to and owned by the state's public free school fund.

In the third ruling, Mann held the river authority could not legally reimburse governmental subdivisions for properties purchased from private utilities and consequently taken off the tax rolls.

By resolution, the authority sought to compensate counties, school districts and municipalities but the attorney general asserted it could not spend money for purposes other than those for which it was created.

The band and its outriders, co-stars with the university football team from coast to coast, came here to feature the giant golden anniversary parade of the Texas Baptist Training Union. Shortly before the parade was scheduled to march, however, rain began pouring.

Movie cameramen were not to be denied. They set up their cameras. While parade waiters craned from far down the street, the Cowboys and their six girl outriders on their six white steeds marched a block, then turned around and marched back again to shelter.

2-MONTH OIL PRORATE SEEN

State's Production Under Estimate

AUSTIN —(AP)— Expecting issuance early next week of a proration order covering, probably December and January, Texas oil men learned Saturday overall state production this week was still under the U. S. Bureau of Mines estimate of market demand.

Texas Railroad Commission engineers reported that, considering a 3 per cent underproduction due to assigned but unproduced allowable, the current statewide yield was approximately 12,454 barrels daily below the federal bureau's demand forecast of 1,291,000 in November.

The net daily allowable of 1,318,-089 barrels reflected a 6,368-barrel daily increase over the previous week but underproduction was figured at 39,543.

The commission set a hearing on December 3 on whether production rules for the Payton field in Pecos and Ward counties should be modified.

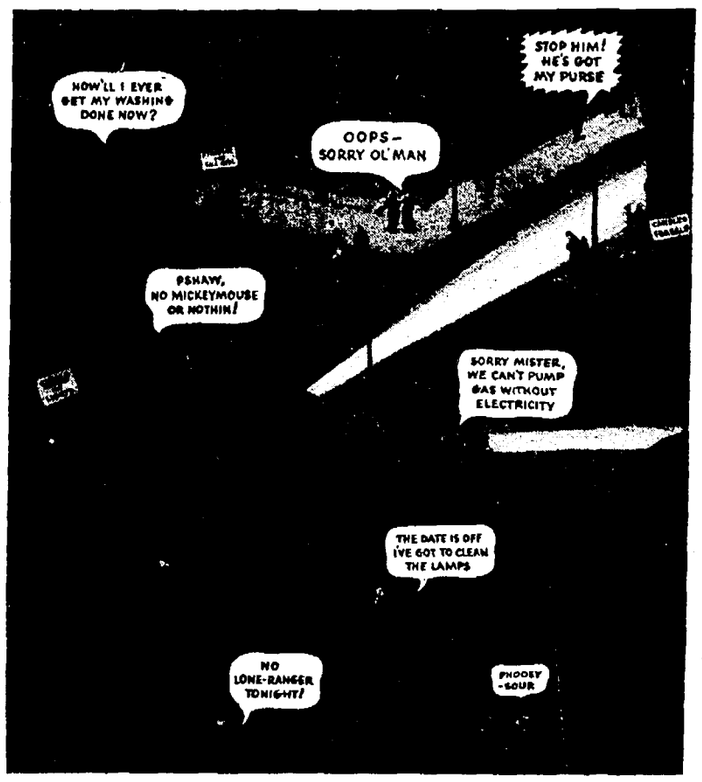
YOU LIKE 7-UP IT LIKES YOU



Ever been in a peace time BLACKOUT?

CAN you imagine life in a town in this modern age without electric service?

You get up and expectantly snap on the radio to your favorite early morning program. No response.

Like toast for breakfast? Sorry, you won't get any this morning. The milk is sour—no refrigeration.

Too bad if you drive to work and need gas. Gasoline, you see, can't be pumped without electricity.

Shop machines are idle. Cash registers won't work. Newspapers can't be printed. There are no street lights.

At home, the family has had a bad day. The washing machine wouldn't operate. The iron wouldn't heat. Food spoiled in the refrigerator. The vacuum cleaner was useless. Sister is fit to be tied because she couldn't get a permanent for the big dance.

You try to read—a strain by candlelight. Movies aren't running. You go to bed hoping "they'll" get things fixed by morning.

* * * *

Electric service is something that is taken for granted—until it is taken away. Only then do people appreciate how lost they'd be without it.

Another thing about electric service that is rarely appreciated is its *cheapness*. Many of our customers pay only eight cents a day or less for electric service. Almost all of them use at least three appliances. Many customers who use five or more appliances pay no more than ten cents a day.

We of Central Power and Light Company are proud of these accomplishments, because we do know we are making available a service which is cheap, and which steps down steadily in cost while it steps up in efficiency.

Interpreting The War News

British Seapower Wins

Pocket Battleship Which Attacked Convoy Has Disappeared; Hope Revived

By KIRKE L. SIMPSON

Events in southeastern Europe where the fall of Koritza luridly dramatized the failure of Italy's attack on Greece serve to obscure a hardly less favorable circumstance for England on the sea front of the far flung battle of Britain.

Appearance of a powerful German surface raider, presumably a big-gunned, fast Nazi pocket battleship, in a vital mid-Atlantic hub of Britain's shuttling sea traffic sent shivers of apprehension rippling through the British empire two weeks and more ago. Berlin claimed "complete destruction" of a big convoy flotilla although heavily guarded by British war craft.

That happened November 5, although Berlin did not report until three days later—a significant interval. Many days later, that Nazi raider seems to have disappeared as suddenly as she came. Instead of "complete destruction" of a score of cargo craft as Berlin claimed, the British said that only four out of 38 ships were lost.

The hero ship of that action was the British Jervis Bay, which engaged the Nazi raider until most of the cargo carriers had scurried to safety.

No Other Raids?

The important fact, however, is not the damage that surprise Nazi raid did or failed to do but that there has been no similar raid since. With every opportunity for bases in Norway from which to strike, the Nazi ghost ship seemingly has been driven to cover by British sea power.

The fact that Britain's navy has successfully screened merchant convoys for more than two weeks from a repetition of the raid speaks volumes for admiralty efficiency.

MANN RULES TRANSFER OK

Governor Can Give U. S. Land

AUSTIN —(AP)— Two opinions dealing with the governor's power to turn over Texas land to the federal government for army use were rendered by Attorney General Gerald C. Mann.

In one, Mann held the governor was authorized to sell an easement to the United States to provide a spoil area necessary to the construction of a channel at Encinal peninsula where a naval base is being established.

Hs No Authority

In the other, the attorney general ruled the governor was without statutory authority necessary to sell the federal government the mineral interest in 51,300 acres adjacent to Fort Bliss.

Encinal peninsula and Oso bay are in Nueces county near Corpus Christi and the opinion said that lands lying under navigable waters have been held by the supreme court not to constitute public free school land. Therefore, Mann declared, no constitutional restriction applies.

Belong To Schools

The attorney general asserted, however, that the mineral interest in lands adjacent to Fort Bliss is an interest which was dedicated to and is now owned by the state's public free school fund.

"Since the minerals in question are public free school lands," the opinion stated, "by express language of the constitution they can only be sold under such regulations, as such times, and on such terms as may be prescribed by law. Terms of the sale must be prescribed by the legislature."

OKIES PERIL US DEFENSE

Wandering Jobless Are Problem

WASHINGTON —(AP)— The job-seeking wanderings of four million destitute farm and industrial workers has created a situation that imperils the national defense, Representative Tolan (D-Calif.) said Saturday.

Chairman of a special House committee investigting the problem of interstate migration, the Californian told newsmen that existence of this jobless segment of the American population was "undermining the morale of our people and anything that strikes at the morale strikes likewise at national defense."

He said nearly six months of hearings in scattered sections of the nation had brought a number of suggestions for action by Congress and the states. Final sessions of the group open November 29 when witnesses from the District of Columbia and Virginia, Maryland, Pennsylvania and West Virginia, will be heard.

Tolan said among the more important recommendations already submitted to the committee and which may be incorporated in a report to the house in January was one proposing the enactment of the states of uniform settlement and residence laws.

RAF CHURNS NAZI AREAS

London's Defenders Turn Back Raids

LONDON (Sunday)—(AP)—British airmen loosed Saturday night one of the heaviest in all their long series of attacks upon the German-held continental ports, while the aerial defense of England was so effective that for London and the provincial cities it was the quietest evening in weeks. Reports from the coast indicated the RAF's assault upon the Nazi bases across the Channel was over a wide area.

For hours in London the anti-aircraft guns fired only at long intervals. Raiders were reported driven from a northeast coast town before they had opportunity to drop a bomb. A southern town had its third raid of the war but it was declared casualties were only minor.

Hostile planes were over the Midlands and Wales as well, but up to midnight there had been no report of damage in those areas.

Saturday's most spectacular engagement was a furious battle high over the Dover Strait in which British Spitfires were declared authoritatively to have shot down seven Italian planes and one German flier. Three other German craft were brought down in flames elsewhere during the daylight hours.

British Destruction

The day also brought official reports of a new British mission of destruction far over Nazi territory—a counter-offensive launched in the moonlight of Friday night and ended in the hours before Saturday's dawn.

It was a story of familiar targets save one—an airdrome at Merignac, near Bordeaux, France, from which the Germans have been springing heavy bombers to bomb British shipping far out in the Atlantic.

That airdrome was declared to have been left aflame so spectacularly that the glow was visible a hundred miles away.

The British claimed hits on the industrial towns of Solingen, in the Ruhr; on oil tanks at Dortmund, the Krupp works for manufacturing synthetic oil at Wanne-Eickel; freight yards at Dortmund and the big Rhine port of Duisburg-Ruhrort; the Nazi-held ports of Lorient, Cherbourg, Le Havre, Ostend and Flushing.

DRAFTEES SAID U. S. BULWARK

Six Brownsville Men Honored At Lunch

BROWNSVILLE — The men now entering the army under the selective service act are forming a preparedness bulwark for the nation, Rev. R. O. Mackintosh said here Saturday at a luncheon honoring six Brownsville youths, all volunteers, who will be inducted into the service Monday.

"The present day consciousness of preparedness in this country is what the American Legion has been fighting for for many years," Rev. Mackintosh said.

"You young men are representative of that spirit, and the community is proud of you."

Reynaldo Garza, representing the Lulacs at the luncheon, said the volunteers, all of Latin-American descent, showed the American spirit better than any effort that could be made by the organization.

Other brief talks were made by representatives of the Rotary, Kiwanis, Lions, Elks and 20-30 clubs, the Chamber of Commerce, Knights of Columbus and city churches. The luncheon was held at the White Kitchen.

The volunteer draftees will leave at 8 p.m. Sunday for Fort Sam Houston at San Antonio. They are Jose Valdez, Barnabe Elizardo, Manuel Vasquez, Frank Blanchard, Alfredo Pompa and Pedro Cortez.

HYMIE CAPLIN FREE ON BOND

Fight Manager Head Of Swindle Ring?

NEW YORK—(AP)—Hymie Caplin, 40, stocky manager of five present and past world champion fighters, returned to his Broadway haunts Saturday night free on $25,000 bail on a charge of grand larceny in connection with a police investigation of widespread card swindles.

At the 20th Century Sporting Club he congratulated one of his fighters, Lew Jenkins, on knocking out Pete Lello and retaining his lightweight championship at Madison Square Garden Friday night.

In the line-up at police headquarters Saturday, Caplin was asked what he knew of a double-dealing, deck-stripping syndicate of swindlers who authorities said mulcted $4,000,000 from poker-playing businessmen.

"There is nothing I can say about it," replied Caplin, looking at a large glittering diamond on his finger.

Caplin was charged specifically with having participated in the $5,000 fleecing of a Brooklyn businessman in May, 1938, but Assistant District Attorney John J. Rooney described him at the arraignment as "one of three partners who were the head and brains" of the ring.

Red Cross Quotas Hit

Mission And Pharr Over-Subscribe Amount Asked, Set Records; Others Unreported

EDINBURG—Two Hidalgo county cities officially completed their 1940 Red Cross "roll call" drives Saturday, over-subscribing their quotas and setting a couple of records, County Chairman A. M. Tarbutton reported.

Mission, with a quota of $600, had received $814.52 up to noon Saturday. Tarbutton said this year's subscriptions were 80 per cent larger than those of 1939 and four times greater than the 1938 figure.

The roll call there was in charge of Mrs. Vernon Hill, chairman, who paid tribute to Rev. W. W. Stewart, Pharr, county roll call chairman; Supt. A. B. Martin of La Joya, Mrs. James Gillette and J. C. Thompson for their hard working coopcration.

Pharr also over-subscribed her quota, raising $351.62 with a goal of $300. Tarbutton revealed that Pharr's record is better than any other community in South Texas on a population basis. Rev. Stewart and Mrs. George McCullough had charge of the campaign.

Although the campaigns have ended at Mission and Pharr, local chairmen will still receive contributions and invite others who have not done so to join the Red Cross.

Tarbutton said reports from the other Hidalgo county communities are expected Monday and Tuesday.

War production units will be organized over the county Tuesday and Wednesday with the assistance of Urvin Rundle of St. Louis, Red Cross field representative, Tarbutton revealed.

Volunteer workers will make bandages, sweaters, socks and other garments with material furnished by the Red Cross. No expense will be involved locally.

Rev. Stewart has already received a quantity of material at Pharr which will be taken to the Edinburg city hall, where headquarters of the war production program will be established.

Mrs. T. W. Mahone of McAllen and Mrs. Vernon Hill of Mission will be in charge of the county-wide program, Tarbutton said. Persons interested in making garments or bandages with the materials furnished by the Red Cross are asked to contact Mesdames Mahone or Hill, Tarbutton, Rev. Stewart or Miss Adele Speed, Edinburg, executive secretary of the county chapter.

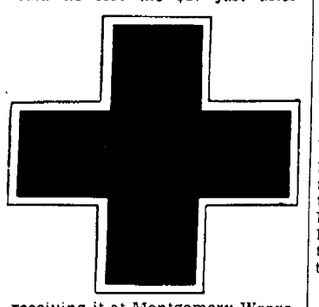
Harlingen Tops $1500 Quota For Red Cross

HARLINGEN — The Harlingen Red Cross roll call went over the top Saturday, with the $1,500 quota being exceeded slightly. But Roll Call Chairman E. M. Crockett announced the drive will be continued Monday and Tuesday, so that everyone will have opportunity to contribute to the cause of the needy and the disaster stricken.

Exact amount of money collected was not known Saturday night, because a number of district captains had not reported; but Crocket said it was known that the quota had been passed.

Contribution Lost

Meanwhile, $27 of Red Cross contributions was reported lost on the street here Saturday afternoon, and appeal made to the finder to return it. J. J. Willingham, one of the roll call workers, said he lost the $27 just after



receiving it at Montgomery Wards store, the money being contributions by Wards employes. The $27 was in a Wards envelope when lost, Willingham said. He asked that it be returned either to Wards or to Red Cross headquarters here.

District Chairman Roscoe Pryor and Crockett were highly pleased Saturday with roll call results, but said they expect Harlingen to do as other Valley towns have already done, and go considerably over the quota. Between 25 and 30 per cent of the workers have not completed their calls, and will continue working hard Monday and Tuesday, Crockett said.

Tables Are Success

The ladies had good success with their tables at the bank and post office Saturday, Crockett reported, and will continue their work Monday and Tuesday also.

Thirteen more firms were reported 100 per cent Saturday, bringing total of such contributors to 126 for the roll call. The 100 per cent firms reported Saturday were: Conrad Broden Clinic Laboratory, Montgomery Ward Co., Central Power and Light Co., Young Cheese Co., Valley Petroleum Co., Grant Lumber Co., Southern Pacific Freight Office, Temple Manufacturing Co., Younkin Motor Co., Bush Supply Co., Sears Roebuck Co., Harlingen Business College and Divine Shoppe.

MISSION TOPS MERCY RECORD

Red Cross Campaign Nets $827 Total

MISSION — Membership enrollment in the American Red Cross reached an all-time high in the Mission area as subscriptions Saturday had totaled $827.09, compared to $495, 1939 figure. Enrollments are still coming in, Mrs. Vernon Hill said.

High praise was given by Mrs. Hill to the corps of volunteer workers who made the campaign a success and to the spirit shown by the citizens in responding to the membership invitations. Particularly fine work in carrying on the campaign was done by J. C. Thompson, chairman of the business district; A. B. Martin and Mrs. James A. Gillett, who were in charge in rural areas, Mrs. Hill said.

McAllen Red Cross Reports Asked

McALLEN—Ernest A. Polzin, co-chairman of the McAllen Red Cross "roll call" drive, Saturday urged all persons to turn in their Red Cross subscriptions the first of this week. McAllen has a quota of 800 memberships.

Polzin asked citizens who wish to help suffering humanity and American men now called to the colors to leave their subscriptions at his office in Edelstein's Better Furniture store, with Mrs. Sallie Collier at the City State Bank or at the chamber of commerce.

He also asked every solicitor who had not completed canvassing his territory to work Monday and Tuesday and make a positive final report by Wednesday of this week.

"We are still slightly behind our quota, but we are going to finish this membership work by Wednesday night, and I am expecting every worker to complete his solicitations by 8 o'clock the night of November 27," Polzin declared.

EDINBURG—Anyone — men particularly—who would like to know what women talk about when they're alone should see the Valley Little Theatre's second presentation this season, "The Women," December 9 at the Edinburg Junior College auditorium.

The play has women down pat—what they say, how they gossip, how they play with no male companions.

Formerly set to be shown December 2, the date was changed this week, officials announced.

The play is taken from Clare Booth's outstanding stage triumph, which played to Broadway on a long time run. Road shows have enjoyed remarkable success with the play.

In the cast are many of the well known Little Theatre actresses including Arlen Kamlah, Connie Green, Shirley Fogelberg, Freddie Ganders, Shirley Burke, Jean Rightor, Cordelia McMahan, Margaret Owens, Mildred Downs, Imogene Brannan, Clara Cosburg, Annette Closner and Marie Miller.

Roger W. Babson Says

Christmas Trading During Coming Holiday Season To Be Best In Many Years; U. S. Determined On Gaiety

By ROGER W. BABSON

NEW YORK CITY — Christmas trade during the coming holiday season should be the best in many years. Business volume on my Babson chart is estimated at 118 for November. This is approximately six points higher than for November of last year. Moreover, all factors point to a stepping-up of business activity between now and Christmas. The rate of rise in retail spending will be sharper both prior to Christmas and in the closing weeks of 1940 than was the case a year ago.

The bitter election campaigns are being forgotten. The war is still 3,000 miles away. People are determined in spite of future uncertainties to have a good Christmas. Last year my optimism for a holiday rush—and it came—was based mainly on figures rather than on hopes. This year I base my conclusions upon figures, but in addition upon the feelings and the spirit of 120,000,000 people.

Lid Coming Off Business

Armament payrolls are being felt in the heavy industry states. Cantonment constouction is likewise providing new and larger payrolls. Activity in this field will certainly continue through and beyond the year-end. Retailers will benefit greatly from the wage spending embraced in these and other groups. The slack in unemployment is being taken up. Farm income continues to rise. Federal payrolls, including the armed services, are higher. Money in circulation is increasing. Millions or more dollars are available for retail purchases this Christmas than last year.

Thousands of individuals are getting back to work again. Their pay envelopes will buy more turkeys and other food, more clothes and other necessities. Higher stock prices and increased dividends will result in the purchase this holiday season of more goods in the luxury group. Steel, automobile assemblies, machine tool, electric output, and other industries are making new highs in production. The pressure in the business kettle is ready to lift the lid in a big way. Fear of money inflation, as distinguished from the credit inflation, will tend to push more funds into tangible goods this season than last.

Merchants Should Increase Advertising

Not for years has the buying psychology of the consuming public been so favorable. The unprecedented peace-time defense program gives the green light "go ahead" signal to retailers and purchasers alike. We are now in a sellers' market. The magnificent defense of Britain, plus the tonic effects of the domestic recovery, is transforming buyers. A greater feeling of well-being and security exists in the minds of the rank and file of our people who constitute the buying public.

Merchants face a golden opportunity this season to capitalize and to cash in on this change of buyers' heart. At times during the past months of the year large-scale advertising was not perhaps justified on the part of retail merchants. Now, however, they will be making a great mistake if they do not use more space to adequately describe for the consuming public the goods they have to sell. Moreover, such advertising should start immediately and increase in volume during the few remaining weeks of the year.

A Word To Shippers

Wall Street should be busier these next few weeks than it was a year ago; but Main Street certainly will be busier. Smart buyers will start shopping today. Restaurants, busses, street cars, taxis, sidewalks and stores will be jammed as the holiday trade approaches its climax. Retailers are not over-stocked this year. This is another reason for shopping early. Do not shop too late because by doing so you may rob yourself of a good selection of merchandise.

From a price standpoint this current Christmas season is a good time to buy. Do not confine this year's purchases to small gifts for the family and friends. Take advantage of existing prices to acquire new furniture, an ice box, a piano, or radio. Trade in your old car. Buy the clothes, furs, and jewelry you have been thinking about. The trend of prices, in spite of possible governmental checks, is upward. If the war continues and our country becomes further involved, many articles of common use may be restricted in manufacture due to priority classifications.

No Blackouts Here

War and fear of war stalks the city streets of every other country in the world today. We are fortunate that, here in America, we can once more freely enter into the spirit of the holiday season. For us the window displays of our shops will be as brilliantly lighted as in past years. We have much to be thankful for. In being thankful let us, in our buying, think of the needs of others. Let us remember our own families, but at the same time make purchases for less fortunate families or individuals. "We grow only as we give" is as true today as it was 2,000 years ago.

DRAFTEE SEEKS SECOND CHANCE FOR ARMY DUTY

SAN FRANCISCO—(AP)—Raymond L. Belisle, 31, who told draft officials he would "not join an army or navy while Roosevelt is dictator," has offered to join the army if the government would forget he ever made the statement.

The offer was made in federal court where he pleaded guilty to refusing to register for conscription. Federal Judge Harold Louderback said action was up to U. S. attorneys whether they were willing to drop the charge in return for Belisle's enlistment.

"If the prosecution is unwilling to do this," the judge said, "about the only man that will do you any good will be the dictator you spoke about."

Belisle, who formerly lived in Springfield, Mo., explained the "dictator note" which he handed to a draft registration clerk in Oakland, by saying, "I guess the campaign got me too worked up."

Election Spending Law Said Violated

WASHINGTON —(AP)— Senator Gillette (D-Ia) undertook Saturday a search for evidence of what he called a "wholesale violation of the spirit if not the letter" of federal laws restricting expenditures in this year's political campaigns.

As chairman of the Senate committee appointed to police the elections, Gillette set investigators to searching reports made to the clerk of the House of political contributions and expenditures he also wrote state officials for similar reports which they receive and dispatched requests for financial information to the chairmen of Democratic and Republican committees in every state.

The potatoes have been turned over to Captain Ralph W. Adams of the Salvation Army here for distribution.

TWO HUNTING FINES LEVIED

Several Cases Tried In J. P. Courts

EDINBURG—Two fines for hunting on enclosed lands, the first in which the district attorney's office has prosecuted this season, have been assessed in Justice of the Peace T. J. Fikes' court at Mercedes, Assistant District Attorney George Brown announced Saturday.

Clarence and Walter Schwebel of Mercedes, charged with hunting on lands owned by Newell Waters of Weslaco, pleaded guilty and were fined $10 and costs ($24) each, Brown said. The arrests were by Deputy Game Warden L. S. McMickin of Mercedes. The land is located near the Hidalgo-Cameron counties line.

O'Neal at Donna; and Lucio Sanchez, fined $1 and costs for assault and battery, and Joaquin Barrera, fined $1 and costs on the same charge, befort Justice R. L. Savage at San Juan.

Ballot Stuffing In Kentucky County Is Denied By Sheriff

PINEVILE, Ky. —(AP)— Sheriff Martin Green of Bell county denied there were election law violations here in the August primary.

"I know there was no ballot box stuffing in Bell county," the sheriff said, "and there was not a single precinct in which there were more votes than registered voters."

The sheriff's denial followed a Senate committee report which charged "clear violations" of election laws in this and other Kentucky counties.

Bulgarian Blackout Is First In History

SOFIA, Bulgaria —(AP)— Bulgaria took on a realistic war touch when it was blacked out from border to border for the first time in history and restrictions were clamped on internal telephone communications.

The public however was assured officially that no army is likely to march to battle through Bulgaria in the near future.

Tuberculosis Clinics Planned For Cameron

By DR. A. J. POLLARD
President Cameron County Unit

When the Cameron County Anti-Tuberculosis Society was organized a few years ago, we took our obligations seriously. We dug into affairs and found that Cameron county was losing more than 200 citizens each year from tuberculosis. The only means we had to work with was the small amount of our percentage from the proceeds of the Christmas Seal sale, and the depression reduced that to where we only had dimes when we needed dollars.

The situation looked hopeless. The only place to which we could send indigent patients for hospital treatment was the State Sanitorium, six hundred miles away. They took only early cases and kept them only six months. Only American citizens were accepted, and there was a waiting list of more than three hundred. It was the Latin population that was giving us the most trouble.

The only time the public ever came in contact with us was at our annual Seal sale, when we were considered necessary nuisances, but nuisances just the same. The fight has been long and hard. We have all been ready to quit many times; but fortunately not all at the same time. A few of us have kept up the fight.

The medical profession, the health unit, the nurses' association, the schools, the Parent-Teachers and the service clubs have all loyally co-operated 'till now we are glad to report that the Cameron county rate for last year was less than one hundred. The same method we are using has reduced the national rate more than eighty per cent in the last forty years. But that is not enough. So long as there is one open case in the community, no one is safe. The disease is contagious, and therefore preventable, and early cases are easily curable.

Our problem now is to find the open cases and get them in the hospital or otherwise under control, and to survey the contacts and borderline cases while they are curable. This will be a big job, but very much worth while. The best method so far found is the diagnostic clinic. There are nearly a thousand in the United States and about forty in Texas, all doing good work.

It is our purpose to establish one or more clinics in Cameron county, the first one in Harlingen to take care of this end of the county. The doctors, nurses and some of the laymen will do the work without pay. We have to take care of these people anyway, and can do it better and easier as a group. By this method we hope to be able to clean up the mess sooner.

This clinic will be diagnostic only, and will serve as a clearinghouse for the doctors. No treatment will be given except pneumothorax for the indigent patient who needs it and who can not be sent to the sanitorium.

Most of the remaining tuberculars are among the very poor people who are helpless to care for themselves. They are the people we are trying to reach. These patients will be received on card from the doctor or some responsible party certifying that the patient is entitled to this service. A complete examination will be made including history, physical examination, skin test, and X-ray and laboratory tests when required. A record of all this will be made and a written report sent to the doctor treating the case. Frequently it will be necessary to survey a whole family.

The expense of this work will be considerable, but the people who do the work will absorb two-thirds of it. If twenty-five people carry that much, we feel that the twenty-five thousand other people in this section will be glad to assume the rest.

The city will furnish the room, heat and light, and the county laboratory will assist. All the cash outlay will be for fixtures, supplies and material and X-rays which will be made at cost. Nobody will profit one dime, and it will require a lot of hard work. Our gain will be in the lives and health of our neighbors. While we are helping other underprivileged people, let's not neglect our own.

Nobody passes a burning residence or a drowning child without offering every assistance. We feel the same way about our neighbors' children who are dying of curable and preventable disease. If you could follow the doctor and nurse and see the tragedies they see every week, you could not sleep well without making some effort to help.

We are permitted to keep sixty per cent of the proceeds of the Seal sale for local use. Our annual Seal sale will start in a few days. We hope our friends will open their hearts and pocket books as generously as possible this year for we will certainly need it.

HEAT CITRUS FRUIT GROVES

California Growers Take No Chances

LOS ANGELES — (AP) — Citrus growers in the Pomona-Ontario section resorted to light scattered firing of orchard heaters early Saturday, but the federal fruit frost service said no damage reports had been received.

Minimum temperatures in the 40's were recorded in Los Angeles and San Bernardino counties, instead of the 26 degree minimum forecast. Wind in many localities kept temperatures above the danger mark.

Utility Properties Taken Off Tax Roll

AUSTIN—(AP)—Attorney General Gerald C. Mann informed the Lower Colorado River Authority it could not legally reimburse governmental subdivisions for properties purchased from private utilities and consequently taken off the tax rolls.

He said further he would take "such proceedings as are necessary" to prevent the proposed payments being made.

Valley Football

This corner congratulates Coach C. M. (Dutch) Flory and his Harlingen Cardinals for winning the championship of the South Zone of District 16-AA and Coach Bob Martin and his Mission Eagles for grabbing the title in District 40-A and Coach Jumbo Smith and his Pharr-San Juan-Alamo Cubs for again walking off with the Rio Grnde Valley junior high school title.

All three of these titles were won last week.

So far as Valley grid championships are concerned, they are now all tucked away. In addition to those mentioned bove, Lyford has the Class B flag and Los Fresnos is the six-man champ.

Last Friday night we watched the Harlingen Cardinals hand the Brownsville Eagles a 27-0 whipping. When one considers the fact that all teams coached by Brooks Conover are fighting ones and that a Harlingen-Brownsville football game always means a clash between two keyed-up squads, we venture the opinion that the Cardinals turned a neat trick.

On the basis of play this season, the Cardinals were doped to win. They came through and played heads-up ball. We doubt seriously if any football team produced in the Valley ever showed a better all-around brand of defensive football than that displayed by the Red Birds against the Eagles. The figures show that Brownsville had a net gain of only 47 yards rushing.

In fact the Cardinals have shown all season they were hard to score against for they have allowed the opposition but 19 points in nine games played. And since they have scored 190 points in these nine games it is apparent they have an offense also.

We suspect their combined defense and offense is responsible for them being champions of the Valley today and also one of nine undefeated and untied teams in the state. And just to keep the records straight for those who go in for records, the Cardinals have not lost a game since they dropped one to McAllen last season.

The Mission Eagles have waded through Valley Class A competition without stopping to catch their breath. Five conference wins have been chalked up and the Eagles posted 182 points while allowing the opposition but 17. Against all opponents the Eagles have scored 222 tallies and have given up 75. Thus they are the Valley's leading scoring team. In Ward, Moore and Landry, the Eagles boast three fine backs, all listed among the Valley's leading scorers.

The Pharr-San Juan-Alamo Cubs showed plenty by chalking up their second straight junior high championship. Coach Smith brought his gang along slowly and when they defeated the San Benito Greyhound Pups, they showed a fine running attack and strong defense. Many of the players are almost certain to find berths on the senior high squad next season.

Title Games

The site of the district championship game between the Harlingen Cardinals and Corpus Christi Buccaneers will be determined at a meeting of the district committee at a meeting expected to be held in Falfurrias Monday morning.

Harlingen and Corpus Christi school officials will present their claims to the title game to the committee who will decide the issue.

The Harlingen school heads are anxious to have the game played on Cardinal Field and expect to put up quite an argument at the committee meeting.

The date will be announced following the selection of the site.

The Mission Eagles will meet Alice on the Mission gridiron Friday, December 6, to decide the Class A bi-district championship.

Plans for the game were completed at a meeting held in Alice last Friday night.

The Lyford Bulldogs will go against Falfurrias at Raymondville Wednesday night, November 27, to decide the championship of 36-B.

At a recent meeting of the board of directors of the Rio Grande Yacht Club, B. W. Pitts of Brownsville was elected fleet captain and also a member of the race committee.

Mr. Pitts informed the writer Saturday night that he would be unable to serve in either of the posts and requested that the club directors be informed through this column of his inability to serve. He also stated that he greatly appreciated the honor conferred upon him by the directors.

PITT 20; PENN STATE 7

PITTSBURGH—(AP)—Penn State's visions of a post-season Bowl bid vanished Saturday in the smoky dusk of the steel city where a Pitt eleven rated only so-so toppled the favored Lions from the ranks of the nation's undefeated football teams in a 20 to 7 upset.

A crowd of 31,000 saw the Panthers level State's vaunted line.

For Pitt it was but the third victory in a season of all-major opponents while for State it was a disappointing end of a 12-game streak of no defeats and only one tie.

Dick Dwelle Sparkplug In Victory

Bob Brumley Scores One Touchdown

By WILLIAM T. RIVES

HOUSTON—(AP)—The Rice Owls, famished after a 16-year drought, helped themselves to the horn of plenty Saturday, plowing over slippery turf to register a 15-6 victory over Texas Christian.

Ten thousand fans watched Rice pluck the prize it sought in vain through good years and bad. The Christians' hex has been the most persistent in Southwest Conference history, operating even when Rice won conference titles.

It took an obscure player, Dick Dwelle of Dallas, to put Rice in the breadline.

Almost lost this year with the third-string boys, Dwelle switched his hips on two great runs to set up the Owls' touchdowns.

He scored the first time he carried the ball, Bob Brumley, great fullback, Ted Weems, sophomore half, and center Ken Whitlow helped him along, but the glory went to Dwelle.

He gained 71 of Rice's 196 yards rushing. Kyle Gillespie 84 yards were more than half the Christian total of 153.

The Christians' aerial attack was virtually nullified by the low ceiling. They completed two passes of eight attempted for 40 yards.

Rice stuck to the ground, although Texas Christian got the jump with a first-quarter score.

Frank Kring, big fullback, intercepted one of Weems' passes and raced 56 yards to the Rice 29.

Gillespie then hit Connie Sparks, end, with a pass on the Rice 7 and plunged over from the 4 after two tries at the line. Phil Roach, another end, failed to kick the extra point.

Taking the ball on the Christian 40 after a punt Rice came back. Brumley struck for a first down on the 30 and then Dwelle burst around right end to score standing up. Brumley kicked the extra point.

The Owls tallied again in the third. Gillespie kicked to his own 42 and Price shattered the line for two first downs to the Christian 20. Here Dwelle, on the identical play on which he had scored Rice's first touchdown, broke to the one-yard line before he was stopped.

Brumley plowed over for the score and added the extra point.

Tennessee Vols Beat Kentucky

By ROMNEY WHEELER

KNOXVILLE, Tenn.—(AP)—A great Tennessee football team all but nailed down the lid on a post-season Bowl invitation Saturday, beating a courageous Kentucky outfit, 33-0, before a homecoming crowd of 25,000.

Only Vanderbilt remains between the Vols and a third straight unbeaten, untied season.

A blocked Kentucky punt in the second period, when Mike Balitsaris slashed through to bat Ermal Allen's try, set up Tennessee's first touchdown. Two line bucks and a 15-yard Kentucky penalty took the ball from the 38 to the 10. There little Johnny Bulter whipped an overhead to Balitsaris in the end zone. Fred Newman's placekick was good.

Buist Warren set up the second tally in the third period when he snatched Allen's kick on his own 40 and loped 40 yards up the sideline to Kentucky's 20. A line plunge and a pass gave Tennessee a first down on the Wildcat's nine. Three plays later the little halfback zipped the ball to Coleman for the touchdown. Foxx converted.

Fighting stubbornly, Kentucky held out until the fourth quarter and then caved. Taking the ball on Kentucky's 36, Butler, Bob Andridge and Newman worked to the one-foot mark on five bucks, and Andridge piled over guard to score. Butler's try for a pass was wide.

The Vols headed for the payoff line a scant half-dozen plays later after halfback Billy Mitchell was rushed and booted out on Kentucky's 44. A pass, Butler to halfback Nick Weber, set the ball on the Cats' 27. Two line bucks shook the Kentucky defense, then Butler finished it with a 26-yard touchdown looper to Balitsaris. Newman's placekick converted.

The stands had barely quit cheering when the Vols gave Kentucky the coup-de-grace. Allen returned Newman's kickoff to the 25, then faded for a pass. Instead of finding its mark, however, the ball was snared by Newman, who galloped 37 yards for the final touchdown.

HAKVARD 28; YALE 0

SMU Mustangs Take Weird Game From Baylor Bears

By FELIX R. McKNIGHT

Waco—(AP)—One lunging sprint by Bobby Brown through a hog's heaven of mud and blinding rain, plus some canny charity in the fading minutes gave Southern Methodist a weird 7-4 triumph over Baylor Saturday.

Anchored in the muck of an indescribable field through three periods of nothing but magnificent punting by both teams, the Methodists won a ball game on the second play of the fourth period.

Three thousand soaked, chilled fans watched Preston Johnston's perfect kick skid out of bounds on the Baylor 4. Back in the end zone Jack Wilson, a grand football player who did a magic job of kicking, slammed one out to the Baylor 39.

Muddied, tired Bobby Brown gathered it in, splashed for the sidelines, fell in behind a couple of blockers and skidded 30 yards for the touchdown. Tailback Johnny Clement plunged the point after Baylor had been penalized to the one for offsides.

Deep in the final period this big man Wilson, a boy who had the incredible average of 38.5 yards on 26 kicks of a soaked ball swishing through constant rain, dropped a punt out on the Methodist 2.

But Ray Malouf, the Methodist boy who did some kicking himself with 33.8 yards on 11 tries and also tossed in a 50 yard sideline run, calmly stepped back into the end zone and grounded the ball for an intentional safety.

Only 20 seconds remained when Southern Methodist gave away two more points. Halfback Cliff Hagerman came racing into the game with the Methodists in possession on their own 30.

The rain was pouring and the field was a lake when he took the snapback, started gradually falling back and finally retreated the entire 30 yards behind his own goal line for another Baylor safety.

That was the ball game—and a great one.

The kicking was amazing. Besides Wilson and Malouf, Johnston kicked 10 times for a 41.2 yards average. To further give the picture a touch of magic, there was only one outright fumble and centers Ray Pope of SMU and Bob Nelson of Baylor, 60 minutes boys did the remarkable job of snapping back the wet ball with only one bad pass.

Lineups and summary:

Sooners Defeat Owls Of Temple On Norman Grid

Mathews' Long Run Game's Feature

By AUSTIN BEALMEAR

NORMAN, Okla—(AP)—Little Orv Mathews, as fast as a jack rabbit and not much bigger, led Oklahoma's Sooners to a 9 to 6 victory over the Owls of Temple University in an intersectional grid battle played here Saturday in the teeth of a chill wind.

Mathews made 8,000 fans forget the cold in the third period when he fielded a punt on thet first hop at the Sooners' 23-yard line and was off like a shot, with every Temple player between him and his destination.

At least three of them got their hands on him and one clamped down on his helmet, but the speedy junior wingback ran right out from under his hat and continued 77 yards to the double stripe with his mates throwing some neat downfield blocks. Jack Haberlein kicked the point, his 11th in 12 attempts this season.

The Sooners picked up two points in the second quarter on a safety and went into the final period with a nine-point advantage, but the defense which had held the Owls in check crumbled at last in the final two minutes to let in the Temple marker.

Andy Tomasic, whose aerial work with the cold, wet ball worried the Sooners all afternoon, saved the Owls from a shutout. He tossed 14 yards to Angelo Sparagna, who wiggled an additional yard to the goal line with two Sooners hanging on. The same combination had worked for 15 yards to set up the scoring play. Tomasic's kick for point was blocked by Cliff Speegle.

The Sooner safety came in the second period when Tomasic, attemping to run from his own 14, was chased back over the goal line by the hard-charging Oklahoma forwards and tackled by Big Roger Eason.

Both teams threatened several times, once in the second period, the tricky Temple offense, with Tomasic and Al Juralewicz sharing the ball carrying duties, carried to Oklahoma's 14. The Sooner line held and Sid Beshunsky tried a field goal with the ball set on the 22, but it was barely short.

Starting lineups and summary:

Mission Lands Big Grid Tilt

MISSION—A lucky silver dollar and a restaurant owner combined forces to give the Rio Grande Valley the Class A bi-district football game between the Mission Eagles and the Alice Coyotes.

The contest will be played on the Mission high school field Friday night, December 6, with the opening kickoff scheduled for eight o'clock.

It was along about 1:30 a.m. last Saturday in a restaurant in Alice officials of the two schools got together to decide on the site of the game. After much pro and con arguing for Alice and Mission, it was decided to flip a coint for the location. Assistant Coach C. D. Jarvis of Mission, came up with a silver dollar that had been used many times before to settle such matters. Head Coach Bob Martin of Mission, was selected to call the flip. Martin declined and requested the restaurant owner to act for him. Supt. J. R. Roach of Alice did the flipping and the restaurant man called the game right on the Mission grid.

The Mission school officials returned to the Valley Saturday and immediately began preparations to stage the game which is expected to attract a record crowd of grid fans.

DARTMOUTH 20; BROWN 6

PROVIDENCE, R. I.—(AP)—Dartmouth's uplifted Indians, hardened by their "conceded" victory over once-mighty Cornell, displayed new fire and dash Saturday as they wound up their season by trouncing Brown, 20-6, before a drenched crowd of 15,000.

Golf Party Set In Harlingen

HARLINGEN—Plans for a big "get together" at the Harlingen municipal golf course club house were announced Saturday by Walden Haynes, course manager.

The golf party will be held at 8 o'clock Tuesday night and every golfer in the Valley is invited to attend, including women shotmakers. According to Manager Haynes, one does not have to be a golfer to be among those present. Anyone interested in the golf course and its operation is invited.

The greens committee, composed of J. L. Head, Bill McElwain and Hill Cocke, will aid in explaining plans for the coming year and suggestions for improving the play and operation will be welcomed.

Several golfing events are scheduled with a flag tournament to be held Thursday, November 28. There is a possibility that the Lions and Kiwanis Clubs will also hold a tourney the same day. Neither will interfere with the regular play. On December 8, the first Scotch tournament of the season will be held.

Manager Haynes also announced that free instructions for women golfers will be held each Wednesday from 9:30 to 11:30 a. m. These instructions will be given individually and in groups and all women interested are invited to attend all classes. The men are not barred from the sidelines.

Javelinas Upset By Buffaloes

CANYON—(AP)—In a stunning upset, the West Texas State Buffaloes overwhelmed the Texas A. & I. Javelinas, 26 to 6, on a heavy field here Saturday.

The Buffs will meet St. Mary's at San Antonio Friday night for the Alamo Conference title. St. Mary's recently dropped a 14-0 decision to A. & I.

West Texas State took charge with the opening kickoff. Little Ben Collins led a sustained drive, then tossed a 24-yard scoring pass to Eugene Brandon.

Ira Brock crashed for the second West Texas score after a Javelina kick sailed out on the Javelina 16.

The South Texans retaliated, with Mattingly leading. Hasenstab passed to Jensen, who ran six yards for their score.

Collins banged over from the one-yard line for West Texas' third touchdown, and fullback Larry Sanders raced 77 for the fourth.

Minnesota Ends Season Beating Badgers 22-13

Wisconsin Takes An Early Lead

By TOM SILER

MADISON, Wis.—(AP)—The Golden Gophers of Minnesota posted a strong claim to a share of the mythical national football championship Saturday, finishing the season undefeated and untied with a 22-13 victory over Wisconsin before 40,000 spectators.

The giant Norsemen, who clinched the Western Conference championship a week ago, brushed aside the Badgers as they had seven other teams after spotting the home aggregation 13 points.

Early in the game Wisconsin started from its own 26 with big George Paekvan hitting center for two. Then Johnny Tennant passed to Dave Schreiner, who shook off two tacklers on the Gopher 45 and ran for a touchdown. Bob Ray added the point.

Less than two minutes later Wisconsin's Tommy Farris picked one of Bruce Smith's passes out of the air at midfield and scored unmolested. Ray's placement try was wide.

The aroused Gophers then settled down. Sophomore Bill Daley ran 27 yards to the Wisconsin 45 in the second period.

Six players put the ball on the 12. Daley smashing over from this point. Joe Mernik's placekick was wide.

Daley paved the way for the tying tally, intercepting a pass attempt and returning 17 yards to the Badger 30. Minnesota scored in eight plays, Smith going off right tackle and cutting back for the touchdown from the right. Gordon Paschka's placekick was good.

Later Wisconsin had the ball on its own 30 when a bad pass from center was recovered on the 16 by Minnesota's Bill Baumgartner. When the Badgers stifled a ground attack, Mernik went in and booted a 25-yard field goal.

Early in the final period George Franck backed the Badgers to their six with a punt.

Paskvan smacked the line for two before Mark Hoskins tried a pass. Franck snatched the ball and raced down the sidelines 27 yards to the touchdown that clinched the victory. Paschka's kick was blocked.

Hardin-Simmons Cowboys Beat San Francisco Dons

ABILENE, Tex. — (AP) — Hardin-Simmons' Cowboys made passes count through chill weather on a field deep in mud Saturday to whip the tough San Francisco University Dons 28-18 before a homecoming crowd of 3,000.

The Cowboys, hanging up their 12th straight win, and eighth of this season, gained two touchdowns by air, and set up two more with passes.

Coach Frank Kimbrough's club jumped into an early lead. The Cowboys received the kickoff on their own 47 and on straight power, mixed with one 13-yard pass, L. B. Russell to D. A. Parker, advanced to the Dons' two. Fullback Moon Mullins crashed right guard to score and Murray Evans kicked the extra point.

Minutes later Evans of H-S dropped back to kick a field goal from the 20.

Russell's interception of a San Francisco heave in midfield led to the next Cowboy touchdown. Goodnight passed to Russell on the 19-yard line, and the Hardin-Simmons quarterback danced over the goal.

In the second quarter, Johnstone and Mosconi pushed to the nine and Mosconi hit the line for a touchdown. Pudoff's fumble spoiled the conversion attempt.

Goodnight's heave to Walsh in the end zone scored again for Hardin-Simmons.

Opening the third period, Russell tossed a long pass to Parker for 43 yards, and Parker ran to the eight. Mullins tore through standing for the touchdown, and Moore's kick was blocked.

San Francisco scored on the next play, Cliff Fisk throwing a strike to Mosconi, who took the ball on the Hardin-Simmons 43 and didn't stop. Fisk failed to convert. Then Cliff Fisk's pass to Ramos was ruled complete on the 28. Chadwick intercepted for Hardin-Simmons on his three, but fumbled and Mosconi recovered. Fisk dived over from the two after an offside penalty against the Cowboys. Harold Prescott blocked Mosconi's kick.

Lyons Honored By Baylor Folks

WACO, Tex.—(AP)—Old Teddy Lyons, the Chicago White Sox pitcher via Baylor University who "has never been razzed in victory or defeat," blushed through a long tribute the homefolk gave him at a banquet Saturday night.

The old-timers of Baylor University, the school where Ted Lyons wrote athletic history for four stirring years from 1920 through 1923, put Teddy at the head of the banquet table Saturday night and eulogized him as "the greatest athlete in Baylor history."

Eighteen years of brilliant pitching with the White Sox behind him, and still more to come, Lyons modestly and briefly thanked them.

Earlier, he stood in the driving rain between halves of the Baylor-Southern Methodist football game and received a gold plaque from President Pat M. Neff of Baylor.

Boston College Beats Auburn

BOSTON—(AP)—Unbeaten Boston College crumbled a powerful Auburn eleven through the first half Saturday and then took the Southern Plainsmen apart at the seams to roll up a 33-7 total in their ninth straight victory before 35,000 spectators.

The high-flying Eagles, whose supporters were lamenting the absence of Gene Goodreault, their great right end, from the lineup for the first time in his college career, found ample cause for rejoicing in the performances of Charlie O'Rourke and Frank Maznicki.

O'Rourke sparked two Boston touchdown drives with his bullet-like passing and his tricky running. He scored himself when he cut back sharply through tackle and tallied from 15-yards out in the third period at the close of a 70-yard march, 50 of them by O'Rourke.

Maznicki scored twice, first on the receiving end of a 41-yard pass from O'Rourke. His second came on the first play of the fourth period, a routine six-yard off-tackle dash after the Eagles had marched 41 yards.

Three Grid Powers Continue Winning Ways

Tom Harmon Ends Play In College

Sugar Bowl Teams Maybe Found

By HERB BAKER

NEW YORK —(AP)— Minnesota, Boston College and Tennessee rolled on unchecked Saturday but the football headlines belonged to an individual this time—Tommy Harmon of Michigan.

The great All-American halfback closed his intercollegiate career in a blaze of glory as the Wolverines smashed Ohio State, 40-0, before a crowd of 74,000. It was the worst defeat the Buckeyes have taken in 35 years of football combat.

It was strictly Harmon's day for the Wolverine ace scored three touchdowns, passed for two others, and kicked four placements for extra points to set up a new all-time Western Conference scoring record.

Harmon thus ran his three-year record for touchdowns to 33, two more than the record hung up by Red Grange, and boosted his total points for the same period to 237, another new record.

Minnesota, which handed Michigan its lone defeat, 7-6, wound up an unbeaten, untied season with a 22-13 victory over Wisconsin and with the conference championship firmly in its grasp. Wisconsin struck for two touchdowns in the first quarter but once the Minnesota attack, led by George Franck, began to function, the result was never in doubt.

Boston College, also boasting a perfect record and looking ahead to a probable invitation to the Sugar Bowl at New Orleans, crushed Auburn's Plainsmen, 33-7, in another smashing display of all-around class. Tennessee, which probably will be the Eagles' opponent at New Orleans, rolled up a 33-0 count on Kentucky to protect its undefeated, untied status.

Also standing firm were Lafayette which closed its campaign with a perfect slate by romping over Lehigh, 46-0; Hardin-Simmons, which trounced San Francisco, 28-18, and Mississippi State which routed Mississippi in convincing fashion, 19-0. State was tied by Auburn early in the season but otherwise was all victorious.

Stanford, Texas A. and M. and Texas Tech took the day off in preparation for later tests. Penn State finally saw its unbeaten record go by the boards as Pitt ground out a 20-7 triumph.

Nearly 80,000 sat in at Franklin Field, Philadelphia, and saw Pennpace dby Frank Reagan, hand Cornell its second successive setback, 22-20, and win the Ivy League title Cornell ran up a quick 13-0 lead but could not stop Reagan when the Penn machine began to roll.

Showing surprising strength, Harvard crushed Yale, 28-0, before 47,000 in the 79th game between these ancient rivals. Dave Allerdice's passing carried Princeton to a 26-19 decision over Army. Joe Siegal's 55-yard run with an intercepted pass provided Columbia with its winning margin in a 20-17 thriller with Colgate. Eddie Kast scored twice for Dartmouth as the Indians tripped Brown 20-6.

Johnny Supulski pitched three passes for Manhattan in the fourth quarter but the New Yorkers dropped a 33-25 decision to Holy Cross. Georgetown had a surprising fight on its hands before it could get past George Washington, 8-0. Duquesne had to come from behind to nip Villanova, 14-10.

Bill De Correvont and Don Clawson provided Northwestern with too much punch for Notre Dame and the Wildcats won easily, 20-0. Gene White's field goal from the 27-yard line in the last 13 seconds enabled Indiana to halt Purdue, 3-0. Iowa rolled over Illinois, 18-7. In the other Western Conference feature, Detroit scored over Marquette, 19-0, and Michigan State stopped West Virginia, 17-0.

Nebraska spotted Iowa State two touchdowns and then rallied to win, 21-12, thus assuring itself of at least a tie for the Big Six crown. Oklahoma's Sooners won from Temple, 9-6. Tulsa trounced Oklahoma A. and M., 19-6, to win the Missouri Valley title.

In the Southwest, Rice chased an ancient jinx in a 14-6 victory over Texas Christian, while Southern Methodist topped Baylor, 7-4.

Vanderbilt put up a great fight in a Southeastern Conference tussle with Alabama but finally went down, 25-21, on Jimmy Nelson's fourth-quarter touchdown pass. Florida spilled Georgia Tech, 16-7. Sewance dropped a 13-7 verdict to Citadel of the Southern Conference.

Clemson, rallying to trip Furman, 13-7, clinched the Southern Conference title as Duke ran wild over North Carolina State, 42-6. Harry Dunkle's field goal gave North Carolina a 10-7 victory over virginia.

In the Far West, Washington crushed U.C.L.A., 41-0, while Washington State won over Gonzaa, 14-7. Brigham Young and Colorado State played to a 13-13 draw in a Big Seven contest.

'Those Bowl Games Are Great' And Volunteers Want Another

By DON WHITEHEAD
AP Feature Service

KNOXVILLE, Tenn.—Tennessee's mighty Volunteers, the "Golden Boys" of football, have discovered it's nice work if you can get it—this post-season football business of playing in bowl games—and they're after more of it.

The Dixie gridiron juggernaut, only unbeaten, untied major league team in the land of cotton, is rolling straight toward another pot of gold in either the Rose Bowl, the Sugar Bowl or the Orange Bowl.

Virginia, Kentucky and Vanderbilt stand in the path of the Tennesseans and a third consecutive season of 10 straight victories—but none of them appears strong enough to stop the rush.

Another unblemished record is almost certain to send the Volunteers back to the Pasadena Rose Bowl or place them in the New Orleans Sugar Bowl on New Year's Day.

And it would mean that the men of Major Bob Neyland had fattened the university's athletic association till with at least $200,000 during their three years of smacking over the opposition—and that figure doesn't include the regular season gate receipts.

The framework of Neyland's 1940 machine was built in 1938 when Bob Foxx, his ace back; Tackle Abe Shires, and Guards Bob Suffridge and Ed Molinski were sophomores.

The Vols ran through and over ten opponents that year and went to Miami's Orange Bowl where they whipped a tough Oklahoma team, 17 to 0. Tennessee's share of the gate was some $25,000.

The next year was a monotonous pattern of the one before in the matter of victories and, as history relates, Foxx and his pals appeared in the Rose Bowl where Southern California let them know the meaning of defeat, 14 to 0. Tennessee's share of the gate was a fat $100,000 or thereabouts.

And now it's dollars to doughnuts that Tennessee will still be undefeated at the end of November with another choice bowl bid.

Harmon Helps Wolverines Smother Buckeyes 40-0

By FRITZ HOWELL

COLUMBUS, O., —(AP)— The glory that was "Red" Grange's shifted to the stalwart shoulders of Michigan's mighty Tom Harmon Saturday as the Gray Ghost ground Ohio's Buckeyes to a 40-0 defeat—their worst walloping in 35 years.

A crowd of 73,648 rain-drenched fans gazed through a haze as the All-American halfback scored three touchdowns, tossed passes for two others, and kicked four placements for extra points to wind up the most brilliant scoring career in Western Conference annals.

The scoring record of 31 touchdowns held by Illinois' immortal Harold "Red" Grange for the last 15 years went into the runnerup spot as Harmon, with the shiftiest running the Buckeye stadium has ever witnessed, boosted his three-year touchdown total to 33.

On top of that, the Michigan Maestro has booted 33 goals after touchdown, and a pair of field goals for a 24-game total of 237 points.

When Harmon left the game his final touchdown—with only 38 seconds to play—the crowd gave him one of the greatest ovations ever tendered in Ohio stadium.

The game was only a few minutes old when the Wolverines struck. Starting on their own 20 after a punt, they marched 80 yards in 11 plays, Harold going over from the eight-yard line. Three minutes later Paul Kromer took a punt on his own 19 and swayed and swerved 81 yards for another tourhdown.

Harmon passed 17 yards to Capt. Forrest Evashsvski, quarterback, for the third toushdown in the second session to end a 77-yard march and passed 16 yards to end Edward Frutig for the fourth, after a 101-yard advance which started as Harmon took the kickoff behind his own goal line and ran it to the Michigan 22.

Late in the third period after Robert Westfall had intercepted an Ohio pass on his own 48, the Wolves marched 52 yards in five plays for another touchdown, Harmon going over from the 18 on an end sweep. The wily Wolverine faked a pass and then skirted end for the final touchdown, going six yards on the play.

Wildcats Hand Fighting Irish 20-0 Trimming

De Correvont Stars In Battle

By EARL HILLIGAN

EVANSTON, Ill. —(AP)— Northwestern's Wildcats, with blond Bill De Correvont giving the greatest performance of his collegiate gridiron career, handed Notre Dame a decisive 20 to 0 licking before 48,000 spectators at Dyche Stadium Saturday.

Northwestern, in closing its season with a sixth victory in eight games, held the upper hand throughout.

Northwestern's first two touchdowns came the hard way. The Wildcats, after taking a punt at their 18, smashed to the Notre Dame 32 as Don Clawson ripped the Irish line.

Then De Correvont passed to Clawson, who caught the ball on the Irish 26 and ran for a touchdown after shaking off would-be tacklers.

A brilliant run by De Correvont set up the second Wildcat score. Striking off right tackle and reversing, he raced 27 yards to the Notre Dame nine in the third period. The Wildcats got only five yards on three plays, but on the fourth down, De Correvont shot off left tackle to score without being touched.

Late in the same period Northwestern punted deep to Notre Dame. Bob Hargrave fumbling the kick and Leon Cook recovering for Northwestern at the Irish 24. Two plays lost three yards before Clawson knifed through left tackle and sprinted for the game's final touchdown. Dick Erdlitz, reserve back, made good on two tries for the extra point.

Cornell Downed By Penn 22-20

By BILL BONI

PHILADELPHIA—(AP)—A cocky Cornell football team threw two illstarred forward passes Saturday afternoon and with them tossed away its claim to the Ivy League championship.

At the time the passes were thrown the Ithacans were leading Penn by 13-0. But as the final whistle blew, Penn was winner by 22-20.

It was a grand triumph for Penn, beaten only by Michigan this year, and a grand finale for the Red and Blue's fine heavy duty back, Francis Xavier Reagan. Performing before a crowd of 79,935, Reagan scored all three touchdowns, held the ball for Gene Davis' field goal and extra point, and set a new Pennsylvania one year scoring record of 105 points.

The Ithacans went 80 yards and 60 yards to two quick touchdowns in the first quarter, but then suddenly had a rush of overconfidence.

After the Ithacans were backed to their own 8 by a Reagan punt they tried two passes. The first fell incomplete, but Ray Frick intercepted the second and returned it to the Cornell 11 and in five smashes Reagan took it over.

In the second period Reagan, after helping move to the Cornell 12, faded as if to pass, sucked the Cornell defense to one side and then ran up the other for his second touchdown. A few minutes later he ran 52 yards to put the ball in position for Davis' field goal from the 28.

Cornell came back, after the second half kickoff to march 71 yards and go in front again by 20-16. But from then on Reagan's punting kept the Big Red in the hole and himself found time to score the winning touchdown from 16 yards out.

That was Reagan's 17th touchdown of the season. Besides doing all the punting for an average of 45 yards, Reagan had a net yardage of 110 on 25 trips. And spent a good part of his time batting down Cornell passes.

HUSKERS 21; CYCLONES 12

LINCOLN, Neb.—(AP)—Nebraska power beat Iowa State into the soggy turf of Memorial Stadium Saturday as the Huskers stormed back in the third and fourth periods to wipe out a 12 to 0 Cyclone halftime lead and take a 21 to 12 victory.

The win assured Nebraska of at least a tie for Big Six Conference championship honors.

The Cyclones, who came to Lincoln openly proclaiming they were "loaded for this one," exploded with a bang in the first half, outplaying the Huskers every step of the way.

Nebraska can win the Big Six championship by defeating Kansas State next Saturday. A defeat would tie the Huskers with Oklahoma.

Cornell Remains Offensive Team

By GAIL FOWLER

Toe That Did The Trick

MINNESOTA'S two chief gridiron rivals this year were Northwestern and Michigan. The Gophers tripped both of these foes by the margin of a single point. The man-of-the-hour for the Gophers in these games that kept them on the unbeaten trail was a substitute quarterback, Joe Mernik, whose accurate placement kicks scored the points after touchdown that brought triumphs to the Gophers. Fullback Bob Sweiger is shown pointing to Mernik's trusty right toe, while Halfback Bruce Smith (right, rear) and Coach Bernie Bierman look on.

Tulsa's Hurricane Wins Over Oklahoma's Aggies

By HAROLD CLAASSEN

TULSA, Okla. —(AP)— Mud, cold, rain and the Oklahoma Aggies couldn't stop the University of Tulsa Saturday and the Golden Hurricane skidded to a 19 to 6 football victory that meant the Missouri Valley Conference championship.

Week-long rains had made the field an island surrounded by a moat, which would have been the running track on drier days.

A cold north wind sent officials onto the gridiron wearing gloves. Co-ed cheerleaders frolicked in skisuits.

The Aggies scored in the first minute and a half but after the clubs changed goals Tulsa began to roll toward the fifth Valley title it has won or tied for in the school's six-year membership in the loop.

The 8,400 spectators were hardly in their seats before Jimmy Reynolds, Oklahoma Aggie back, flung a 19-yard pass to Ken Holderman for the touchdown. It was the third scrimmage play, the first being a 45-yard pitch by Reynolds to Lonnie Jones.

After that it was all Tulsa, with the Hurricane line opening holes for a bevy of backs led by Glenn Dobbs, N. A. Keithley and Lester Moore.

Each of the heroes scored a touchdown, Keithley's coming midway in the final period when he scooped up an Aggie pass and threaded his way 41 yards through the entire Cowboy team.

Keithley also broke away for a 20-yard journey in the second period that brought the first Tulsa touchdown. Dobbs picked his way from the one-yard on a play that started as an end run but wound up with the ball carrier cutting back over tackle.

Dobbs added the point.

Moore bumped over for the third-period marker. Once in this drive Dobbs faded back to pass but finding his receivers hidden, broke loose on a 26-yard jaunt that carried to the 11.

The Tulsa line, with a trio of outstanding tackles in Don Gray, Jodie Bob George and Charles Greene, dominated. The Aggies were able to gain only 28 yards from scrimmage to 214 for the Hurricane.

The game was the last of the year for the Aggies who slipped from the Valley lead with a record of four triumphs and one defeat. Coach Chet Benefiel's squad took the crown with four straight wins.

The lineups and summary:

Tulsa	Pos.	Aggies
Grimmett	LE	Moore
Worthington	LT	Arms
Holt	LG	Liles
Allison	C	Hargrove
Henicle	RG	Southall
Greene	RT	Swenk

EXECUTIVES SAY "LOWEST PRICES IN HISTORY" THE CAUSE

"The best week in our history" was the comment executives of the Junkin Furniture Company had to make yesterday, following the rush of the first five days of their "2 in 1" furniture sale.

Lowest prices in the history of the furniture firm were given as the reason for the continued heavy buying. The "2 in 1" sale started last Monday morning.

Joe Junkin, head of the firm, said that he was very sorry that many had been forced to leave the sale without being waited on due to the fact that crowds exceeded his expectations. He said, however, that extra help is being employed now, and that he was sure everyone would receive proper attention during this week when they visited the sale.

Much new furniture has been put into the sale, including a carload shipment from the Hollywood market.

VALLEY SUNDAY STAR-MONITOR-HERALD

Society

SUNDAY, NOVEMBER 24, 1940

Thanksgiving—whether it was last week or this—means something special to almost everyone whether it's a big turkey dinner or a football game—or both. Wild turkeys for Thanksgiving, once no novelty on the feast tables for Valley pioneers, are almost unheard of now, but it would seem that for a time, Miss Virginia Glaze of Birmingham, Ala., (shown in the top center photo) had some such notion. She is the niece of Mrs. Blanche Doster of McAllen, in whose home she is a guest. Miss Glaze had no need for the shotgun and possibly for the becoming hunting togs, but she met the standard set by the Canadian Mounties by snagging the Thanksgiving bird with a sturdy halter around his neck. (Staff Photo.)

Home for the early Thanksgiving vacation, Miss Ava Sue Martin, Harlingen, (pictured at the right), lends her bit toward preparation of the traditional feast by arranging the table centerpiece. Miss Martin, daughter of Mr. and Mrs. W. M. Martin, is a student at Texas A. & I. College, Kingsville. She is social chairman for Alpha Sigma sorority and was in charge of the annual dance for pledges held recently. (Staff Photo.)

Miss Allene Sherman, Harlingen, (in photo below) is one of the many attractive Valley girls who will go to Austin for the historic Turkey Day classic between Texas A. & M. College and the University of Texas. Miss Sherman will be among the rooters for A. & M. She is the daughter of C. W. Sherman. (Staff Photo.)

Pretty Afternoon Tea In Weslaco Announces Rites Set In December

(Picture Page 3)

WESLACO — An outstanding event of the autumn season was the lovely announcement tea given by Mrs. D. A. Blackwell Saturday afternoon, November 23, to honor her daughter, Miss Bette Belle Blackwell. The interesting event announced the coming marriage of Miss Blackwell to James Vaughan, son of Mr. and Mrs. E. R. Vaughan of Weslaco. The wedding will take place December 21.

Gorgeous bouquets attractively decorated the living rooms. Receiving guests at the entrance were Mrs. Phil Dixon and Mrs. Gertrude Holcomb, Brownsville. Forming the receiving line were Mrs. Blackwell, Miss Blackwell, Mrs. E. R. Vaughan, and Mrs. Van Snell, Harlingen.

The bride-elect was beautifully dressed in a frock of soldier blue crepe and wore a lovely corsage.

Mrs. Zeb Rike presided at the bride's book where guests from various Valley towns were registered. Each receiving an attractive corsage.

The refreshment table was exquisitely laid with snowy linen and held a gorgeous centerpiece accenting the bridal theme of white. White chrrysanthemums predominated in the floral setting.

Mrs. M. R. Noll of Falfurrias presided at the silver tea service and Mrs. Briscoe served the tea dainties. Assisting in the dining room were Mrs. Lyle Grace and Miss Leloi Williams.

From four to six o'clock about 125 guests called.

Guests from out of the Valley included Mesdames J. R. Scott, Jr., C. F. Hopper, C. F. Wagenshein, Jimmie Dawson, Percy Hunter, T. R. Bennett and daughters, J. M. Brooks, and C. C. Teas, all of Falfurrias.

Tea Noting Christmas Trend Is Outstanding Event In City of Palms

McALLEN—The Christmas season, with its brilliantly age-old decore of green and red, was noted in chic detail Thursday morning when two of the city's more prominent hostesses entertained to honor two City of Palms visitors.

Hostesses for a coffee, eminent among the season's affairs, were Mrs. N. E. Buescher and Mrs. Anne Jo Jones at the former's home. Honored were Mrs. Franklin Hart, formerly of Chicago, daughter-in-law of Mrs. A. L. Hart, and Mrs. Buescher's mother, Mrs. M. L. Tansey.

More than 150 guests thronged the expansive house, done in the Christma stouch throughout. In the din-in groom the table was massed with white and red carnations, flanked with silver services at either end. The living room blazed with huge bouquets of red roses and magnificent poinsettias. Mrs. A. J. Campbell, Mrs. Aubrey Thomas, Mrs. J. F. Palmer and Mrs. Elmer Henderson were in the dining room.

Clever touches were the little pins members of the house party wore instead of the regulation corsages.

Each frock was topped with a pin, featuring Santa Claus, Christmas bells, and Christmas wreaths.

Mrs. S. L. Miller welcomed guests at the door and presented them to the receiving line composed of Mrs. A. L. Hart, Mrs. Buescher, Mrs. Franklin Hart, Mrs. Arthur Lee Hart and Mrs. M. L. Tansey.

Assisting in the house party were Mrs. Everett Moore, Mrs. Stockton Fountain, Mrs. Dick Harris, Mrs. Robert Elmore, Mrs. E. R. Russell, Mrs. W. B. Spell, Mrs. Charles Holland, Mrs. Orville Cox, Mrs. John H. Gregory, Mrs. Lloyd Bentsen.

HARLINGEN—Adding another to the delightful series of informal courtesies that are marking the visit of Mrs. W. S. Smith of Los Angeles, her hostesses, Miss Alberta Allen and Miss Alma Robb entertained Friday afternoon with a dessert bridge at their lovely home in Adams Gardens. Mrs. Smith is the sister of Miss Allen.

First of the week's events for Mrs. Smith was a dessert bridge given by her two hostesses Monday afternoon. Other Harlingen hostesses shared in arranging the interesting jaunts, luncheons, and other events that are making Mrs. Smith's visit especially delightful. She is deeply impressed by the beauty of the Valley which she is seeing for the first time.

Mrs. C. C. Bowersox made high score in Friday afternoon's games, Mrs. R. Fulton Jones made second high, and Mrs. Carroll received the traveling prize. A tempting dessert course was served.

Bride In McAllen

Newest among McAllen's recent brides is Mrs. John McPherson, the former Miss Frances McGough. The McAllen couple were married at McAllen Tuesday afternoon. After a brief honeymoon in Monterrey they will live at McAllen. The bride is the daughter of Mr. and Mrs. W. M. McGough of Amarillo. The groom, who is associated in business in McAllen, is the son of Mr. and Mrs. H. L. McPherson of Hopkinsville, Ky. The wedding was witnessed by members of the immediate families and close friends. (Kerr Studio.)

Lovely Floral Setting Adds To Enjoyment Of Guests For Shower

HARLINGEN—Yellow and white was combined with beautiful effect to make a striking party background Friday afternoon when Mrs. Reuben Belden, Mrs. Eula V. Parker, and Mrs. Bo Scott entertained with a miscellaneous shower to honor Miss Martha Anderson whose marriage is to take place in early December. The shower event was held at the home of Mrs. Scott's mother, Mrs. V. E. Howell, 100 W. Filmore, and enjoyed by about 40 close friends of the honor guest.

Chrysanthemums in yellow and white, exquisitely arranged, predominated in floral decoration of the home, with yellow roses lending a secondary color note.

The chosen blossoms in a crystal container rested on a mirror plaque to form the centerpiece for the refreshment table which was laid with lace and lighted by tall white tapers in crystal holders.

Open faced sandwiches in heart and other fancy shapes, hand-made yellow mints, topped by white blossoms with yellow centers, and other details of the refreshment course emphasized the bridal colors of yellow and white. A lovely wedding cake, served from a silver tray at one end of the table, was adorned with a tracery of petunias, the blossoms and trailing leaves delicately moulded of the frosting.

The honoree was the recipient of many attractive gifts.

Guests were received from four to six o'clock.

Mrs. Knapp Entertained By Couple

BROWNSVILLE—Mrs. Fred Knapp was complimented Friday afternoon when Mrs. Jack Weich and Mrs. Ellis Perry named her as honoree at the Perry home.

Intimate friends of the honoree made up the personnel for the event.

Two Heard In Event For Self-Culture

BROWNSVILLE—Two speakers were heard at the Wednesday afternoon meeting of the Self-Culture club at the home of Mrs. Randall Mathers. In charge of the program were Mrs. C. W. Watson who talked on Songs of the Bible, and Mrs. Milton H. West whose topic was Ageless Tunes.

Roll Call of the members was answered by naming "My Favorite Hymn."

In her talk, Mrs. Watson said, "When, on the hills of Bethlehem, a chorus of heavenly voices delighted the ears of the wandering shepherds, Christian music had its origin. The Christian church came into being with a song. Christianity is a singing religion and the joyfulness of its music has distinguished it from other faiths."

Before the address by Mrs. West, the group stood and sang the Doxology. In her discussion of ageless tunes, Mrs. West stated that there is always a collection of music to which a person responds. She said that more often it was a hymn or song heard in childhood, or associated with some particular person.

Mrs. West listed the various types of ageless tunes, and mentioned in particular the numbers of well known hymns known and sung in every church in the south. She named "On Jordan's Stormy Bank," "In the Sweet Bye and Bye," and "Abide With Me," the latter she named as one of the finest compositions both from a musical and literary standpoint.

Mrs. West played a number of different tunes, and played the accompaniment for her niece, Mrs. Paul H. Staedke, of Chicago, a club guest, who sang "Blest Be the Tie That Binds."

Guests at the meeting were Miss Mary Barbour, Mrs. Y. E. Worley, Mrs. Staedke, Mrs. Oscar Taylor and Mrs. Maud Galbraith.

The next meeting will be held December 4 with Mrs. V. L. Conrad.

Those attending were Mesdames Conrad, E. E. Dickason, Homer L. Fitch, G. E. Green, J. J. Kemmy, C. A. Manahan, Nathan Moore, R. Roy Ruff, Charles C. Stewart, Volney W. Taylor, C. W. Watson, Milton H. West, E. T. Yates and Miss Ella Evans.

Completion Of Quota Within Fortnight Goal Set For Sewing, Knitting

HARLINGEN — A concerted effort is to be made by all workers in Red Cross production work to complete sewing in the present quota in approximately two weeks or not later than December 10, Mrs. Gerald W. McKenna, local chairman of production work, has stated. By united effort all the sewing can be completed before the start of the Christmas shopping season, she stated.

Sewing and knitting work that has been completed should be turned to Mrs. McKenna, Mrs. A. M. Lezerich, or Mrs. J. J. Murray, in order that it may be labeled and packed for shipping.

Mrs. Murray reports that approximately half the knitting of 175 sweaters in the present quota has been completed. During the past week Mrs. Mary Wroten, who is 90 years old, completed knitting a sweater. Mrs. Wroten is the mother of Mrs. J. F. Rodarmor and George Wroten.

Among groups turning in completed sewing during the past week was the Stuart Place Missionary Society with Mrs. J. W. Mayfield as chairman; Lutheran Ladies Aid with Mrs. W. H. Kieschnick as chairman; Methodist Women's Society of Christian Service, Mrs. E. C. Bennet, chairman; and Church of Christ, Mrs. Guy Leggett, chairman.

Among others completing garments for layettes, were St. Alban's Guild, Mrs. Earl Clements, chairman; Mesdames A. I. Moore, E. O. Noble, Fred Hulings, Victor Gustafson, Woods Christian, Wills Carter, Aline Beckham, Joe Sellars, and N. I. Koppel.

Pupils in the domestic arts class in the Harlingen high school, directed by Miss Frances Ellis, are starting work during the coming week sewing layettes. A work day will be observed Monday by the P.E.O. chapter. Women of the Presbyterian church will observe a sewing day and women of the Christian church will start during the coming week.

Any other church groups or other organizations interested in assisting are asked to contact Mrs. McKenna, Mrs. Lezerich or Mrs. Murray promptly in order that the quota may be completed within the next fortnight.

Former Combes Girl Finds Life Exciting In New Montevideo Home

COMBES—Lengthy voyage made by Rev. and Mrs. R. L. Carlisle, Jr., and their three children who sailed October 19 from New Orleans, ended November 2 with their arrival in Montevideo, their new home, according to messages received by Mrs. Carlisle's parents, Mr. and Mrs. W. S. Newport. Mrs. Carlisle is the former Miss Ruth Newport.

Fascinating glimpses of their boat trip are given in letters written en route by the couple to relatives here. Life on shipboard with three samll children—Bobbie is five, Betty Ruth 22 months, and Jean Ray just three weeks old—offered small chances of monotony. The couple reported entertainment aboard the ship in which they shared, especially in activities engaged in by other missionaries.

Eight missionaries stationed in Pernambuco met the boat at Pernambuco and took the voyagers ashore for sightseeing and visiting.

Mrs. Carlisle felt the atmosphere of Pernambuco was somewhat similar to that of New Orleans, the houses looking old and weather beaten because of six months of rainy weather. 'The floors,' she wrote, "are made of colored tile put together in patterns or hardwood in light and dark either of which is very pretty. They have no screens but seem to have no flies or mosquitoes."

After seeing Rio with its beautiful mountains and up to the minute apartment houses, Montevideo didn't seem so pretty at first, Mrs. Carlisle reported in her first letter after reaching her new home. The houses in Montevideo are cold as the floors are tile and the walls plastered, and coal stoves are used for heating, she related, adding 'This has been a late spring with no real warm days. The days are much longer. Last night at eight it was still light."

The Carlisles were in luck to have missionary friends who had already rented for them a modern house convenient to the school, which Bobby will attend, since they learned houses are quite hard to obtain. "We like it and I know that we shall be happy," Mrs. Carlisle wrote.

Their new address is Calle Colorado 1786, Montevideo, Uruguay.

Arboretum In Harlingen Is Planned

Mrs. E. E. Alcott Sr., presented the program feature, a discussion of the use of flowers as a decoration down through the ages in the making of glass and pottery. Her recital was fascinating for the revelation of the extreme care and patience as well as craftsmanship and art required to produce glassware and pottery of the quality discriminating persons require for their homes. In China and Japan, artists do not use flowers for decoration but make use of the landscape, such as bridges, and temples, Mrs. Alcott said, while France, Britain, and Germany use flowers.

The best crystal obtainable is made in the United States, she said.

To illustrate the superb quality of workmanship and material employed, Mrs. L. R. DuBois exhibited two vases, unusual for their unusual gold color, achieved by molten gold, and told of the rigid care exercised by operators as she watched the objects made in a factory.

Club Program Tribute To Thanksgiving

HARLINGEN—Thanksgiving was the keynote for the program of particular interest presented at the regular meeting of the Harlingen Study Club held Thursday at the First Methodist Church. Mrs. J. A. Alderdice was in charge.

Something of the effect of Indian culture, particularly upon the early American colonists, was revealed in a richly informative talk given by Mrs. J. B. Bradford. Mrs. Bradford, who has completed eight years of research on Indians and Indian culture, wove into her talk much little known but valuable data about different tribes.

To capture the sounds of Indian music, Mrs. W. J. Williams used the solo vox attachment on the piano, as she played a group of melodies Indian in origin. The effect of stringed instruments, employed by the Indians in their traditional music, was strong as she played a delightful group of numbers.

An address, "The Religious Side of Thanksgiving," given by Rev. John Phillips, rector of St. Alban's Episcopal Church, concluded the program.

During the very brief business session, Mrs. F. T. Neary gave her report as club delegate to the Texas Federation of Women's Clubs held the past week in Austin.

NEW YORK—(AP)—The stock market Saturday ended another bad week striving unsuccessfully for a rally.

Business news remained favorable and foreign war dispatches were no worse than usual, but many traders exhibited an inclination to keep accounts light over the week-end.

There were scattered spots of quiet strength. At the close small plus and minus signs were fairly even.

The Associated Press average of 60 issues was off .1 of a point at 44.4. And on the week showed a loss of one full point.

Dealings were slack with the turnover of 241,060 shares the smallest since Oct. 19.

Douglas Aircraft was up a point and negligible advances were retained by United Aircraft, Montgomery Ward, General Motors, Yellow Truck, Anaconda, Kennecott, Santa Fe, Great Northern, American Telephone, Consolidated Edison and American Can. Market Street Railway preferred was one of the few active locks with a gain of ⅞.

Dow Chemical dropped 3½ points to a new year's low on transfers of 400 shares. U. S. Steel was unchanged and Bethlehem off ⅛. Minor losses were shown for Chesapeake & Ohio, American Smelting, Standard Oil of N. J., Texas Corp., Westinghouse, Chrysler, Sears Roebuck, Du Pont and Union Carbide.

SERVICE CLUB TO MEET

TOY DRIVE IS SET MONDAY

Scouts Will Canvass All City Homes

BROWNSVILLE — Santa Claus will visit many more Brownsville children this year than before if the Brownsville 20-30 club, the Boy Scouts and the city fire department can get public cooperation in their Christmas toy drive beginning here Monday.

Purpose of the drive is to collect old discarded toys from Brownsville homes and repair them for distribution at Christmas time to needy children of the city.

The Boy Scouts will call on all Brownsville residences to collect the toys, and city firemen will do most of the repairing in time to have the toys complete for Christmas delivery.

Donald Ballinger has been named head of a 20-30 club committee which will cooperate in the drive.

David Ableman, district camping and activities chairman, will head the Boy Scouts, and Fire Chief W. C. Walker will supervise firemen.

Interested citizens who have discarded toys may leave them at the nearest fire station if they do not wish to wait until Boy Scouts call, Mr. Walker said.

The Bay Scouts will meet at the Goodyear store, 10th and Levee, Saturday, Nov. 30, and Saturday, Dec. 7, to aid in collection of toys in the residential section. Mr. Ballinger will supervise this effort.

The Capitol theater will also be a collection center for toys when a special "Kids' show" will be offered Dec. 7. Admission will be one toy, new or used. John Fanning and Marvin Brown will be hosts for this event.

Ralph M. Cissne, Boy Scout field executive for the Lower Valley area, announced Saturday that he is heartily in favor of the Christmas toy drive. He urged other Valley communities to follow this example and asked for cooperation of all civic clubs.

Canadian Market

Canned Juice Outlet Lost By Valley?

HARLINGEN — There is danger of the Valley and other citrus areas losing Canada as a valuable canned grapefruit juice market as a result of the war, according to a letter received by a Harlingen firm from a Winnipeg broker. The correspondence was furnished The Star.

The local firm said that if Canada places an embargo on grapefruit juice "we can tell you it will certainly hurt, for that market, Canada, is an excellent customer. They consume far more juice per capita than we do in our own country. . . . We lost the English market last year, which was a severe blow, and now if we lose the Canadian market it will only mean that we will have that much more to force upon our own market."

The Canadian broker notifed the local firm that the foreign exchange control board is running behind in American exchange to the extent of $20,000,000 a month or a quarter of a billion dollars a year. He said it was feared grapefruit juice would be placed on the list of non-essentials in an effort to stem the loss from the difference in exchange.

Trains Hit Headon But No One Is Hurt

EL RENO, Okla. —(AP)— Two passenger trains (Rock Island) collided head-on here but the accident only ruffled the calm of a few shaken up passengers and a score of motorists who waited 45 minutes for U. S. Highway 66 to be cleared.

The trains themselves were little damaged as both had slowed almost to a halt as they struck.

A northbound streamliner (Rocket) was stopping for the highway 66 station and a westbound express (Memphis-Californian) was slowing down for a junction point when the engineers sighted each other and slammed on the brakes.

USHA Official On Valley Visit

BROWNSVILLE — Miss Marjorie Watson of the United States Housing authority management division regional offices in Fort Worth is expected to arrive here Saturday afternoon to confer with officials of the Brownsville Housing authority.

Mrs. Volney Taylor, chairman of the local authority, said Miss Watson will remain here over the week-end and will make an inspection tour of the new Buena Vida project

Week's Review Of Valley Oil News

New Frio Field In Willacy County Outstanding News Of Week In Valley Oil Circles; 8 Producers Reported

McALLEN—Lower Rio Grande Valley oil production had been extended Saturday to a third county in extreme South Texas when a new Frio field was opened in eastern Willacy county, far removed from nearest Valley production.

This development far overshadowed all else on the Valley oil horizon and started the section's first deep Gulf Coast production.

The discovery well was Pan-American Production Co. No. 1 Porfirio Garcia, Share 13, San Juan de Carricitos Grant, about 18 miles east of Raymondville, Willacy county seat. Operators completed drilling contract at 9,004 feet, then cemented 7-inch o.d. oil string at 8,834 feet. Three sets of casing perforations in the same sand section brought Willacy county its first crude production. The perforations (corrected) were made at 7,620-34 feet, at 7,644-50 feet and 7,668-78 feet and the entire sand section was reported to have been logged at 7,614-7,705 feet. On potential tests, the well gauged 263.75 barrels daily on quarter-inch tubing choke with 400 pounds tubing working pressure after tubing had been set with packer.

The crude, a typical but excellent type of Mirando oil of 30 degrees corrected A. P. I. gravity, was of a dark brown color. The well, drilled by Carter and Rubsamen, Houston contractors, was the eleventh wildcat drilled in Willacy county. Previous well had ranged from 643 feet to 10,324 feet, the latter being Magnolia Petroleum's No. 1 Francisco Armendaiz, the deepest hole ever drilled in the Valley area. Average depth of the preceding wildcats was 7,900 feet.

About 1,000 feet south and slightly west of the discovery well, Pan-American's No. 1-B Willamar Community, Share 13, San Juan de Carricitos, had been staked and operators were planning to move in at once. This well, like the discovery, was on a 1,500-acre farmout from Standard of Texas and Shell Petroleum. Several other majors and one or two independents held all nearby acreage.

In southeastern Cameron county, Pure Oil Company No. 4 Gatewood Newberry, Share 3, Shelton Survey Award, was drilling below 4,980 feet on a 10,000-foot contract.

On the far eastern flank of the Rincon field in eastern Starr county and in semi-wildcat territory, W. R. Davis, Incorporated, No. 1 Harry Seyfriedt, Survey 923, was reported plugged back to test 5,100-foot sand. Total depth was understood to be 5,480 feet, where 7-inch o. d. casing was cemented. Several deeper sands were reported tested. Definite information has not been available since the well was drilled "tight."

On the extreme north edge of the North Rincon area, also in highly important semi-wildcat territory, Sun Oil Company No. 2 Mateo Saenz, Survey 80, cemented 5 1-2-inch o. d. oil string at 4,630 feet after drilling to total depth of 5,266 feet. A promising new sand was cored and drill-stem-tested at 4,393-4,407 feet and will probably be given production test through casing perforations this week-end. The Sun No. 1 Saenz, 1,700 feet to the south, which opened production on this north edge of the big Rincon structure, was completed in sand at 5,400 feet.

In northeastern Brooks county, about six miles northeast of Falfurrias, J. M. West Production Company and Dan Auld's No. 1 Wm. Ehlers, Section 12, Burton and Danforth Subdivision, Loma Blanca Grant, was reported coring past 8,112 feet after drill stem test of sand at 8,013-30 feet recovered 45 feet of gas-cut mud in 15 minutes.

* * *

McALLEN—Proven fields in the Lower Rio Grande Valley reported eight new producers Saturday with at least a half-dozen more either waiting on cement before making production tests or coring the sand.

As usual, the prolific Colorado field in western Jim Hogg county led the list with four new completions and three new wells about ready to run potential tests.

The new producers included the following at Colorado:

Humble Oil and Refining Company No. 25 King Ranch-Colorado, Survey 42, gauged 128 barrels in 24 hours on 3-16-inch tubing choke from sand at 3,023-34 feet with 225 pounds tubing working pressure and 820 pounds closed-in casing pressure.

C. Andrade III No. E-3 F. G. Trevino, Survey 37, made 175 barrels daily on quarter-inch tubing choke from sand at 2,914-26 feet with 200 pounds tubing working pressure and 700 pounds closed-in casing pressure.

V. F. Neuhaus' No. E-3 F. G. Trevino, Survey 37, gauged 220 barrels daily on quarter-inch tubing choke with 210 pounds tubing working pressure and 820 pounds closed-in casing pressure from sand at 2,945-58 feet.

Also in the northwest part of the field, C. Andrade III No. D-1 F. G. Trevino, Survey 37, had cored the field sand and cemented oil string but details were unavailable.

In the south part of the field, V. F. Neuhaus' No. A-4 F. G. Trevino, Survey 38, cored the field sand and cemented casing for production test, but the sand record was not available.

Sun Oil Co. No. 12 N. S. Thaxton, Survey 630, in the north part of the field, was completed as a pumper from sand at 2,933-42 feet but production had not been gauged.

Sun's No. 14 N. S. Thaxton, Survey 630, was drilling past 600 feet, newest test in the field to spud.

In the Kelsey field in Jim Hogg-Brooks county, two new producers were added and another well was coring for the sand.

Humble's No. 21 Kelsey-Bass, one location west of discovery in San Rafael Grant, Jim Hogg county, gauged 95 barrels daily on 7-64 inch tubing choke from sand at 4,736-48 feet with 600 pounds tubing working pressure and closed-in casing pressure of 775 pounds.

Humble's No. 76 J. C. McGill, in the southwest part of La Blanca Grant, Brooks county, about two miles north of discovery, gauged 122 barrels daily when jetted from sand at 4,741-49 feet.

Humble's No. 20 Kelsey-Bass, one location south of discovery in the extreme southeast corner of San Rafael Grant, Jim Hogg county, was coring for the field sand at 4,706 feet.

One well drilling in the Sun field, Sun Oil Co. No. A-6 E. A. and N. R. Montalvo, Tract 3, Los Retaches Grant, cemented surface casing at 1,029 feet and was drilling past 1,500 feet.

In the expanding Boyle field in southern Starr county, a southern outpost well was on the sand but no information was being released on the hole. Three other wells were drilling in the field and two new locations were staked.

On the south edge of production, Borsodi Petroleum Co. No. 3 Juan de Dios Vela, Share 2-A, Por. 92, Camargo Jurisdiction, was bottomed around 3,700 feet. Production tests were reported under way in the well, but no information is available.

Also on the south edge, Sun Oil Co. No. 1 Juan de Dios Vela, Share 2-A, Por. 92, Camargo Jurisdiction, cored the field sand at 3,170-90 feet and cemented 5 1-2 inch o.d. oil string on bottom at 3,225 feet. Production test was due this weekend.

Northwest of production at Boyle, Dean and Hendrickson's No. 1 M. M. Garcia, Share 215, Por. 90, Camargo Jurisdiction, was reported drilling past 2,500 feet.

New locations were staked for Borsodi Petroleum Co. No. 4 Vela, Share 2-A, Por. 92, and for five new wells of Fidelity Oil and Gas Co. just south of the discovery well.

Fidelity's No. D-5 E. B. Carruth et al, Share 1-A, Por. 92, Camargo Jurisdiction, a north offset to the Borsodi No. 1 Vela which opened production in the field's 3,100-foot sand, was drilling past 1,200 feet.

Two new producers brought considerable attention to the Sullivan City field in southwestern Hidalgo and southeastern Starr counties.

John Messenger's No. A-1 Victorino Chapa, Tract 238, Por. 40, Reynosa Jurisdiction, cored the field sand at 3,407-18 feet and cemented 5 1-2 inch o.d. casing atop the sand at 3,408 feet. The hole was bottomed in sand. On production test, the well gauged 240 barrels daily on 3-16 inch tubing choke with 800 pounds tubing working pressure and 1,250 pounds closed-in casing pressure. The well is located on the northeast edge of production.

In the western part of the field, Phillips Petroleum Co. No. 2 Tomas (Villareal) Flores, Tract 236, Por. 39, Reyn

Alice Faye and Betty Grable head the outstanding cast of entertainment-makers in the spectacular screen hit "Tin-Pan Alley," scheduled for showing Thursday, Friday and Saturday at both the Arcadia Theatre in Harlingen and the Capitol Theatre in Brownsville.

Stirring with the romance, laughter, memories and melodies of the unbelievable street that makes the nation sing, "Tin Pan Alley" has been hailed by critics as one of the finest musicals ever produced. Its nostalgic story, great star power and magnificent assembly of old and new hit songs are just some of the elements which make "Tin Pan Alley" a picture which should appeal to everyone.

Jack Oakie and John Payne head the brilliant featured cast of "Tin Pan Alley" which also includes Allen Jenkins, Esther Ralston, the Nicholas Brothers, dusky dancing stars, and Ben Carter.

ANN SOTHERN STARRED

Laughs furnish the keynote of the new comedy-romance "Dulcy" which stars lovely Ann Sothern in the leading role and Ian Hunter, Roland Young, Billie Burke and Reginald Gardiner in featured roles.

Scheduled for showing Tuesday and Wednesday at both the Capitol Theatre in Brownsville and the Ritz Theatre in Weslaco and at the State Theatre in Mercedes Thursday and Friday "Dulcy" tells the story of a madcap girl who tried to lend a helping hand to the affairs of her family only to blunder in each case

FAMED ADVENTURE FILM

Errol Flynn is cast in the leading role of the thrill-packed story of England's indomitable seamon, "The Sea Hawk," which is currently showing Sunday only at the Queen Theatre in Brownsville.

'SNEAK' SHOW AT ARCADIA

Preview Of New Film Is Scheduled

As a special Thanksgiving eve treat the Arcadia Theatre in Harlingen will present a "sneak" preview of a new motion picture release and will permit patrons who enter the theatre for the early evening show, Wednesday night, to remain over and see the preview.

The term "sneak" is applied because the picture and the stars in it cannot be revealed. The idea is to sneak the picture to a regular audience showing so that the producers can get direct and honest reaction of audiences.

The picture to be shown at the "sneak" will be in addition to the regular scheduled feature, "One Night in The Tropics," starring Nancy Kelly, Allan Jones, Leo Carillo and Robert Cummings.

MYSTERY THRILLER

Acclaimed one of the screen's greatest character actors following his performance in the "Mr. Moto" series, Peter Lorre plays another brillian role in the mytery "Stranger On The Third Floor" which is scheduled for showing Monday and Tuesday at the Rialto Theatre in Harlingen.

Dealing with circumstantial evidence and its dangers the film features John McGuire, Margaret Tallichet and Charles Waldron in featured parts.

Robert Taylor and Norma Shearer co-starred in "Escape," booked for showing Sunday and Monday at the State Theatre in Mercedes and at the Ritz Theatre in Weslaco, Thursday and Friday.

Current Films

THROUGH the gathering mists of evening and on into the night rides the masked adventurer . . . the jagged mark of his sword striking fear into every heart but one . . . it's adventure and romance as Zorro rides on to new thrills in "The Mark Of Zorro" starring Tyrone Power in the title role and lovely Linda Darnell opposite.

In the most famous and colorful of all screen roles Tyrone Power brings to vivid life the exploits of the celebrated bandit and delivers a performance that outdoes his "Jesse James."

Boasting the most spectacular action and sword play the screen has seen since the days of Douglas Fairbanks, Sr., Power's role is crammed with hard riding, furious fighting, ardent romance and is highlighted by an unforgettably realistic duel with Basil Rathbone.

Featured parts with Rathbone in the film are played by Eugene Pallette, J. Edward Bromberg, Chris-Pin Martin, Gale Sondergaard, Janet Beecher and Robert Lowery.

"The Mark Of Zorro" is scheduled for current showing Sunday and Monday at both the Capitol Theatre in Brownsville and the Rivoli Theatre in San Benito and at the Palace Theatre in McAllen Thursday, Friday and Saturday.

"MOON OVER BURMA" IS ROMANTIC HIT

A FILM that should eclipse all previous records for laughter and drama in a tropical setting is "Moon Over Burma" starring lovely Dorothy Lamour, Robert Preston and Preston Foster.

The starring trio is brought together by the fact that the boys, in the teak lumbering business, wander down to Rangoon one fine day to borrow a little money. Success leads to celebration in a cafe where they meet Miss Lamour, posing as a Spanish singer. One way or another Preston and Foster get her back to the logging headquarters up in the hills. And then there are excitement and romance galore, with Miss Lamour singing two new songs, cobras threatening to bite her and what-not. Others in the cast are Doris Nolan and Albert Basserman.

"Moon Over Burma" is booked for current showing Sunday and Monday at both the Arcadia Theatre in Harlingen and the Palace Theatre in McAllen.

CLAUDETTE COLBERT SEEN IN NEW COMEDY

CLAUDETTE Colbert is cast as an audacious newspaper woman and Ray Milland is co-starred with her as an aviator who speaks above the clouds with roaring machine guns in the rollicking new comedy romance "Arise My Love" which is currently showing Sunday and Monday at the Ritz Theatre in Weslaco.

Milland plays the role of a young American aviator who has been fighting with the Loyalists in Spain, is a prisoner of the Franco forces, and is condemned to be shot. Suddenly he learns that his wife has charmed the Spanish high command so efficiently that he has been pardoned, in order that he may go home with the appealing petitioner.

Since he has no wife, he is baffled . . . but appreciative when the "wife" who is a pretty American newspaper girl on the trail of a big news story. They barely get to England as the Nazi war machine gets under way to roll over Europe.

NORMA SHEARER, ROBERT TAYLOR CO-STARRED

NORMA SHEARER and Robert Taylor are co-starred in the screen adaptation of Ethel Vance's thrilling best-selling novel "Escape" which is scheduled for showing Sunday and Monday at the State Theatre in Mercedes and at the Ritz Theatre in Weslaco Thursday and Friday.

The story concerns the efforts of an American son to rescue his foreign born mother from a concentration camp in Germany. The screen adaptation preserves the dramatic pace of the original novel and in addition presents Taylor and Miss Shearer, in performances that match in persuasive perfection and power any of their previous portrayals.

The central character, "Emmy Ritter," around whose prison predicament complications arise, is played by Nazimova with Conrad Veidt, Felix Bressart and Albert Bassermann in featured supporting roles.

Tyrone Power and Linda Darnell with Basil Rathbone, Gale Sondergaard and Eugene Pallette in the screen's actionful romantic drama "The Mark Of Zorro," booked for showing Sunday and Monday at both the Capitol Theatre in Brownsville and the Rivoli Theatre in San Benito and at the Palace Theatre in McAllen, Thursday, Friday and Saturday.

RUMANIA SIGNS AS AXIS WOOS TURKEY

Great Britain Near End Of Finances

ENVOY HINTS U. S. TO LEND CASH FOR WAR

Lothian Is Confident Of Final Victory

NEW YORK—(AP)—Lord Lothian, British ambassador to the United States, returned from his bomb-battered homeland Saturday with a cryptic declaration that Britain's financial problem was "becoming urgent."

His country, he said, was "beginning to come to the end of her financial resources."

Returns On Clipper

The envoy was one of 14 passengers who came from Lisbon on Pan-American Airway's Atlantic Clipper.

Lothian foresaw "a difficult year" for the British and an emphatic need of all kinds of war materials, including airplanes, munitions, ships and "perhaps finance."

He emphasized that England "definitely does not need men" as part of this country's assistance.

The ambassador was optimistic of British success, however, and asserted that "confidence in ultimate victory is high."

Lothian said that the United States was increasing its already satisfactory assistance to England and asserted that he wanted it understood that there was no feeling in his homeland that "American assistance was not enough."

Asked Stand On Loans

(When he arrived at Washington, reporters asked him specifically whether Britain had any present intention of requesting modification or repeal of the Johnson act prohibiting government loans to debtor nations.

("It is not for us to make such a suggestion," he replied.)

(He said, however, he thought the question of how Britain was to continue to pay for munitions purchases in this country would have to be met within the next six months although he explained the limit of her financial resources depended upon a great many factors.

("We have paid for everything so far," he said, "but our gold and securities resources are being liquidated.")

VULTEE STRIKE 'WORK OF REDS'

FBI Report Hints Of Defense Sabotage

WASHINGTON —(AP)— Attorney General Jackson disclosed Saturday night an FBI report to defense officials attributed the strike in the Vultee Aircraft Corporation to "Communist influence."

"This confidential report," Jackson said in a statement, "describes the Communist influence which caused and is prolonging the strike. It identified those leaders of the strike who are either members of the Communist party or affiliated with the Communists and the persons who are the contacts between the strike committee and the leaders of the Communist party.

Strike Not Illegal

"While the activities of the parties involved may not constitute a federal crime warranting prosecution, the details have been furnished to the war and navy department and to the national defense commission so that they may take such action as may be warranted in the protection of the government's interest."

Jackson's references to the Vultee strike were made incidentally in a statment in which he accused Rep.

Santa Claus' Pack Bigger This Year, Experts Say

Best Christmas Business Since 1929 Is Expected; More Money To Be Spent

(See Babson's holiday forecast on Page 9)

By FRANK MacMILLEN

NEW YORK—(AP)—Let the children rejoice this year, for Santa Claus will heft the biggest Christmas pack that America has seen in a decade. And let the grownups be glad—if they can.

Guns, planes, tanks and ships are building apace. Men are going back onto steady payrolls.

There are $12,500,000,000 of war and defense orders on the nation's industrial books, and the next session of Congress will provide more.

An official of the national defense advisory council at Washington this week said that within the next 18 months the income of the American people will cross the $100,000,000,000 mark, and that 5,800,000 men will have jobs who have none now.

That will soon leave few who are capable of working still without jobs and it should make Christmas, 1941, an even bigger one than this.

More To Spend

It will give people more to spend by a good many billions than they had in the year of the golden legend, 1929.

If the flow of money into weapons is still going on when another Christmas rolls around, it will add point too, to what the defense official, John D. Biggers, Toledo industrialist who is executive assistant to William S. Knudsen, had to say when he offered his estimates of the coming months:

"God knows, I would wish that it were any other kind of industry that would bring us this income."

Yet events, neither abroad, where the war of diplomacy and steel was intensified this week, nor in Washington, where further steps were taken to speed the defense program, indicated any reason to doubt the general correctness of Bigger's estimates.

Thanksgiving delicacies, said Dun and Bradstreet's trade review, were bought in greater quantities this year than last, and Christmas shoppers appeared to be nibbling earlier than usual, although the full rush was yet to come.

The federal reserve board at Washington said department store sales last week were 13 per cent ahead of a year ago, despite the fact that the latter was a period of brisk business.

LEAHY NAMED US ENVOY TO FRENCH POST

Puerto Rico Governor Goes To Vichy

ADMIRAL LEAHY

HYDE PARK—(AP)—The selection of Admiral William D. Leahy, retired, as ambassador to France was announced Saturday by President Roosevelt.

Leahy, who climaxed a 42-year career in the navy by serving as chief of naval operations from 1937 to 1939, has been governor of Puerto Rico since his retirement a year ago.

To Succeed Bullitt

The resignation of William C. Bullitt, present ambassador to France, has been in the President's hands since November 7. Its acceptance becomes a matter of course.

Whether Bullitt would be offered another government position or would return to private life, the White House was not prepared to say. It had not been determined, either, when Leahy's nomination would be sent to the Senate. Presumably, he will be allowed time to wind up his affairs in Puerto Rico.

Pershing Refuses Post

Mr. Roosevelt had asked General John J. Pershing to become envoy to France because of his close friendship during the World War with Marshal Henri Petain, head of the Vichy government. Pershing's doctors forbade him to accept.

Dispatches from Vichy said officials there were "delighted" with the President's choice of Leahy, and that his selection marked the sincere friendship of the President for France.

At Puerto Rico, Leahy said "I will go to France, China, the North Pole or anywhere the President sends me."

47 Volunteers Will Get Send-Off In Valley

(Story telling how Valley National Guard goes into action Monday may be found on Page 4. Article on Fort Sam Houston Reception Center routine, written by an army officer, is on Page 5).

HARLINGEN—The Valley's first quota under the Selective Service Act, consisting of 47 volunteers from Rio Grande City to Brownsville, will leave for Fort Sam Houston Sunday night for a year's military training and in most draft board areas sendoffs were being planned to bid the departing men good luck and farewell.

Harlingen will be the concentration point for many of the men who will be assembled here for the journey to San Antonio in a special car over the Missouri Pacific. Three men from Starr county, eight from the Mission draft area, seven from the Weslaco area, seven from the Harlingen area and five from the San Benito area will be assembled here and will be joined at Raymondville by three from Willacy county. Eight men from the Edinburg draft area and six from the Brownsville area will leave over the Southern Pacific from those two towns.

Legion Host To Dinner

Volunteers from the Harlingen draft area will be given a dinner at Johnson's Cafe at 7 p. m. Sunday under auspices of the American Legion. After a band concert at 8:00 there will be a torch parade from

GEORGE GETS PITTMAN POST

New Foreign Relation Chief Selected

SENATOR GEORGE

WASHINGTON —(AP)— Senator Walter F. George, veteran southern Democrat, was selected Saturday to be chairman of the Senate foreign relations committee and immediately declared he would pursue a policy of working in "close harmony" with the State Department.

In a talk with reporters, the grey-haired Georgia senator also indicated that he thought it would be unwise to seek congressional action at this session on "controversial matters" in the field of international relations.

"It will be difficult to maintain a quorum," he said. Only 45 senators—four less than the quorum necessary for transaction of business—attended yesterday's Senate meeting.

George's attitude appeared to rule out the possibility, talked by some senators, of action at this session on the question of extending credit to Great Britain.

Senator George was the unanimous choice of the Senate Democratic steering committee for the chairmanship of the foreign relations committee, left vacant by the death of Senator Key Pittman (D-Nev). A resolution formally elevating him to the post will be presented to the Senate Monday.

Dirty Business

Street Cleaners In Baltimore Strike

BALTIMORE—(AP)—Rows of trash baskets and garbage cans lined the streets in front of Baltimore's white-stepped houses Saturday in a strike by bureau of street cleaning employes for higher wages.

Papers from overflowing receptacles littered streets. In some areas, trash baskets had been standing at the curbs since Thanksgiving Day.

Mayor Howard W. Jackson called off a scheduled negotiations conference with announcement "we will talk to them (the strikers) after they go back to work and not before."

WETS WIN ELECTION

BIG SPRING—(AP)—Howard county voted to retain sale of all alcoholic beverages in a local option election Saturday. The margin was 1,833 to 1,333, with only one small box unreported.

Like Skeet Shooting

U. S. Anti-Aircrafters Fire On Real Planes

KELLY FIELD, Tex. — (AP) — Large scale conversion of obsolete army training planes into radio-controlled flying targets for anti-aircraft gunners was disclosed Saturday at this busy finishing school for air corps pilots.

Forty-five old but serviceable biplanes already have been equipped with the control apparatus and tricycle landing gears at nearby Duncan Field, air corps depot. Twenty-one others awaited their turn in the engineering shops.

Most of the crafts already transformed have been sent to the Panama Canal Zone to perfect the canal's protection against bombers, officials told newsmen on a defense survey tour. Others were believed destined for Hawaii, Puerto Rico and new coast artillery anti-aircraft firing centers.

This use of old planes on such a scale represents a new departure for the army, although navy gunners have long blasted at a few crewless target planes in Hawaii and Great Britain developed a single plane, the Queen Bee, before the European war.

8,000 Deer Killed During First Week

AUSTIN—(AP)—State Game Department officials estimated Saturday 8,000 deer had been killed in the first week of Texas' hunting season.

M'ALLEN HAS DEDICATION OF NEW AIRPORT

Field Is Named For Sam L. Miller

(See Pictures On Page 7)

McALLEN — McAllen dedicated its new municipal airport Saturday to Sam L. Miller, its benefactor, and to the future of aviation in the Rio Grande Valley.

The 176-acre field, a portion of which has yet to be placed in use, will be known henceforth as Miller Municipal airport, Mayor Horace Etchison told a gathering of citizens who witnessed brief dedication ceremonies at the field shortly before noon. Business men of the city gathered a short time later at the Casa de Palmas hotel to honor Miller with a luncheon.

Miller's Birthday

Saturday was Miller's birthday and he enjoyed its events immensely.

Mayor Etchison's official announcement that the airport would bear the name of the well known Upper Valley financier was, the executive explained, the result of Miller's recent contribution of 89 acres of land to the field, more than doubling its size.

Already a long east-west runway, the first the port has acquired, has been cleared on a portion of the tract Miller donated. Additional land will be cleared soon under a National Youth administrtion project at the port.

Jaul T. Vickers, chamber of commerce manager, officiated at the dedication. He introduced Etchison and a number of other speakers and civic leaders.

Predicts Growth

City Commissioner Norman Buescher predicted in a brief talk that "we will have one day one of the finest airports in the Valley."

"This is just the beginning of an airport," H. H. Hensley, chairman of the chamber of commerce airport committee, asserted. "You'll see here soon runways large enough for landing and taking off under any weather conditions."

Homer L. Leonard, state legislator and next speaker of the house of representatives, came to McAllen especially for the dedication in the midst of a heavy program of work at the capital, preparing for the January session. Leonard praised Miller for his civic work, especially for his contribution to the airport.

"And I want to cite another example of his efforts in the Valley's behalf," said Leonard. "Mr. Miller has spent more of his own money, without any hope of return, than anyone else in the Valley to get us some relief from the 7,000-pound load limit.

"This fine airport is made possible because of his interest in McAllen and his work for his home town."

U. S., Mexico Study Bogus Divorce Ring

EL PASO—(AP)—The possibility that "several hundred Americans" may be possessors of bogus Mexican divorces, manufactured by an alleged "counterfeit divorce factory," drew the attention Saturday of both U. S. and Mexican authorities.

The bogus decrees, it was said, bore the signatures of minor court judges of Villa Ahumada and Praxedis G. Guerrero, small towns in the state of Chihuahua.

Almazan Returns

Revolution Dropped By Mexican General

BALTIMORE—(AP)—General Juan Andreu Almazan, recent candidate for the Mexican presidency and now en route to Mexico City, "believes it is his duty to avoid any struggle between the Mexican people," his brother, Dr. Leonidas Almazan, said Saturday night.

Dr. Almazan said the general and his family, who have been in the United States several months, left by train for the Mexican capital Friday night.

Dr. Almazan said the object of his brother's trip was to "avoid any possibility of a revolution." Upon his arrival, General Almazan will deliver a "message" to the Mexican people. He "has communicated with his friends in Mexico with the order that nobody wait for him when he arrives . . . and to remain at their homes, in order to avoid wrong interpretations . . . "

Wet Cold Wave Sweeps Texas; Traffic Halts

Icy Highways Bring Death; Heaviest Rains In Years Bring Danger To East Texas

By The Associated Press

Ice glazed highways and snapped communication lines in the Texas and Oklahoma Panhandle Saturday night while in East Texas the heaviest rains in years halted traffic and harassed residents.

Amarillo reported the situation growing worse as a 14-mile wind whipped wires and trees loaded with an inch of ice. Some Panhandle communities were without power. The weather bureau forecast temperatures of 33 to 30 with continued wind during the night. Warmer was predicted Sunday.

The death of a child and the serious injury of a farmer were attributed to the weather in East Texas. Doyle Nichols, 4-year-old son of Mr. and Mrs. Ernest Nichols of Laneville, Tex., died after being struck by a truck during a heavy storm. Ed F. Posey, 69, of Rusk county, suffered broken legs when struck by a hit-and-run motorist.

New Norther Expected

Colder weather, accompanied by rains, will be the Valley's share of the cold wave sweeping Texas, the forecast Saturday night indicated. Fresh to strong northerly winds Sunday will usher in the new norther. The temperature drop drop is not expected to be severe.

Damage Is Reported

County agents reported serious damage to farm lands, bridges were washed out, dams broken and travel stopped in an area extending from East Texas into Louisiana.

A slow drizzle fell over most of Oklahoma after replacing light snows in the Panhandle. The mer-

The pass will help supply fresh water to Laguna Madre, considered one of the greatest natural spawning beds along the nation's coast.

Bulgarian Blackout Is Ordered

ANKARA, Turkey —(AP)— German Ambassador Franz Von Papen conferred with the Turkish foreign minister for nearly an hour Saturday night in an interview in which the future of Turkey may have been decided.

The nature of the conversation Adolf Hitler's ace trouble shooter had with Foreign Minister Sukruu Saracoglu was not disclosed, but it was "presumed he delivered terms for Axis acceptance of Turkey in the projected "new European order."

Saracoglu received Von Papen following audiences with the Greek and British ambassadors, who called separately.

. The Turkish cabinet meanwhile discussed enforcement of regulation in areas put under marital law Friday.

By The Associated Press

Rumania, territorially enriched by the World War but stripped of much of her acquired lands at the bidding of the Axis powers last summer, threw in her lot Saturday with the Berlin-Rome-Tokyo military, political and economic alliance.

In Adolf Hitler's ornate chancellory in Berlin, the Rumania dictator, Gen. Ion Atonescu, signed the same terms which Rumania's none too friendly neighbor, Hungary, signed only a few days ago.

Bulgaria and Nazi-dominated Slovakia, remnant of Czechoslovakia, are expected to sign next.

Nazis Near Dardanelles

The alignment of Rumania with the Axis forces brought the Nazi influence to within 250 miles of the Dardanelles, and intensified diplomatic and governmental activity in Turkey, now under martial law.

The Turkish Foreign Minister Sukru Saracoglu received the Greek and British ambassadors in separate audiences, and there was belief Germany's ambassador, Franz Von Papen, would hand turkey a proposal to line up with the "new order."

The Greeks, happy over the fall of Koritza, Albania, an Italian base city, were reported to have split the retreating Italian army in two

CHURCH RAPS LIQUOR SALE TO CHILDREN

Prescriptions Sold 'To All Ages'

DALLAS—(AP)—Delegates to the closing state Baptist Student Union golden jubilee convention Saturday heard charges that prescription whiskey in dry counties was being sold to persons of all ages.

Dr. H. E. Fowler, Dallas pastor and chairman of a special committee, declared in a report: "Some doctors are selling thousands of prescriptions every month, going to children of all ages, thereby making drunkards of them and demoralizing them generally."

The convention adopted a resolution asking the legislature to enact laws making mandatory a physical examination to determine whether whiskey was needed before a doctor prescribed.

Fort Worth Next

The convention voted to begin next year's convention on Thanksgiving Day at Fort Worth and continued all officers for another year.

Valiantly, messengers staged a twice-postponed parade in buffeting rain as the grand finale of their three-day meeting—a meeting attended by 13,000 messengers and visitors.

And "If the Lord had seen fit to bring this blessing of rain some other day we should not have been unthankful," commented Dr. T. C. Gardner, state director.

90 Dry Counties

Dr. Fowler cited a statement by Dr. W. D. Bradfield, chairman of the Texas Liquor Control Board, that 500 drug stores in the 90 dry counties of the state had sold 4,015,684 prescriptions for whiskey in the seven months ending June 30. He said this totaled 403,116 gallons.

Winner of the three-year age group story telling contest was Betty Rae Rogers of Del Rio. Carol Ann Garner of Houston was the five-year age winner, and Jean Elleen Kincaid, four, of Abilene, winner in her class.

Executive Board

The convention approved the nominating committee's recommendation that the following be elected to execute board places vacated by term expirations:

Guy Newman, Temple; A. C. Miller, Belton; T. C. Jester, Houston; John L. Whorton, Longview; J. Earl Mead, Dallas; H. H. Hargrove, Waco; E. S. James, Vernon, and W. L. Howse, Fort Worth.

Lefors Banner

The First Church of Lefors, in the Panhandle, won a banner for having sent the largest percentage of its membership to the convention. It has a total membership of 557, with 224 in the training union, and sent 12 delegates.

Longview's first Baptist church won the award for having brought to the convention the outstanding poster.

Decry Drinking Mother

The convention went on record as favoring and supporting the national defense program and planned that training unions near camps supply spiritual needs of training union members drafted.

Other resolutions decried drinking mothers, careless automobile driving and the sending of Myron C. Taylor by President Roosevelt to Rome as his personal representative to the Vatican.

VULTEE STRIKE 'WORK OF REDS'

(Continued from Page 1)

Dies (D-Tex) of attempting to "disparage and discredit" the work of the federal bureau of investigation.

Dies, commenting on the "White Paper" published by his house committee on un-American activities, had expressed the opinion FBI methods of combatting sabotage and espionage were ineffective. The "White Paper" dealt with alleged Nazi activities in this country which Dies contended could best be thwarted by giving them publicity.

Defends FBI

Jackson said the FBI's work "is necessarily carried on quietly and without publicity" he went on to say that he had "inclined to the view that there was sufficient field to warrant the publicity activities of a legislative investigating committee even if some of those activities have the effect of endangering by premature exposure the work of this department." He added:

"It would not seem, however, that such legislative activities need be accompanied by attacks on the federal bureau of investigation whose purpose in investigation is quite different from that of a legislative committee, and, of coure, should not and must not compete with the legislative committee for publicity."

Would-Be Holdup Man Is Resting In Hospital After He Tangles With Unafraid War Veteran Store Keeper

PITTSBURGH— (AP) A would-be holdup man, with a bullet wound in an arm and his face cut and bruised, lamented Saturday that he ever considered robbing A. J. Baker, a suburban grocer.

From a hospital bed the man told detectives:

"I heard Baker was tough and I wanted to find out how tough he was. I sure found out.

"Imagine a guy taking your gun away from you and then beating you up. I'm so surprised, I ain't got over it yet."

When the man walked into his store last night, Baker, a World War veteran, quickly disarmed him and let loose with both fists. The chagrinned intruder fled and surrendered to police after being treated by physicians.

Only three nights previous Baker thwarted another holdup at his store. He grabbed a revolver from a shelf and blazed away at three gunmen, who ran off in a panic.

Said Baker Saturday:

"The only way they can rob me is to put me on a slab in the morgue."

ing the program were City Commissioners Fidencio Guerra and F. E. Osborn, Postmaster Harry Mertz, Airport Manager Walter S. Fullwood, Vice President P. H. Graning of the chamber of commerce, Mrs. Miller and little Miss Barbara Miller.

Vickers presented to Miller as a keepsake the first airmail cover, executed especially for the dedication event, addressed to the Miller Municipal Airport.

Fullwood announced that two special flights of airmail would be made to commemorate the occasion. One left at 3:30 p.m. Saturday and the second will leave at the same hour Sunday.

Fullwood is flying both trips. The mail is being taken to Corpus Christi Sunday to meet the second flight there.

Eighty of McAllen's most prominent business men attended the luncheon, with Leonard acting as toastmaster and five speakers paying tribute to Miller.

Vickers explained that the luncheon was held for two purposes—in honor of Miller's 39th birthday and dedication of the new airport, for which he said Miller was largely responsible.

Mayor Etchison Speaks

Mayor Etchison spoke on "Sam Miller as a Citizen," declaring that he "has done more of his own free will than any other one man to help work out some of McAllen's major problems."

Merts spoke on "A Country Boy Goes to Town;" Chamber of Commerce President V. E. Cook talked on "Sam Miller as a Civic Leader;" and Chamber Vice President P. H. Graning spoke on "Sam Miller as a Friend."

During the trip, the Capitol Hill football team will play a return game with the Mexico City's Y. M. C. A. The two met here last month.

FIREMEN WANT BROKEN TOYS

Christmas For Poor Children Planned

HARLINGEN—A call for more toys for Harlingen youngsters who will otherwise do without Christmas playthings, was issued here Saturday by Fire Chief Jake Childress.

Following their annual custom, the Harlingen firemen are repairing worn and broken toys to be given to poor children for Christmas, asking people with discarded or broken playthings to help these children have a happier Christmas.

The firemen have placed all toys they have thus far received in shape for Santa Claus' annual goodwill trip among local kiddies, and are anxious to have folks bring more toys in right away. People who have them to give are asked to bring them in now, or 'call for someone to pick them up, instead of waiting until just before Christmas.

Boy Scouts will help the firemen this year, playing Santa Claus by delivering on Christmas Day, the toys that the fireboys have made look like new.

WET COLD WAVE SWEEPS TEXAS

(Continued from Page 1)

cury in the northern half of that state dropped to the 30's before dark. The southern, southeastern areas received most of the precipitation late Saturday.

Streams were still rising but no loss of life was reported from the areas around Logansport, La., Nacogdoches, Tex., and Palestine, Tex., which were hardest hit by the torrential downpours.

The southward movement of a mild cold wave meeting warm air from the Gulf of Mexico brought on general precipitation over much of Texas, Oklahoma, Louisiana and Arkansas.

Logansport Isolated

Logansport was isolated from highway communication after 13½ inches of rain in 36 hours. Rain still fell there and the Sabine River was rising.

No major damage resulted from the floods which came from rainfall rather than river overflow both at Logansport and Palestine. Water swept into stores at both places during the day, but storm sewers were handling it satisfactorily Saturday night.

Only a sprinkle was falling at Palestine which reported 12 inches, twice that of any previously recorded in 24 hours.

Highway traffic from there was restored but washouts forced the Missouri Pacific to re-route its trains to Houston and Jacksonville. The dam of a 5-acre lake on the place of Martin Davey, Palestine oil man, went out, sending water across State Highway 43 and damaging approaches to a bridge a quarter mile away. Trucks and buses were rerouted around the bridge but passengers cars passed over temporary fills.

Creeks Are Rising

Creeks were rising around Nacogdoches which got 10 inches in 12 hours. Half a dozen residences were under water but the principal damage was to sawmills and warehouses along a cross-town creek. Late fall crops were destroyed and livestock drowned. Broken gas and water mains inconvenienced residents.

An inch of snow fell at Boise City, Okla., while a freezing rain fell at Amarillo, in the Texas Panhandle.

Small streams in north, central and east Texas were out of their banks from rains ranging up to 5 inches.

Both the Little and Leon Rivers were bank full near Temple which got 1.88 inches.

Livestock Moved

The Dallas weather bureau warned farmers to remove livestock from low places along the Trinity River.

The temperature was 39 at Miami, Okla., where mist still fell. Farmers in that area reported much benefit to wheat and barley from a 3.75 inch rain in three days.

At Gainesville, in North Texas the temperature had dropped 13 degrees to 51 since morning as rain continued falling.

The Brazos River was rising slowly at Waco where it stood at .26 feet, 12 feet from flood stage. Rainfall in 36 hours had totaled 4.51 inches there.

Traffic was stopped on interurban lines out of Corsicana by high waters over Briar Creek. The Cotton Belt Line between Waco and Corsicana was under 18 inches of water with the flood rising slowly. Corsicana received 3.85 inches of rain.

Henderson's 9.54 was the worst in more than 25 years. Tyler had 5.35.

Many dams were washed out in Rusk and Smith counties. Cooper's Lake, largest in Rusk, lost 40 of 70 acres of water.

An engine of the Missouri Pacific branch to Overton was derailed north of Henderson. It was hoisted back undamaged on the tracks. Gravel roads and freshly-terraced farm lands were washed badly.

The icy weather in the Panhandle was severe on livestock but stockmen said few losses were expected because the grass was not covered and animals could graze.

Driving Dangerous

Although Panhandle highways were not badly coated with ice, driving was hazardous because of the fog and drizzle.

In Amarillo, electric conductors in exposed places were flapping as much as 10 feet out of line. Vega, Channing, Dumas and Sunray were without telephone service.

KILLS FAMILY AND SUICIDES

Wife, Two Children Slain With Axe

HELENA—(AP)—Clinton C. Peterson bludgeoned his wife and two children with an axe, fired several shots into their bodies, and then killed himself while suffering "a fit of temporary insanity," County Attorney Harold K. Anderson announced.

The bodies of Peterson, 46-year-old assistant secretary-treasurer of the Montana Livestock Production Credit Association; his wife, Helen, 44, and their children, Betty Ann, 17, and Howard, 13, were found in different rooms of the new Peterson home Friday night.

Sheriff Brian D. O'Connell said that Peterson, still wearing his hat and overcoat, sat down in the basement and shot himself with a .22 caliber rifle after slaying the three members of his family in their separate bedrooms. Mrs. Peterson and the children still wore night clothing.

HOUNDS HUNT TWO NEGROES

Louisiana Parish Is Aroused By Crime

HAMMOND, La. — (AP) — Several hundred state, parish and city officials and possemen, aided by bloodhounds, scoured the woods of southern Tangipahoa parish Saturday night searching for two Negro suspects in the sensational early morning robbery and slaying of Steven Bench, wealthy Hungarian farmer.

Most of the more than $5,000 in currency and securities reported missing, was recovered during the day, the last of it when Policeman Dick Cutrer fired upon but failed to stop one Negro, who fled into the woods, after tossing a wad of bills totaling $2,600 over a fence.

One of the men suspected, officers said, of being the killer of Miss Julia Bergman, 60 year old dairywoman, who was bludgeoned to death in a similar crime a week ago.

Bulgaria Blacks Out

Bulgaria ordered its first nationwide blackout and restricted internal telephone communication, but the public was assured in numerous communiques that no army was likely to march through the country to battle.

An American, J. K. Gordon, long a resident of Athens, declared Britain was giving Greece a great deal more help than London admitted officially. Gordon said he was impressed by the number of troops, planes, ships and war materials placed at the disposal of the Greeks.

The British ambassador to the United States, Lord Lothian, said Greek successes had made the British "thoroughly enthusiastic" but also stated that his nation's financial problem was "becoming urgent."

Three London Raids

London had three daylight raids and bombs fell in one suburb and on a Thames estuary town. British fighters were declared to have shot down seven Italian and one German planes in a battle over the Dover Strait, and three German planes elsewhere.

German sources said Italian planes shot down four British planes and lost two.

The first night raid on London came at dinner time.

There was no official disclosure about the extent of the damage in Friday night's 11-hour bombing of the Midlands, but great piles of wreckage were left in two towns, which the Germans indicated were Coventry and Birmingham, and there were indictations of heavy casualties.

New RAF Attacks

The British reported new attacks on Germany and German-held territory.

With Rumania and Hungary now a part of the Axis and Slovakia and Bulgaria reported ready to sign, here is the European picture in brief outline:

Denmark, Norway, Holland, Belgium, Luxembourg, part of Poland, and the richest part of France occupied by Germany. (Austria and Czechoslovakia vanished earlier).

Greece fighting Italy; Albania occupied by Italy; Spain at peace but sympathetic towards Berlin; Switzerland doggedly neutral; Turkey and Yugoslavia waiting; Finland trying to recover from the Russia invasion of a year ago; Sweden neutral and alert; Estonia, Lithuania, and Latvia absorbed last summer by Russia, which earlier shared Poland with Germany; Portugal, traditionally pro-British, still neutral.

Mexico Trouble

Almazan Visit Said Revolt Attempt

MEXICO CITY—(AP)—Responsible government sources and political quarters Saturday night characterized General Juan Andreu Almazan's journey to Mexico as a "carefully conceived attempt to provoke an uprising of the Mexican people" coincident with the inauguration of President-elect General Manuel Avila Camacho December 1.

They said any such attempt would be marked by failure.

One government official declared that if "Almazan were sincere he would remain in the United States until after the inaugural ceremonies instead of returning at this time to deliver a 'message' to the Mexican people. His arrival only means trouble."

EVENTS TOLD FOR WESLACO BIRTH PARTY

Dec. 12 Program's Details Given

WESLACO—Plans for the most exciting entertainment ever held in connection with a Weslaco Birthday Party have been completed by T. G. Cressner, general chairman, who Saturday promised "something for every minute" of the day on Thursday, December 12."

"Between the platform shows, the contests, the concerts, and the picture show and educational program, everybody will have a day packed with fun," Cressner said. "You'll go home tired but happy. Everything is free."

The three main blocks of the Weslaco business section will have a platform each, centered in the street, on which shows will be staged all during the day. There will be a 20 minute show on one platform, then a 20 minute rest, then a 20 minute show on the next platform, followed by a 20 minute rest, and so on all during the day.

3 Platforms

Pat Cannon will have charge of platform one, Abe Wren of platform two, and Rogers Smith of platform three, according to Cressner. The following schedules have been worked out over a period of several weeks.

From 11 to 12:20 a.m. the American Legion will give at one of the platforms a full demonstration of saluting of the American flag including how to place a flag on various days. This demonstration will be concluded by the entire audience taking part in saluting the flag.

Service Clubs

From 11:40 to 12 noon the Kiwanis Club will stage a show at one of the platforms; from 1:00 to 1:20 the Lions will put on a performance; from 1:40 to 2 the 20-30 Club will have a platform show; from 3 to 3:20 the B. and P. W. Club will have a show; and from 3:40 to 4 p.m. the Rotary Club will stage a platform show.

During the 20 minutes from 2:20 to 2:40, the Southern Star Home Demonstration Club will stage a somewhat different event in the form of a ladies minstrel. "They can act as well as they can cook," Cressner said.

PAA Shows

In the empty building south of Cressner's Drug Store, there will be showings from 1 to 2 p.m. and from 3 to 4 p.m. of Pan-American Airways educational pictures of South America, and from 4 to 6 p.m. in the same building there will be an educational program put on by the Weslaco Agricultural Association. Both of these shows are free.

In the "off time," three bands will give concerts, including two out-o-town bands, and sandwiched in between the platform entertainments there will be on the vacant lots in these three blocks of Main street a number of contests including hog calling, milk drinking contest, fat man's race, horseshoe pitching, and water fight between the firemen and citizens.

BIRMINGHAM SET AFLAME

Nazis Say Workers' Homes Are Fired

By The Associated Press

BERLIN—Flaming "lakes of fire" were started in the very heart of Britain's major industrial city of Birmingham, the official German DNB news agency reported Saturday, in an overnight 300-plane Nazi assault—the second against that vital center this week.

It declared that important factories were hit and entire blocks of nearby workers' dwellings set aflame. This DNB report apparently was the first semi-official admission that workers' quarters had been fired wholesale by German bombs.

Major Destruction

The major destruction, it added, was centered around Birmingham's larger factories, with munitions plants especially hard hit.

In an air fight over the channel Saturday, DNB said Italian planes taking part in the siege of England shot down four British pursuit planes and "probably two more." Two Italian machines were lost.

7 Italian Ships

(The British said seven Italian planes were shot down in the channel battle against no British losses.)

The high command also reported its air force Friday night renewed forays against Coventry, the ports of Southampton and Bristol.

DNB also said London was subjected to its "nightly shaking down."

7 Civilians Die

British raids on western Germany and Nazi-occupied France killed seven civilians and injured 20, the daily communique said.

In sea warfare, the high command reported two British freighters were damaged during air attacks on convoys.

EXPERT URGES 5 NEW CROPS

Money-Making Plants Growing Wild

TULSA, Okla. —(AP)— Oklahoma farmers were told Saturday that when cotton, wheat and corn won't bring the cost of production, there's money to be made in mustard, sage, sunflowers, licorice and coriander.

These five crops, said Dr. Paul Kolachov, research director for Joseph E. Seagram and Sons, Inc., of Louisville, Ky., are so well adapted to Oklahoma soil they sometimes grow wild in abandoned areas.

Yet, while they are capable of yielding a far greater cash income than cotton, wheat and corn, they have been so neglected in this country that big supplies must be imported each year.

Speaking before the Oklahoma Farm Chemurgic Council, Kolachov said, "we should encourage farmers to act as individuals and raise new crops that will bring good profits."

DALLAS — (AP) — A group of Jehovah's Witnesses filed suit in federal court here seeking to enjoin officials at Waxahachie from interfering with their visits to that city.

Many Events Slated During Week

McALLEN — Winter visitors in McAllen went nautical over the week-end, swimming in the Gulf of Mexico, catching fish and eating it.

The McAllen Chamber of Commerce tourist department conducted 23 tourists on a trip to Port Isabel and Padre Island Saturday. And on Friday a group of 20 winter visitors and tourists enjoyed a fish fry, with Mr. and Mrs. William G. Olson furnishing approximately 35 pounds of fish which Olson caught in the gulf the past week on a two-day fishing trip off Boca Chica.

Money Presented

The visitors brought their sandwiches and then paid 25 cents for their fish, potatoes, pickles and coffee. The money was presented to the Tourist club to buy something needed for the new club room when it is opened.

The two main features of the tourist program for the coming week will be the open band rehearsal of the McAllen high school band Monday at 7:30 p. m. in the junior high autorium South 12th street. During the intermission a former band director of California will play several numbers on a specially made solo guitar; and the Thanksgiving dinner for all winter visitors and tourists at the Casa de Palmas Hotel on Thursday.

The tour to Reynosa, Mexico, has been changed this week and will be run Monday at 4 p. m., returning in time for the band rehearsal at the school auditorium.

Wednesday at 1:30 p. m. there will be a special tour to Engelman Gardens and the longest vegetable packing shed in the South, and to the cactus gardens. Thursday at 12:30 p. m. the annual Thanksgiving dinner will be held in the Casa de Palmas Hotel with dancing and games in the afternoon. All who expect to attend are asked to register by Wednesday noon. Friday at 10 a. m. the Spanish club will meet in Legion hall and at 2 p. m. games of all kinds will be played. SLAYER GETS PRISON TERM IN HIDALGO

Mauro Olquin Found After 10 Years

EDINBURG — A 10-year flight from the law was concluded in two brief hours here Saturday when Judge Rogers Blalock sentenced Mauro Olguin, 56, to five years in the penitentiary on a murder conviction.

Olguin since April 29, 1930 had been under indictment for the gunshot slaying of Baltazar Lucio at a point four miles northeast of La Villa in northeastern Hidalgo county. Lucio left a wife and child.

An argument over use of mules in farming a tract on which both men were working culminated in the shooting, old records here showed.

Ever since the indictment was returned, Hidalgo county officers have attempted to locate Olguin. He was arrested a few days ago at Victoria as a suspect in another shooting case but was subsequently cleared of any charges and another man was indicted.

Returned Thursday

Sheriff Bob Daniel was informed he was held in Victoria, and returned Olguin to the county jail here Thursday night.

Assistant District Attorney Jack Ross and Joe Chapa took statements from him Friday.

Judge Blalock, who replaced Judge Bryce Ferguson after the latter disqualified on the technicality that he was district attorney during the time the indictment was pending against Olguin, called the case to trial at 10 a.m. Saturday.

Pleads Guilty

At noon, after Olguin pleaded guilty before a jury and the case had been tried on an agreed statement of facts, Judge Blalock pronounced the sentence. George Wideman, court-appointed attorney, served as counsel for Olguin.

The man has no family and was a farm worker during his long game of hide-and-seek, Ross reported.

Hid Gun

Olguin offered to take officers to the scene on the Azadon ranch near La Villa where he hid the gun with which the shooting was committed, Ross reported. Because they felt they would have a difficult time finding it after all these years, they decided against such a quest.

The Lucio slaying occurred during the time the late A. Y. Baker was sheriff in Hidalgo. One of the officers who then worked on the case was John Bales of McAllen, now constable-elect there. The mystery is one of the oldest on county records to be cleared up, officers declared.

Wednesday; and that the church will join in the city-wide Thanksgiving services at the Presbyterian church at 10 a. m. Thursday.

For Sunday morning services the organist, Foster Tebbe, will play Largo by Torjussen as prelude, and Prayer by Lemaigre as an offertory. Anthem by the choir will be Thanksgiving by Hoppe. The postlude will be by Faulkes. Reverend Carver has chosen the subject "From Victory Unto Victory" for his morning sermon.

The evening service, Reverend Carver will use "The Conquering King" as sermon subject. A medley of old hymn tunes will be the prelude, with Allegretto by Chopin the offertory. Anthem by the choir will be Love That Will Not Let Me Go.

General Routine At Reception Center For Recruits Explaned By Lieutenant

Texas draftees reporting at Fort Sam Houston recently

* * * * * * *

On November 19, 1940, at 7:00 a.m. the 8th Corps Area received its first group of 47 draftees from the Houston Area. Successive inductive groups followed throughout the day and last group of 17 arriving at 9:45 p.m. at the Checking Station, Fort Sam Houston Reception Center. Total for the day was 171 selectees. The following story by 1st Lieut. Doyle R. Yardley explains the general routine at the reception center.

By LIEUT. DOYLE R. YARDLEY

The Reception Center is composed of a Headquarters Company and two receiving battalions, an organization set up to process 250-450 men per day. The steps of processing are as follows: A non-commissioned officer with trucks meet each induction group at the railroad station, and promptly transport them to the checking station, reception center, where the draftee presents his travel order, extract of selective service quesionnaire, and service record. The roll is called and absent men are reported.

At this time the men are marched to the mess hall for a meal.

Then the men complete the following process.

1. To the receiving company, the men go for bed, and equipment assignment.

2. Next, they are directed to the general classification test room for their intelligence quotient classification.

3. In the next step of processing, the draftees are directed to the personnel receiving room, where a large envelope is made for each man, into which go blank forms for drawing clothing, equipment, and service records and questionnaire. The selectee carries this envelope in person for the next step.

4. With records in hand, the selectees go to the classification section, where each individual is interviewed and classified according to his talents. Men will be placed with the organization where their talent is most needed.

5. The clothing and equipment station is their next step. Here the men are measured and fitted.

6. Then the men are directed to the medical section where vaccinations and immunization against small pox and typhoid fever is checked.

7. From the medical section they proceed to the records and assignment section, where the big envelopes with all the records are turned over to the record clerks. In this section, men are privileged to make application for government insurance.

8. Finally, the men are returned to their receiving company to get rest and to get adujsted to the army routine. All the above processing takes place the first day. They remain with the reception center four more days, then are attached to the Recruit training detachment for 30 days. After 30 days, the selectees go for permanent assignment with army organizations.

It must be kept in mind that this recruit reception center is a new phase of the army, to save time and properly classify men, and to avoid any assigning to the wrong organization. From now on, all three-year enlistments will also go through the same processing at the reception centers.

Medal For Valor

Fort Sheridan Man Rescues Recruit

FORT SHERIDAN, Ill.—(AP)— The highest peacetime medal for valor displayed by a soldier was presented Saturday to Lieut. Goodman K. Larson of the coast artillery reserve, who is now attached with the 61st Coast Artillery (anti-aircraft) at Fort Sheridan.

The presentation was made by Brig. Gen. Clyde A. Abraham, commanding general of the fort, before a special regimental review.

Lieut. Larson, it was cited, manifested unusual bravery by swimming to the rescue of an enlisted soldier who had been carried away by strong currents of the Sabine river near Laredo, Tex., last May 8. The 61st was then taking part in maneuvers.

Lieut. Larson's home is in Madison, Minn.

SUBSIDY FOR FOOD STAMPS URGED BY US

Agriculture Chiefs Want 400 Million

WASHINGTON —(AP)— The agriculture Department Saturday urged a $400,000,000-a-year appropriation to permit extension to all relief families of its stamp program for distributing surplus foods.

Inaugurated experimentally in a few cities a year and a half ago, the program now reaches 202 cities and counties and a total of 2,5[illegible]-000 relief clients. Officials said about $100,000,000 would be spent on it this year.

The recommendation for an extension of the program was made in an analysis of its operations to date which said that "farmers, low-income consumers and food dealers would all benefit substantially" from an expansion.

Under the plan, the department gives to relief families blue stamps which may be used for purchase of specially designated surplus food products [illegible] regular grocery stores. The go[illegible]ent redeems the stamps from t[illegible]cers.

The report said the plan could be extended to all relief people and all employed low-income families (that is, those receiving less than $1,000 a year) in both rural and urban areas for about $1,000,-000,000 a year. A $400,000,000 appropriation, the department said, would permit its extension to 15,000,000 people.

A $400,000,000-a-year annual subsidy for a national stamp plan would increase the income of farmers by at least the amount of the subsidy, and possibly somewhat more," the department said.

Who's Your Movie Heroine, Deb Or Cinderella Girl? Both Represented

Fay Helm — Leila Ernst — Gene Tierney

Lynne Roberts — Betty Brewer — Joan Leslie

By ROBBIN COONS
AP Feature Service Writer

HOLLYWOOD—Debutantes and Cinderellas are lining up to settle an old movie question: For a movie career, which is better?

Hollywood has been built on a rags-to-riches formula, with the girls and boys who had to fight like the dickens as the heroes. From Charlie Chaplin to Jimmy Cagney, from Mary Pickford to Joan Blondell and Ann Sheridan and Ginger Rogers and Alice Faye it's been a story of uphill struggle.

There have been debs who tried the screen before. Mostly they just called it quits for no reason other than the gaff.

But now some authentic specimens are getting places. Gene Tierney, in "The Return of Frank James," is a Connecticut girl who went through the prescribed motions for social butterflying but stuck to her resolve to be an actress. Broadway success in "The Male Animal" led her to pictures.

Fay Helm is of a prominent California family. She came to Hollywood with only enough money to live moderately and has made her way as a character actress.

Leila Ernst preferred acting to debutante parties. She's been a hit in musical comedy and took time off to make "Life With Henry."

But the Cinderellas are still with us. Among them, with a storybook background, is Betty Brewer, 13, a hit in "Rangers of Fortune." With her family unemployed, Betty and her brother and sister undertook street-singing to bolster income. They were singing outside the Beachcombers, a local restaurant, when a talent scout passed.

Lynne Roberts, not quite 18, has been on the stage since she was 9, along with her brother. Her father has been bed-ridden more than a year. Lynne, as Mary Hart, was playing romantic leads at a minor studio at 15. Need for more money sent her to 20th Century-Fox, where she's created interest in "Street of Memories" and "The Bride Wore Crutches."

Sixteen-year-old Joan Leslie broke into vaudeville when she was two. The prima donna of the show, aged 5, wouldn't go on to sing. Later she and her sisters toured vaudeville and night clubs in the east and Canada. Joan was born in Detroit. Her father is a public accountant. Before she was signed to a contract by Warner Brothers she was known as the "busiest newcomer" to Hollywood.

A few years from now the battle should be settled—but it may be a draw, with the answer dependent on talent rather than financial background.

SAY US SHIPS SENT SIGNALS

Destroyers Ask For Identification

MEXICO CITY —(AP)— The foreign office said Saturday that "minute examination of all documents submitted" led to the conclusion that U. S. neutrality patrol destroyers on duty off Tampico flashed signals asking identification of four German ships which sought to leave that harbor the night of November 15.

In the first official statement on the matter from the Ministry of Foreign Affairs, it was said reports submitted by the German vessel's captains and by the captain of the Mexican gunboat Queretaro, as well as a formal state department message delivered by U. S. Ambassador Josephus Daniels, had been studied.

Three conclusions regarding the incident were listed by the foreign ministry:

2. American destroyers, hours after the German ships had cleared port, signalled them with reflectors, seeking identification.

3. The German vessels at once undertook to return to port, their captains believing they had encountered enemy warcraft.

Three of the German ships succeeded in reaching their original anchorages. The captain of the fourth, the Phrygia, ordered her scuttled by the crew, which abandoned the vessel and reached shore safely. The Phrygia burned and sank.

How Dallas Does It: Valley Man Studies Highway Traffic Safety As Valley's Campaign Approaches

McALLEN—H. P. Griffin, Hidalgo county engineer, is in Dallas gathering information on how Dallas has made so much progress toward reducing traffic accidents and fatalities so that the same methods might be adopted in the Valley.

Associated Press dispatches from Dallas said that Griffin was gathering first hand information on how Dallas has made so much progress toward reducing traffic accidents and fatalities. He told authorities there that officials in the Valley were planning a similar campaign.

Dallas at one time went over 100 days without a traffic fatality and maintenance of the record became almost an obsession with the police force there, which roused a brain specialist one night to save a Negro from death. The death would have marred the record.

Dallas has a population only slightly greater than that of the Valley which has had 81 traffic deaths this year.

MANN RULINGS HANDED DOWN

Three Decisions Are Given Saturday

AUSTIN—(AP)—The governor's authority to turn over Texas land for U. S. military use and the lower Colorado river authority's power tto reimburse governmental subdivisions were subjects of rulings by Attorney General Gerald C. Mann Saturday.

Mann informed Governor W. Lee O'Daniel he was empowered to sell an easement to the United States to provide area necessary for a naval base channel at Encinal peninsula near Corpus Christi because land underlying navigable water was not public school land.

But the governor, Mann said in a second opinion, was without statutory authority to sell the federal government the mineral interest in 51,300 acres adjacent to Fort Bliss because the interest was dedicated to and owned by the state's public free school fund.

In the third ruling, Mann held the river authority could not legally reimburse governmental subdivisions for properties purchased from private utilities and consequently taken off the tax rolls.

By resolution, the authority sought to compensate counties, school districts and municipalities but the attorney general asserted it could not spend money for purposes other than those for which it was created.

Hardin-Simmons' Cowboys March Up The Hill And Down Again In Rain To Set Dallas' Short-Parade Record

DALLAS —(AP)— Like the king's horses and the king's men, the Hardin-Simmons University Cowboy Band marched up the hill and marched back again—to set a record for the shortest parade in Dallas history.

The band and its outriders, costars with the university football team from coast to coast, came here to feature the giant golden anniversary parade of the Texas Baptist Training Union. Shortly before the parade was scheduled to march, however, rain began pouring.

Movie cameramen were not to be denied. They set up their cameras. While parade waiters craned from far down the street, the Cowboys and their six girl outriders on their six white steeds marched a block, then turned around and marched back again to shelter.

2-MONTH OIL PRORATE SEEN

State's Production Under Estimate

AUSTIN —(AP)— Expecting issuance early next week of a proration order covering probably December and January, Texas oil men learned Saturday overall state production this week was still under the U. S. Bureau of Mines estimate of market demand.

Texas Railroad Commission engineers reported that, considering a 3 per cent underproduction due to assigned but unproduced allowable, the current statewide yield was approximately 12,454 barrels daily below the federal bureau's demand forecast of 1,291,000 in November.

The net daily allowable of 1,318,-089 barrels reflected a 6,368-barrel daily increase over the previous week but underproduction was figured at 39,543.

The commission set a hearing on December 3 on whether production rules for the Payton field in Pecos and Ward counties should be modified.

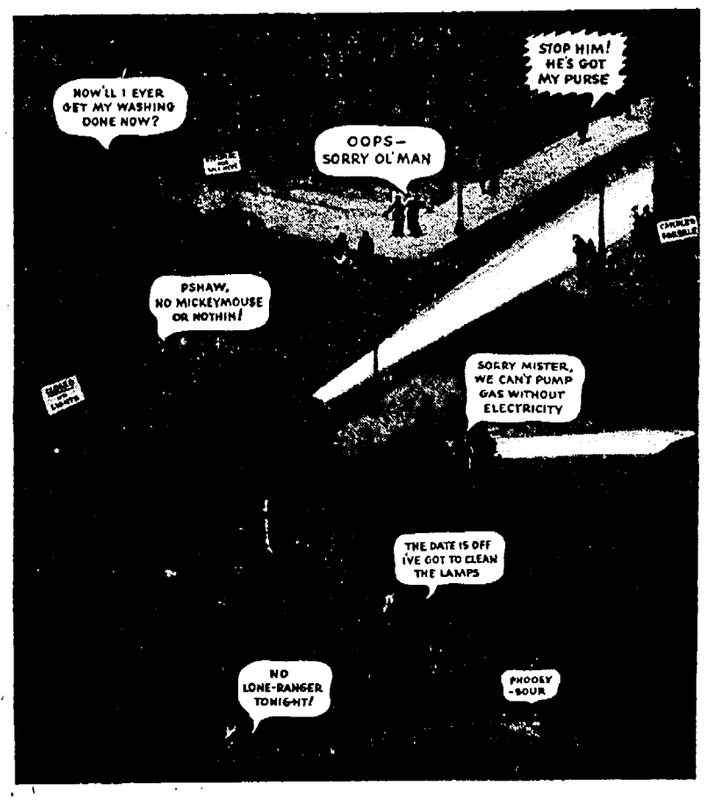
YOU LIKE 7-UP IT LIKES YOU



Ever been in a peace time BLACKOUT?

CAN you imagine life in a town in this modern age without electric service?

You get up and expectantly snap on the radio to your favorite early morning program. No response.

Like toast for breakfast? Sorry, you won't get any this morning. The milk is sour—no refrigeration.

Too bad if you drive to work and need gas. Gasoline, you see, can't be pumped without electricity.

Shop machines are idle. Cash registers won't work. Newspapers can't be printed. There are no street lights.

At home, the family has had a bad day. The washing machine wouldn't operate. The iron wouldn't heat. Food spoiled in the refrigerator. The vacuum cleaner was useless. Sister is fit to be tied because she couldn't get a permanent for the big dance.

You try to read—a strain by candlelight. Movies aren't running. You go to bed hoping "they'll" get things fixed by morning.

* * * *

Electric service is something that is taken for granted—until it is taken away. Only then do people appreciate how lost they'd be without it.

Another thing about electric service that is rarely appreciated is its *cheapness.* Many of our customers pay only eight cents a day or less for electric service. Almost all of them use at least three appliances. Many customers who use five or more appliances pay no more than ten cents a day.

We of Central Power and Light Company are proud of these accomplishments, because we do know we are making available a service which is cheap, and which steps down steadily in cost while it steps up in efficiency.

Interpreting The War News

British Seapower Wins

Pocket Battleship Which Attacked Convoy Has Disappeared; Hope Revived

By KIRKE L. SIMPSON

Events in southeastern Europe where the fall of Koritza luridly dramatized the failure of Italy's attack on Greece serve to obscure a hardly less favorable circumstance for England on the sea front of the far flung battle of Britain.

Appearance of a powerful German surface raider, presumably a big-gunned, fast Nazi pocket battleship, in a vital mid-Atlantic hub of Britain's shuttling sea traffic sent shivers of apprehension rippling through the British empire two weeks and more ago. Berlin claimed "complete destruction" of a big convoy flotilla although heavily guarded by British war craft.

That happened November 5, although Berlin did not report until three days later—a significant interval. Many days later, that Nazi raider seems to have disappeared as suddenly as she came. Instead of "complete destruction" of a score of cargo craft as Berlin claimed, the British said that only four out of 38 ships were lost.

The hero ship of that action was the British Jervis Bay, which engaged the Nazi raider until most of the cargo carriers had scurried to safety.

No Other Raids?

The important fact, however, is not the damage that surprise Nazi raid did or failed to do but that there has been no similar raid since. With every opportunity for bases in Norway from which to strike, the Nazi ghost ship seemingly has been driven to cover by British sea power.

The fact that Britain's navy has successfully screened merchant convoys for more than two weeks from a repetition of the raid speaks volumes for admiralty efficiency.

MANN RULES TRANSFER OK

Governor Can Give U. S. Land

AUSTIN —(AP)— Two opinions dealing with the governor's power to turn over Texas land to the federal government for army use were rendered by Attorney General Gerald C. Mann.

In one, Mann held the governor was authorized to sell an easement to the United States to provide a spoil area necessary to the construction of a channel at Encinal peninsula where a naval base is being established.

Hs No Authority

In the other, the attorney general ruled the governor was without statutory authority necessary to sell the federal government the mineral interest in 51,300 acres adjacent to Fort Bliss.

Encinal peninsula and Oso bay are in Nueces county near Corpus Christi and the opinion said that lands lying under navigable waters have been held by the supreme court not to constitute public free school land. Therefore, Mann declared, no constitutional restriction applies.

Belong To Schools

The attorney general asserted, however, that the mineral interest in lands adjacent to Fort Bliss is an interest which was dedicated to and is now owned by the state's public free school fund.

"Since the minerals in question are public free school lands," the opinion stated, "by express language of the constitution they can only be sold under such regulations, as such times, and on such terms as may be prescribed by law. Terms of the sale must be prescribed by the legislature."

ZONING DATA IS GATHERED

Gilbert Will Report To McAllen Board

McALLEN — Frank L. Gilbert, newly named chairman of the McAllen planning board, Saturday received from the chamber of commerce a large file of data on zoning commissions from the entire United States.

Gilbert is assmebling data on zoning regulations from various cities for presentation to the city commission, which contemplates establishment of a zoning commission here if costs are not too high.

The planning board chairman will confer with Harlingen city officials soon on success of the zoning program established at that city several months ago.

OKIES PERIL US DEFENSE

Wandering Jobless Are Problem

WASHINGTON —(AP)— The job-seeking wanderings of four million destitute farm and industrial workers has created a situation that imperils the national defense, Representative Tolan (D-Calif.) said Saturday.

Chairman of a special House committee investigting the problem of interstate migration, the Californian told newsmen that existence of this jobless segment of the American population was "undermining the morale of our people and anything that strikes at the morale strikes likewise at national defense."

He said nearly six months of hearings in scattered sections of the nation had brought a number of suggestions for action by Congress and the states. Final sessions of the group open November 29 when witnesses from the District of Columbia and Virginia, Maryland, Pennsylvania and West Virginia, will be heard.

Tolan said among the more important recommendations already submitted to the committee and which may be incorporated in a report to the house in January was one proposing the enactment of the states of uniform settlement and residence laws.

RAF CHURNS NAZI AREAS

London's Defenders Turn Back Raids

LONDON (Sunday)—(AP)—British airmen loosed Saturday night one of the heaviest in all their long series of attacks upon the German-held continental ports, while the aerial defense of England was so effective that for London and the provincial cities it was the quietest evening in weeks. Reports from the coast indicated the RAF's assault upon the Nazi bases across the Channel was over a wide area.

For hours in London the anti-aircraft guns fired only at long intervals. Raiders were reported driven from a northeast coast town before they had opportunity to drop a bomb. A southern town had its third raid of the war but it was declared casualties were only minor.

Hostile planes were over the Midlands and Wales as well, but up to midnight there had been no report of damage in those areas.

Saturday's most spectacular engagement was a furious battle high over the Dover Strait in which British Spitfires were declared authoritatively to have shot down seven Italian planes and one German flier. Three other German craft were brought down in flames elsewhere during the daylight hours.

British Destruction

The day also brought official reports of a new British mission of destruction far over Nazi territory —a counter-offensive launched in the moonlight of Friday night and ended in the hours before Saturday's dawn.

It was a story of familiar targets save one—an airdrome at Merignac, near Bordeaux, France, from which the Germans have been springing heavy bombers to bomb British shipping far out in the Atlantic.

That airdrome was declared to have been left aflame so spectacularly that the glow was visible a hundred miles away.

The British claimed hits on the industrial towns of Solingen, in the Ruhr; on oil tanks at Dortmund, the Krupp works for manufacturing synthetic oil at Wanne-Eickel; freight yards at Dortmund and the big Rhine port of Duisburg-Ruhrort; the Nazi-held ports of Lorient, Cherbourg, Le Havre, Ostend and Flushing.

SKUNKS OF WOOD SERVING AS HINT TO GIVE FREELY

DRAFTEES SAID U. S. BULWARK

Six Brownsville Men Honored At Lunch

BROWNSVILLE — The men now entering the army under the selective service act are forming a preparedness bulwark for the nation, Rev. R. O. Mackintosh said here Saturday at a luncheon honoring six Brownsville youths, all volunteers, who will be inducted into the service Monday.

"The present day consciousness of preparedness in this country is what the American Legion has been fighting for for many years," Rev. Mackintosh said.

"You young men are representative of that spirit, and the community is proud of you."

Reynaldo Garza, representing the Lulacs at the luncheon, said the volunteers, all of Latin-American descent, showed the American spirit better than any effort that could be made by the organization.

Other brief talks were made by representatives of the Rotary, Kiwanis, Lions, Elks and 20-30 clubs, the Chamber of Commerce, Knights of Columbus and city churches. The luncheon was held at the White Kitchen.

The volunteer draftees will leave at 8 p.m. Sunday for Fort Sam Houston at San Antonio. They are Jose Valdez, Barnabe Elizardo, Manuel Vasquez, Frank Blanchard, Alfredo Pompa and Pedro Cortez.

HYMIE CAPLIN FREE ON BOND

Fight Manager Head Of Swindle Ring?

NEW YORK—(AP)—Hymie Caplin, 40, stocky manager of five present and past world champion fighters, returned to his Broadway haunts Saturday night free on $25,000 bail on a charge of grand larceny in connection with a police investigation of widespread card swindles.

At the 20th Century Sporting Club he congratulated one of his fighters, Lew Jenkins, on knocking out Pete Lello and retaining his lightweight championship at Madison Square Garden Friday night.

In the line-up at police headquarters Saturday, Caplin was asked what he knew of a double-dealing, deck-stripping syndicate of swindlers who authorities said mulcted $4,000,000 from poker-playing businessmen.

"There is nothing I can say about it," replied Caplin, looking at a large glittering diamond on his finger.

Caplin was charged specifically with having participated in the $5,000 fleecing of a Brooklyn businessman in May, 1938, but Assistant District Attorney John J. Rooney described him at the arraignment as "one of three partners who were the head and brains" of the ring.

Red Cross Quotas Hit

Mission And Pharr Over-Subscribe Amount Asked, Set Records; Others Unreported

EDINBURG—Two Hidalgo county cities officially completed their 1940 Red Cross "roll call" drives Saturday, over-subscribing their quotas and setting a couple of records, County Chairman A. M. Tarbutton reported.

Mission, with a quota of $600, had received $814.52 up to noon Saturday. Tarbutton said this year's subscriptions were 80 per cent larger than those of 1939 and four times greater than the 1938 figure.

The roll call there was in charge of Mrs. Vernon Hill, chairman, who paid tribute to Rev. W. W. Stewart, Pharr, county roll call chairman; Supt. A. B. Martin of La Joya, Mrs. James Gillette and J. C. Thompson for their hard working cooperation.

Pharr also over-subscribed her quota, raising $351.62 with a goal of $300. Tarbutton revealed that Pharr's record is better than any other community in South Texas on a population basis. Rev. Stewart and Mrs. George McCullough had charge of the campaign.

Although the campaigns have ended at Mission and Pharr, local chairmen will still receive contributions and invite others who have not done so to join the Red Cross.

Tarbutton said reports from the other Hidalgo county communities are expected Monday and Tuesday.

War production units will be organized over the county Tuesday and Wednesday with the assistance of Urvin Rundle of St. Louis, Red Cross field representative, Tarbutton revealed.

Volunteer workers will make bandages, sweaters, socks and other garments with material furnished by the Red Cross. No expense will be involved locally.

Rev. Stewart has already received a quantity of material at Pharr which will be taken to the Edinburg city hall, where headquarters of the war production program will be established.

Mrs. T. W. Mahone of McAllen and Mrs. Vernon Hill of Mission will be in charge of the county-wide program, Tarbutton said. Persons interested in making garments or bandages with the materials furnished by the Red Cross are asked to contact Mesdames Mahone or Hill, Tarbutton, Rev. Stewart or Miss Adele Speed, Edinburg, executive secretary of the county chapter.

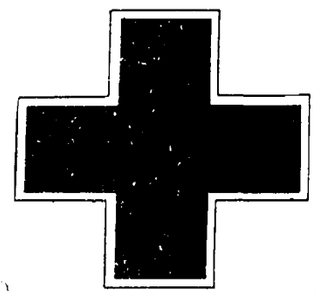
Harlingen Tops $1500 Quota For Red Cross

HARLINGEN — The Harlingen Red Cross roll call went over the top Saturday, with the $1,500 quota being exceeded slightly. But Roll Call Chairman E. M. Crockett announced the drive will be continued Monday and Tuesday, so that everyone will have opportunity to contribute to the cause of the needy and the disaster stricken.

Exact amount of money collected was not known Saturday night, because a number of district captains had not reported; but Crocket said it was known that the quota had been passed.

Contribution Lost

Meanwhile, $27 of Red Cross contributions was reported lost on the street here Saturday afternoon, and appeal made to the finder to return it. J. J. Willingham, one of the roll call workers, said he lost the $27 just after



receiving it at Montgomery Wards store, the money being contributions by Wards employes. The $27 was in a Wards envelope when lost, Willingham said. He asked that it be returned either to Wards or to Red Cross headquarters here.

District Chairman Roscoe Pryor and Crockett were highly pleased Saturday with roll call results, but said they expect Harlingen to do as other Valley towns have already done, and go considerably over the quota. Between 25 and 30 per cent of the workers have not completed their calls, and will continue working hard Monday and Tuesday, Crockett said.

Tables Are Success

The ladies had good success with their tables at the bank and post office Saturday, Crockett reported, and will continue their work Monday and Tuesday also.

Thirteen more firms were reported 100 per cent Saturday, bringing total of such contributors to 126 for the roll call. The 100 per cent firms reported Saturday were: Conrad Broden Clinic Laboratory, Montgomery Ward Co., Central Power and Light Co., Young Cheese Co., Valley Petroleum Co., Grant Lumber Co., Southern Pacific Freight Office, Temple Manufacturing Co., Younkin Motor Co., Bush Supply Co., Sears Roebuck Co., Harlingen Business College and Divine Shoppe.

MISSION TOPS MERCY RECORD

Red Cross Campaign Nets $827 Total

MISSION — Membership enrollment in the American Red Cross reached an all-time high in the Mission area as subscriptions Saturday had totaled $827.09, compared to $495, 1939 figure. Enrollments are still coming in, Mrs. Vernon Hill said.

High praise was given by Mrs. Hill to the corps of volunteer workers who made the campaign a success and to the spirit shown by the citizens in responding to the membership invitations. Particularly fine work in carrying on the campaign was done by J. C. Thompson, chairman of the business district; A. B. Martin and Mrs. James A. Gillett, who were in charge in rural areas, Mrs. Hill said.

McALLEN—Ernest A. Polzin, co-chairman of the McAllen Red Cross "roll call" drive, Saturday urged all persons to turn in their Red Cross subscriptions the first of this week. McAllen has a quota of 800 memberships.

Polzin asked citizens who wish to help suffering humanity and American men now called to the colors to leave their subscriptions at his office in Edelstein's Better Furniture store, with Mrs. Sallie Collier at the City State Bank or at the chamber of commerce.

He also asked every solicitor who had not completed canvassing his territory to work Monday and Tuesday and make a positive final report by Wednesday of this week.

"We are still slightly behind our quota, but we are going to finish this membership work by Wednesday night, and I am expecting every worker to complete his solicitations by 8 o'clock the night of November 27," Polzin declared.

EDINBURG—Anyone — men particularly—who would like to know what women talk about when they're alone should see the Valley Little Theatre's second presentation this season, "The Women," December 9 at the Edinburg Junior College auditorium.

The play has women down pat—what they say, how they gossip, how they play with no male companions.

Formerly set to be shown December 2, the date was changed this week, officials announced.

The play is taken from Clare Booth's outstanding stage triumph, which played to Broadway on a long time run. Road shows have enjoyed remarkable success with the play.

In the cast are many of the well known Little Theatre actresses including Arlen Kamlah, Connie Green, Shirley Fogelberg, Freddie Ganders, Shirley Burke, Jean Rightor, Cordelia McMahan, Margaret Owens, Mildred Downs, Imogene Brannan, Clara Cosburg, Annette Closner and Marie Miller.

Roger W. Babson Says

Christmas Trading During Coming Holiday Season To Be Best In Many Years; U. S. Determined On Gaiety

By ROGER W. BABSON

NEW YORK CITY — Christmas trade during the coming holiday season should be the best in many years. Business volume on my Babson chart is estimated at 118 for November. This is approximately six points higher than for November of last year. Moreover, all factors point to a stepping-up of business activity between now and Christmas. The rate of rise in retail spending will be sharper both prior to Christmas and in the closing weeks of 1940 than was the case a year ago.

The bitter election campaigns are being forgotten. The war is still 3,000 miles away. People are determined in spite of future uncertainties to have a good Christmas. Last year my optimism for a holiday rush—and it came—was based mainly on figures rather than on hopes. This year I base my conclusions upon figures, but in addition upon the feelings and the spirit of 120,000,000 people.

Lid Coming Off Business

Armament payrolls are being felt in the heavy industry states. Cantonment constouction is likewise providing new and larger payrolls. Activity in this field will certainly continue through and beyond the year-end. Retailers will benefit greatly from the wage spending embraced in these and other groups. The slack in unemployment is being taken up. Farm income continues to rise. Federal payrolls, including the armed services, are higher. Money in circulation is increasing. Millions or more dollars are available for retail purchases this Christmas than last year.

Thousands of individuals are getting back to work again. Their pay envelopes will buy more turkeys and other food, more clothes and other necessities. Higher stock prices and increased dividends will result in the purchase this holiday season of more goods in the luxury group. Steel, automobile assemblies, machine tool, electric output, and other industries are making new highs in production. The pressure in the business kettle is ready to lift the lid in a big way. Fear of money inflation, as distinguished from the credit inflation, will tend to push more funds into tangible goods this season than last.

Merchants Should Increase Advertising

Not for years has the buying psychology of the consuming public been so favorable. The unprecedented peace-time defense program gives the green light "go ahead" signal to retailers and purchasers alike. We are now in a sellers' market. The magnificent defense of Britain, plus the tonic effects of the domestic recovery, is transforming buyers. A greater feeling of well-being and security exists in the minds of the rank and file of our people who constitute the buying public.

Merchants face a golden opportunity this season to capitalize and to cash in on this change of buyers' heart. At times during the past months of the year large-scale advertising was not perhaps justified on the part of retail merchants. Now, however, they will be making a great mistake if they do not use more space to adequately describe for the consuming public the goods they have to sell. Moreover, such advertising should start immediately and increase in volume during the few remaining weeks of the year.

A Word To Shippers

Wall Street should be busier these next few weeks than it was a year ago; but Main Street certainly will be busier. Smart buyers will start shopping today. Restaurants, busses, street cars, taxis, sidewalks and stores will be jammed as the holiday trade approaches its climax. Retailers are not over-stocked this year. This is another reason for shopping early. Do not shop too late because by doing so you may rob yourself of a good selection of merchandise.

From a price standpoint this current Christmas season is a good time to buy. Do not confine this year's purchases to small gifts for the family and friends. Take advantage of existing prices to acquire new furniture, an ice box, a piano, or radio. Trade in your old car. Buy the clothes, furs, and jewelry you have been thinking about. The trend of prices, in spite of possible governmental checks, is upward. If the war continues and our country becomes further involved, many articles of common use may be restricted in manufacture due to priority classifications.

No Blackouts Here

War and fear of war stalks the city streets of every other country in the world today. We are fortunate that, here in America, we can once more freely enter into the spirit of the holiday season. For us the window displays of our shops will be as brilliantly lighted as in past years. We have much to be thankful for. In being thankful let us, in our buying, think of the needs of others. Let us remember our own families, but at the same time make purchases for less fortunate families or individuals. "We grow only as we give" is as true today as it was 2,000 years ago.

DRAFTEE SEEKS SECOND CHANCE FOR ARMY DUTY

SAN FRANCISCO—(AP)—Raymond L. Belisle, 31, who told draft officials he would "not join an army or navy while Roosevelt is dictator," has offered to join the army if the government would forget he ever made the statement.

The offer was made in federal court where he pleaded guilty to refusing to register for conscription. Federal Judge Harold Louderback said action was up to U. S. attorneys whether they were willing to drop the charge in return for Belisle's enlistment.

"If the prosecution is unwilling to do this," the judge said, "about the only man that will do you any good will be the dictator you spoke about."

Belisle, who formerly lived in Springfield, Mo., explained the "dictator note" which he handed to a draft registration clerk in Oakland, by saying, "I guess the campaign got me too worked up."

Election Spending Law Said Violated

WASHINGTON—(AP)—Senator Gillette (D-Ia) undertook Saturday a search for evidence of what he called a "wholesale violation of the spirit if not the letter" of federal laws restricting expenditures in this year's political campaigns.

As chairman of the Senate committee appointed to police the elections, Gillette set investigators to searching reports made to the clerk of the House of political contributions and expenditures he also wrote state officials for similar reports which they receive and dispatched requests for financial information to the chairmen of Democratic and Republican committees in every state.

PINEVILE, Ky. —(AP)— Sheriff Martin Green of Bell county denied there were election law violations here in the August primary.

The sheriff's denial followed a Senate committee report which charged "clear violations" of election laws in this and other Kentucky counties.

Tuberculosis Clinics Planned For Cameron

By DR. A. J. POLLARD
President Cameron County Unit

When the Cameron County Anti-Tuberculosis Society was organized a few years ago, we took our obligations seriously. We dug into affairs and found that Cameron county was losing more than 200 citizens each year from tuberculosis. The only means we had to work with was the small amount of our percentage from the proceeds of the Christmas Seal sale, and the depression reduced that to where we only had dimes when we needed dollars.

The situation looked hopeless. The only place to which we could send indigent patients for hospital treatment was the State Sanitorium, six hundred miles away. They took only early cases and kept them only six months. Only American citizens were accepted, and there was a waiting list of more than three hundred. It was the Latin population that was giving us the most trouble.

The only time the public ever came in contact with us was at our annual Seal sale, when we were considered necessary nuisances, but nuisances just the same. The fight has been long and hard. We have all been ready to quit many times, but fortunately not all at the same time. A few of us have kept up the fight.

The medical profession, the health unit, the nurses' association, the schools, the Parent-Teachers and the service clubs have all loyally co-operated 'till now we are glad to report that the Cameron county rate for last year was less than one hundred. The same method we are using has reduced the national rate more than eighty per cent in the last forty years. But that is not enough. So long as there is one open case in the community, no one is safe. The disease is contagious, and therefore preventable, and early cases are easily curable.

Our problem now is to find the open cases and get them in the hospital or otherwise under control, and to survey the contacts and borderline cases while they are curable. This will be a big job, but very much worth while. The best method so far found is the diagnostic clinic. There are nearly a thousand in the United States and about forty in Texas, all doing good work.

It is our purpose to establish one or more clinics in Cameron county, the first one in Harlingen to take care of this end of the county. The doctors, nurses and some of the laymen will do the work without pay. We have to take care of these people anyway, and can do it better and easier as a group. By this method we hope to be able to clean up the mess sooner.

This clinic will be diagnostic only, and will serve as a clearinghouse for the doctors. No treatment will be given except pneumothorax for the indigent patient who needs it and who can not be sent to the sanitorium.

Most of the remaining tuberculars are among the very poor people who are helpless to care for themselves. They are the people we are trying to reach. These patients will be received on card from the doctor or some responsible party certifying that the patient is entitled to this service. A complete examination will be made including history, physical examination, skin test, and X-ray and laboratory tests when required. A record of all this will be made and a written report sent to the doctor treating the case. Frequently it will be necessary to survey a whole family.

The expense of this work will be considerable, but the people who do the work will absorb two-thirds of it. If twenty-five people carry that much, we feel that the twenty-five thousand other people in this section will be glad to assume the rest.

The city will furnish the room, heat and light, and the county laboratory will assist. All the cash outlay will be for fixtures, supplies and material and X-rays which will be made at cost. Nobody will profit one dime, and it will require a lot of hard work. Our gain will be in the lives and health of our neighbors. While we are helping other underprivileged people, let's not neglect our own.

Nobody passes a burning residence or a drowning child without offering every assistance. We feel the same way about our neighbors' children who are dying of curable and preventable disease. If you could follow the doctor and nurse and see the tragedies they see every week, you could not sleep well without making some effort to help.

We are permitted to keep sixty per cent of the proceeds of the Seal sale for local use. Our annual Seal sale will start in a few days. We hope our friends will open their hearts and pocket books as generously as possible this year for we will certainly need it.

HEAT CITRUS FRUIT GROVES

California Growers Take No Chances

LOS ANGELES — (AP) — Citrus growers in the Pomona-Ontario section resorted to light scattered firing of orchard heaters early Saturday, but the federal fruit frost service said no damage reports had been received.

Minimum temperatures in the 40's were recorded in Los Angeles and San Bernardino counties, instead of the 26 degree minimum forecast. Wind in many localities kept temperatures above the danger mark.

Utility Properties Taken Off Tax Roll

AUSTIN—(AP)—Attorney General Gerald C. Mann informed the Lower Colorado River Authority it could not legally reimburse governmental subdivisions for properties purchased from private utilities and consequently taken off the tax rolls.

He said further he would take "such proceedings as are necessary" to prevent the proposed payments being made.

Valley Football

This corner congratulates Coach C. M. (Dutch) Flory and his Harlingen Cardinals for winning the championship of the South Zone of District 16-AA and Coach Bob Martin and his Mission Eagles for grabbing the title in District 40-A and Coach Jumbo Smith and his Pharr-San Juan-Alamo Cubs for again walking off with the Rio Grnde Valley junior high school title.

All three of these titles were won last week.

So far as Valley grid championships are concerned, they are now all tucked away. In addition to those mentioned bove, Lyford has the Class B flag and Los Fresnos is the six-man champ.

Last Friday night we watched the Harlingen Cardinals hand the Brownsville Eagles a 27-0 whipping. When one considers the fact that all teams coached by Brooks Conover are fighting ones and that a Harlingen-Brownsville football game always means a clash between two keyed-up squads, we venture the opinion that the Cardinals turned a neat trick.

On the basis of play this season, the Cardinals were doped to win. They came through and played heads-up ball. We doubt seriously if any football team produced in the Valley ever showed a better all-around brand of defensive football than that displayed by the Red Birds against the Eagles. The figures show that Brownsville had a net gain of only 47 yards rushing.

In fact the Cardinals have shown all season they were hard to score against for they have allowed the opposition but 19 points in nine games played. And since they have scored 190 points in these nine games it is apparent they have an offense also.

We suspect their combined defense and offense is responsible for them being champions of the Valley today and also one of nine undefeated and untied teams in the state. And just to keep the records straight for those who go in for records, the Cardinals have not lost a game since they dropped one to McAllen last season.

The Mission Eagles have waded through Valley Class A competition without stopping to catch their breath. Five conference wins have been chalked up and the Eagles posted 182 points while allowing the opposition but 17. Against all opponents the Eagles have scored 222 tallies and have given up 75. Thus they are the Valley's leading scoring team. In Ward, Moore and Landry, the Eagles boast three fine backs, all listed among the Valley's leading scorers.

The Pharr-San Juan-Alamo Cubs showed plenty by chalking up their second straight junior high championship. Coach Smith brought his gang along slowly and when they defeated the San Benito Greyhound Pups, they showed a fine running attack and strong defense. Many of the players are almost certain to find berths on the senior high squad next season.

Title Games

The site of the district championship game between the Harlingen Cardinals and Corpus Christi Buccaneers will be determined at a meeting of the district committee at a meeting expected to be held in Falfurrias Monday morning.

Harlingen and Corpus Christi school officials will present their claims to the title game to the committee who will decide the issue.

The Harlingen school heads are anxious to have the game played on Cardinal Field and expect to put up quite an argument at the committee meeting.

The date will be announced following the selection of the site.

The Mission Eagles will meet Alice on the Mission gridiron Friday, December 6, to decide the Class A bi-district championship.

Plans for the game were completed at a meeting held in Alice last Friday night.

The Lyford Bulldogs will go against Falfurrias at Raymondville Wednesday night, November 27, to decide the championship of 36-B.

Mr. Pitts informed the writer Saturday night that he would be unable to serve in either of the posts and requested that the club directors be informed through this column of his inability to serve. He also stated that he greatly appreciated the honor conferred upon him by the directors.

PITT 20; PENN STATE 7

PITTSBURGH—(AP)—Penn State's visions of a post-season Bowl bid vanished Saturday in the smoky dusk of the steel city where a Pitt eleven rated only so-so toppled the favored Lions from the ranks of the nation's undefeated football teams in a 20 to 7 upset.

A crowd of 31,000 saw the Panthers level State's vaunted line.

For Pitt it was but the third victory in a season of all-major opponents while for State it was a disappointing end of a 12-game streak of no defeats and only one tie.

Dick Dwelle Sparkplug In Victory

Bob Brumley Scores One Touchdown

By WILLIAM T. RIVES

HOUSTON—(AP)—The Rice Owls, famished after a 16-year drought, helped themselves to the horn of plenty Saturday, plowing over slippery turf to register a 15-6 victory over Texas Christian.

Ten thousand fans watched Rice pluck the prize it sought in vain through good years and bad. The Christians' hex has been the most persistent in Southwest Conference history, operating even when Rice won conference titles.

It took an obscure player, Dick Dwelle of Dallas, to put Rice in the breadline.

Almost lost this year with the third-string boys, Dwelle switched his hips on two great runs to set up the Owls' touchdowns.

He scored the first time he carried the ball, Bob Brumley, great fullback, Ted Weems, sophomore half, and center Ken Whitlow helped him along, but the glory went to Dwelle.

He gained 71 of Rice's 196 yards rushing. Kyle Gillespie 84 yards were more than half the Christian total of 153.

The Christians' aerial attack was virtually nullified by the low ceiling. They completed two passes of eight attempted for 40 yards.

Rice stuck to the ground, although Texas Christian got the jump with a first-quarter score.

Frank Kring, big fullback, intercepted one of Weems' passes and raced 56 yards to the Rice 29.

Gillespie then hit Connie Sparks, end, with a pass on the Rice 7 and plunged over from the 4 after two tries at the line. Phil Roach, another end, failed to kick the extra point.

Taking the ball on the Christian 40 after a punt Rice came back. Brumley struck for a first down on the 30 and then Dwelle burst around right end to score standing up. Brumley kicked the extra point.

The Owls tallied again in the third. Gillespie kicked to his own 42 and Price shattered the line for two first downs to the Christian 20. Here Dwelle, on the identical play on which he had scored Rice's first touchdown, broke to the one-yard line before he was stopped.

Brumley plowed over for the score and added the extra point.

Tennessee Vols Beat Kentucky

By ROMNEY WHEELER

KNOXVILLE, Tenn.—(AP)—A great Tennessee football team all but nailed down the lid on a post-season Bowl invitation Saturday, beating a courageous Kentucky outfit, 33-0, before a homecoming crowd of 25,000.

Only Vanderbilt remains between the Vols and a third straight unbeaten, untied season.

A blocked Kentucky punt in the second period, when Mike Balitsaris slashed through to bat Ermal Allen's try, set up Tennessee's first touchdown. Two line bucks and a 15-yard Kentucky penalty took the ball from the 38 to the 10. There little Johnny Butler whipped an overhead to Balitsaris in the end zone. Fred Newman's placekick was good.

Buist Warren set up the second tally in the third period when he snatched Allen's kick on his own 40 and loped 40 yards up the sideline to Kentucky's 20. A line plunge and a pass gave Tennessee a first down on the Wildcat's nine. Three plays later the little halfback zipped the ball to Coleman for the touchdown. Foxx converted.

Fighting stubbornly, Kentucky held out until the fourth quarter and then caved. Taking the ball on Kentucky's 36, Butler, Bob Andridge and Newman worked to the one-foot mark on five bucks, and Andridge piled over guard to score. Butler's try for a pass was wide.

The Vols headed for the payoff line a scant half-dozen plays later after halfback Billy Mitchell was rushed and booted out on Kentucky's 44. A pass, Butler to halfback Nick Weber, set the ball on the Cats' 27. Two line bucks shook the Kentucky defense, then Butler finished it with a 26-yard touchdown looper to Balitsaris. Newman's placekick converted.

The stands had barely quit cheering when the Vols gave Kentucky the coup-de-grace. Allen returned Newman's kickoff to the 25, then faded for a pass. Instead of finding its mark, however, the ball was snared by Newman, who galloped 37 yards for the final touchdown.

HARVARD 28; YALE 0

NEW HAVEN, Conn.—(AP)—A merciless Harvard eleven put the finishing touches on one of the most disastrous football seasons in Yale history by crushing its old rival, 28 to 0, before a crowd of 47,000 in Yale Bowl Saturday.

In absorbing their seventh beating in eight starts this autumn, the Elis threatened only in the opening period.

SMU Mustangs Take Weird Game From Baylor Bears

By FELIX R. McKNIGHT

Waco—(AP)—One lunging sprint by Bobby Brown through a hog's heaven of mud and blinding rain, plus some canny charity in the fading minutes gave Southern Methodist a weird 7-4 triumph over Baylor Saturday.

Anchored in the muck of an indescribable field through three periods of nothing but magnificent punting by both teams, the Methodists won a ball game on the second play of the fourth period.

Three thousand soaked, chilled fans watched Preston Johnston's perfect kick skid out of bounds on the Baylor 4. Back in the end zone Jack Wilson, a grand football player who did a magic job of kicking, slammed one out to the Baylor 39.

Muddied, tired Bobby Brown gathered it in, splashed for the sidelines, fell in behind a couple of blockers and skidded 30 yards for the touchdown. Tailback Johnny Clement plunged the point after Baylor had been penalized to the one for offsides.

Deep in the final period this big man Wilson, a boy who had the incredible average of 38.5 yards on 26 kicks of a soaked ball swishing through constant rain, dropped a punt out on the Methodist 2.

But Ray Malouf, the Methodist boy who did some kicking himself with 33.8 yards on 11 tries and also tossed in a 50 yard sideline run, calmly stepped back into the end zone and grounded the ball for an intentional safety.

Only 20 seconds remained when Southern Methodist gave away two more points. Halfback Cliff Hagerman came racing into the game with the Methodists in possession on their own 30.

The rain was pouring and the field was a lake when he took the snapback, started gradually falling back and finally retreated the entire 30 yards behind his own goal line for another Baylor safety.

That was the ball game—and a great one.

The kicking was amazing. Besides Wilson and Malouf, Johnston kicked 10 times for a 41.2 yards average. To further give the picture a touch of magic, there was only one outright fumble and centers Ray Pope of SMU and Bob Nelson of Baylor, 60 minutes boys did the remarkable job of snapping back the wet ball with only one bad pass.

Sooners Defeat Owls Of Temple On Norman Grid

Mathews' Long Run Game's Feature

By AUSTIN BEALMEAR

NORMAN, Okla.—(AP)—Little Orv Mathews, as fast as a jack rabbit and not much bigger, led Oklahoma's Sooners to a 9 to 6 victory over the Owls of Temple University in an intersectional grid battle played here Saturday in the teeth of a chill wind.

Mathews made 8,000 fans forget the cold in the third period when he fielded a punt on thet first hop at the Sooners' 23-yard line and was off like a shot, with every Temple player between him and his destination.

At least three of them got their hands on him and one clamped down on his helmet, but the speedy junior wingback ran right out from under his hat and continued 77 yards to the double stripe with his mates throwing some neat downfield blocks. Jack Haberlein kicked the point, his 11th in 12 attempts this season.

The Sooners picked up two points in the second quarter on a safety and went into the final period with a nine-point advantage, but the defense which had held the Owls in check crumbled at last in the final two minutes to let in the Temple marker.

Andy Tomasic, whose aerial work with the cold, wet ball worried the Sooners all afternoon, saved the Owls from a shutout. He tossed 14 yards to Angelo Sparagna, who wiggled an additional yard to the goal line with two Sooners hanging on. The same combination had worked for 15 yards to set up the scoring play. Tomasic's kick for point was blocked by Cliff Speegle.

The Sooner safety came in the second period when Tomasic, attemping to run from his own 14, was chased back over the goal line by the hard-charging Oklahoma forwards and tackled by Big Roger Eason.

Both teams threatened several times, once in the second period, the tricky Temple offense, with Tomasic and Al Juralewicz sharing the ball carrying duties, carried to Oklahoma's 14. The Sooner line held and Sid Beshunsky tried a field goal with the ball set on the 22, but it was barely short.

Starting lineups and summary:

Mission Lands Big Grid Tilt

MISSION—A lucky silver dollar and a restaurant owner combined forces to give the Rio Grande Valley the Class A bi-district football game between the Mission Eagles and the Alice Coyotes.

The contest will be played on the Mission high school field Friday night, December 6, with the opening kickoff scheduled for eight o'clock.

It was along about 1:30 a.m. last Saturday in a restaurant in Alice officials of the two schools got together to decide on the site of the game. After much pro and con arguing for Alice and Mission, it was decided to flip a coint for the location. Assistant Coach C. D. Jarvis of Mission, came up with a silver dollar that had been used many times before to settle such matters. Head Coach Bob Martin of Mission, was selected to call the flip. Martin declined and requested the restaurant owner to act for him. Supt. J. R. Roach of Alice did the flipping and the restaurant man called the game right on the Mission grid.

The Mission school officials returned to the Valley Saturday and immediately began preparations to stage the game which is expected to attract a record crowd of grid fans.

PROVIDENCE, R. I.—(AP)—Dartmouth's uplifted Indians, hardened by their "conceded" victory over once-mighty Cornell, displayed new fire and dash Saturday as they wound up their season by trouncing Brown, 20-6, before a drenched crowd of 15,000.

Golf Party Set In Harlingen

HARLINGEN—Plans for a big "get together" at the Harlingen municipal golf course club house were announced Saturday by Walden Haynes, course manager.

The golf party will be held at 8 o'clock Tuesday night and every golfer in the Valley is invited to attend, including women shotmakers. According to Manager Haynes, one does not have to be a golfer to be among those present. Anyone interested in the golf course and its operation is invited.

The greens committee, composed of J. L. Head, Bill McElwain and Hill Cocke, will aid in explaining plans for the coming year and suggestions for improving the play and operation will be welcomed.

Several golfing events are scheduled with a flag tournament to be held Thursday, November 28. There is a possibility that the Lions and Kiwanis Clubs will also hold a tourney the same day. Neither will interfere with the regular play. On December 8, the first Scotch tournament of the season will be held.

Manager Haynes also announced that free instructions for women golfers will be held each Wednesday from 9:30 to 11:30 a. m. These instructions will be given individually and in groups and all women interested are invited to attend all classes. The men are not barred from the sidelines.

Javelinas Upset By Buffaloes

CANYON—(AP)—In a stunning upset, the West Texas State Buffaloes overwhelmed the Texas A. & I. Javelinas, 26 to 6, on a heavy field here Saturday.

The Buffs will meet St. Mary's at San Antonio Friday night for the Alamo Conference title. St. Mary's recently dropped a 14-0 decision to A. & I.

West Texas State took charge with the opening kickoff. Little Ben Collins led a sustained drive, then tossed a 24-yard scoring pass to Eugene Brandon.

Ira Brock crashed for the second West Texas score after a Javelina kick sailed out on the Javelina 16.

The South Texans retaliated, with Mattingly leading. Hasenstab passed to Jensen, who ran six yards for their score.

Collins banged over from the one-yard line for West Texas' third touchdown, and fullback Larry Sanders raced 77 for the fourth.

Minnesota Ends Season Beating Badgers 22-13

Wisconsin Takes An Early Lead

By TOM SILER

MADISON, Wis.—(AP)—The Golden Gophers of Minnesota posted a strong claim to a share of the mythical national football championship Saturday, finishing the season undefeated and untied with a 22-13 victory over Wisconsin before 40,000 spectators.

The giant Norsemen, who clinched the Western Conference championship a week ago, brushed aside the Badgers as they had seven other teams after spotting the home aggregation 13 points.

Early in the game Wisconsin started from its own 26 with big George Paskvan hitting center for two. Then Johnny Tennant passed to Dave Schreiner, who shook off two tacklers on the Gopher 45 and ran for a touchdown. Bob Ray added the point.

Less than two minutes later Wisconsin's Tommy Farris picked one of Bruce Smith's passes out of the air at midfield and scored unmolested. Ray's placement try was wide.

The aroused Gophers then settled down. Sophomore Bill Daley ran 27 yards to the Wisconsin 45 in the second period.

Six players put the ball on the 12, Daley smashing over from this point. Joe Mernik's placekick was wide.

Daley paved the way for the tying tally, intercepting a pass attempt and returning 17 yards to the Badger 30. Minnesota scored in eight plays, Smith going off right tackle and cutting back for the touchdown from the right. Gordon Paschka's placekick was good.

Later Wisconsin had the ball on its own 30 when a bad pass from center was recovered on the 16 by Minnesota's Bill Baumgartner. When the Badgers stifled a ground attack, Mernik went in and booted a 25-yard field goal.

Early in the final period George Franck backed the Badgers to their six with a punt.

Paskvan smacked the line for two before Mark Hoskins tried a pass. Franck snatched the ball and raced down the sidelines 27 yards to the touchdown that clinched the victory. Paschka's kick was blocked.

Hardin-Simmons Cowboys Beat San Francisco Dons

ABILENE, Tex. — (AP) — Hardin-Simmons' Cowboys made passes count through chill weather on a field deep in mud Saturday to whip the tough San Francisco University Dons 28-18 before a homecoming crowd of 3,000.

The Cowboys, hanging up their 12th straight win, and eighth of this season, gained two touchdowns by air, and set up two more with passes.

Coach Frank Kimbrough's club jumped into an early lead. The Cowboys received the kickoff on their own 47 and on straight power, mixed with one 13-yard pass, L. B. Russell to D. A. Parker, advanced to the Dons' two. Fullback Moon Mullins crashed right guard to score and Murray Evans kicked the extra point.

Minutes later Evans of H-S dropped back to kick a field goal from the 20.

Russell's interception of a San Francisco heave in midfield led to the next Cowboy touchdown. Goodnight passed to Russell on the 19-yard line, and the Hardin-Simmons quarterback danced over the goal.

In the second quarter, Johnstone and Mosconi pushed to the nine and Mosconi hit the line for a touchdown. Pudoff's fumble spoiled the conversion attempt.

Goodnight's heave to Walsh in the end zone scored again for Hardin-Simmons.

Opening the third period, Russell tossed a long pass to Parker for 43 yards, and Parker ran to the eight. Mullins tore through standing for the touchdown, and Moore's kick was blocked.

San Francisco scored on the next play, Cliff Fisk throwing a strike to Mosconi, who took the ball on the Hardin-Simmons 43 and didn't stop. Fisk failed to convert. Then Cliff Fisk's pass to Ramos was ruled complete on the 28. Chadwick intercepted for Hardin-Simmons on his three, but fumbled and Mosconi recovered. Fisk dived over from the two after an offside penalty against the Cowboys. Harold Prescott blocked Mosconi's kick.

Lyons Honored By Baylor Folks

WACO, Tex.—(AP)—Old Teddy Lyons, the Chicago White Sox pitcher via Baylor University who "has never been razzed in victory or defeat," blushed through a long tribute the homefolk gave him at a banquet Saturday night.

The old-timers of Baylor University, the school where Ted Lyons wrote athletic history for four stirring years from 1920 through 1923, put Teddy at the head of the banquet table Saturday night and eulogized him as "the greatest athlete in Baylor history."

Eighteen years of brilliant pitching with the White Sox behind him, and still more to come, Lyons modestly and briefly thanked them.

Earlier, he stood in the driving rain between halves of the Baylor-Southern Methodist football game and received a gold plaque from President Pat M. Neff of Baylor.

Boston College Beats Auburn

BOSTON—(AP)—Unbeaten Boston College crumbled a powerful Auburn eleven through the first half Saturday and then took the Southern Plainsmen apart at the seams to roll up a 33-7 total in their ninth straight victory before 35,000 spectators.

The high-flying Eagles, whose supporters were lamenting the absence of Gene Goodreault, their great right end, from the lineup for the first time in his college career, found ample cause for rejoicing in the performances of Charlie O'Rourke and Frank Maznicki.

O'Rourke sparked two Boston touchdown drives with his bullet-like passing and his tricky running. He scored himself when he cut back sharply through tackle and tallied from 15-yards out in the third period at the close of a 70-yard march, 50 of them by O'Rourke.

Maznicki scored twice, first on the receiving end of a 41-yard pass from O'Rourke. His second came on the first play of the fourth period, a routine six-yard off-tackle dash after the Eagles had marched 41 yards.

Three Grid Powers Continue Winning Ways

Tom Harmon Ends Play In College

Sugar Bowl Teams Maybe Found

By HERB BAKER

NEW YORK —(AP)— Minnesota, Boston College and Tennessee rolled on unchecked Saturday but the football headlines belonged to an individual this time—Tommy Harmon of Michigan.

The great All-American halfback closed his intercollegiate career in a blaze of glory as the Wolverines smashed Ohio State, 40-0, before a crowd of 74,000. It was the worst defeat the Buckeyes have taken in 35 years of football combat.

It was strictly Harmon's day for the Wolverine ace scored three touchdowns, passed for two others, and kicked four placements for extra points to set up a new all-time Western Conference scoring record.

Harmon thus ran his three-year record for touchdowns to 33, two more than the record hung up by Red Grange, and boosted his total points for the same period to 237, another new record.

Minnesota, which handed Michigan its lone defeat, 7-6, wound up an unbeaten, untied season with a 22-13 victory over Wisconsin and with the conference championship firmly in its grasp. Wisconsin struck for two touchdowns in the first quarter but once the Minnesota attack, led by George Franck, began to function, the result was never in doubt.

Boston College, also boasting a perfect record and looking ahead to a probable invitation to the Sugar Bowl at New Orleans, crushed Auburn's Plainsmen, 33-7, in another smashing display of all-around class. Tennessee, which probably will be the Eagles' opponent at New Orleans, rolled up a 33-0 count on Kentucky to protect its undefeated, untied status.

Also standing firm were Lafayette which closed its campaign with a perfect slate by romping over Lehigh, 46-0; Hardin-Simmons, which trounced San Francisco, 28-18, and Mississippi State which routed Mississippi in convincing fashion, 19-0. State was tied by Auburn early in the season but otherwise was all victorious.

Stanford, Texas A. and M. and Texas Tech took the day off in preparation for later tests. Penn State finally saw its unbeaten record go by the boards as Pitt ground out a 20-7 triumph.

Nearly 80,000 sat in at Franklin Field, Philadelphia, and saw Penn pace dby Frank Reagan, hand Cornell its second successive setback, 22-20, and win the Ivy League title. Cornell ran up a quick 13-0 lead but could not stop Reagan when the Penn machine began to roll.

Showing surprising strength, Harvard crushed Yale, 28-0, before 47,000 in the 79th game between these ancient rivals. Dave Allerdice's passing carried Princeton to a 26-19 decision over Army. Joe Siegal's 55-yard run with an intercepted pass provided Columbia with its winning margin in a 20-17 thriller with Colgate. Eddie Kast scored twice for Dartmouth as the Indians tripped Brown 20-6.

Johnny Supulski pitched three passes for Manhattan in the fourth quarter but the New Yorkers dropped a 33-25 decision to Holy Cross. Georgetown had a surprising fight on its hands before it could get past George Washington, 8-0. Duquesne had to come from behind to nip Villanova, 14-10.

Bill De Correvont and Don Clawson provided Northwestern with too much punch for Notre Dame and the Wildcats won easily, 20-0. Gene White's field goal from the 27-yard line in the last 13 seconds enabled Indiana to halt Purdue, 3-0. Iowa rolled over Illinois, 18-7, in the other Western Conference feature. Detroit scored over Marquette, 19-0, and Michigan State stopped West Virginia, 17-0.

Nebraska spotted Iowa State two touchdowns and then rallied to win, 21-12, thus assuring itself of at least a tie for the Big Six crown. Oklahoma's Sooners won from Temple, 9-6. Tulsa trounced Oklahoma A. and M., 19-6, to win the Missouri Valley title.

In the Southwest, Rice chased an ancient jinx in a 14-6 victory over Texas Christian, while Southern Methodist topped Baylor, 7-4.

Vanderbilt put up a great fight in a Southeastern Conference tussle with Alabama but finally went down, 25-21, on Jimmy Nelson's fourth-quarter touchdown pass. Florida spilled Georgia Tech, 16-7. Sewance dropped a 13-7 verdict to Citadel of the Southern Conference.

Clemson, rallying to trip Furman, 13-7, clinched the Southern Conference title as Duke ran wild over North Carolina State, 42-6. Harry Dunkle's field goal gave North Carolina a 10-7 victory over virginia.

In the Far West, Washington crushed U.C.L.A., 41-0, while Washington State won over Gonzaa, 14-7. Brigham Young and Colorado State played to a 13-13 draw in a Big Seven contest.

'Those Bowl Games Are Great' And Volunteers Want Another

By DON WHITEHEAD
AP Feature Service

KNOXVILLE, Tenn.—Tennessee's mighty Volunteers, the "Golden Boys" of football, have discovered it's nice work if you can get it—this post-season football business of playing in bowl games—and they're after more of it.

The Dixie gridiron juggernaut, only unbeaten, untied major league team in the land of cotton, is rolling straight toward another pot of gold in either the Rose Bowl, the Sugar Bowl or the Orange Bowl.

Virginia, Kentucky and Vanderbilt stand in the path of the Tennesseans and a third consecutive season of 10 straight victories—but none of them appears strong enough to stop the rush.

Another unblemished record is almost certain to send the Volunteers back to the Pasadena Rose Bowl or place them in the New Orleans Sugar Bowl on New Year's Day.

And it would mean that the men of Major Bob Neyland had fattened the university's athletic association till with at least $200,000 during their three years of smacking over [illegible]dition—and that figure [illegible]e the regular season.

T[illegible]k of Neyland's 1940 ma[illegible] built in 1938 when Bo[illegible] his ace back; Tackle Abe Sh[illegible]d Guards Bob Suffridge and [illegible]olinski were sophomores.

Th[illegible]is ran through and over ten o[illegible]nents that year and went to M[illegible]'s Orange Bowl where they whipped a tough Oklahoma team, 17 to 0. Tennessee's share of the gate was some $25,000.

The next year was a monotonous pattern of the one before in the matter of victories and, as history relates, Foxx and his pals appeared in the Rose Bowl where Southern California let them know the meaning of defeat, 14 to 0. Tennessee's share of the gate was a fat $100,000 or thereabouts.

And now it's dollars to doughnuts that Tennessee will still be undefeated at the end of November with another choice bowl bid.

Harmon Helps Wolverines Smother Buckeyes 40-0

By FRITZ HOWELL

COLUMBUS, O.. —(AP)— The glory that was "Red" Grange's shifted to the stalwart shoulders of Michigan's mighty Tom Harmon Saturday as the Gray Ghost ground Ohio's Buckeyes to a 40-0 defeat—their worst walloping in 35 years.

A crowd of 73,648 rain-drenched fans gazed through a haze as the All-American halfback scored three touchdowns, tossed passes for two others, and kicked four placements for extra points to wind up the most brilliant scoring career in Western Conference annals.

The scoring record of 31 touchdowns held by Illinois' immortal Harold "Red" Grange for the last 15 years went into the runnerup spot as Harmon, with the shiftiest running the Buckeye stadium has ever witnessed, boosted his three-year touchdown total to 33.

On top of that, the Michigan Maestro has booted 33 goals after touchdown, and a pair of field goals for a 24-game total of 237 points.

When Harmon left the game his final touchdown—with only 38 seconds to play—the crowd gave him one of the greatest ovations ever tendered in Ohio stadium.

The game was only a few minutes old when the Wolverines struck. Starting on their own 20 after a punt, they marched 80 yards in 11 plays, Harold going over from the eight-yard line. Three minutes later Paul Kromer took a punt on his own 19 and swayed and swerved 81 yards for another touchdown.

Harmon passed 17 yards to Capt. Forrest Evashsvski, quarterback, for the third toushdown in the second session to end a 77-yard march and passed 16 yards to end Edward Frutig for the fourth, after a 101-yard advance which started as Harmon took the kickoff behind his own goal line and ran it to the Michigan 22.

Late in the third period after Robert Westfall had intercepted an Ohio pass on his own 48, the Wolves marched 52 yards in five plays for another touchdown, Harmon going over from the 18 on an end sweep. The wily Wolverine faked a pass and then skirted end for the final touchdown, going six yards on the play.

Wildcats Hand Fighting Irish 20-0 Trimming

De Correvont Stars In Battle

By EARL HILLIGAN

EVANSTON, Ill. —(AP)— Northwestern's Wildcats, with blond Bill De Correvont giving the greatest performance of his collegiate gridiron career, handed Notre Dame a decisive 20 to 0 licking before 48,000 spectators at Dyche Stadium Saturday.

Northwestern, in closing its season with a sixth victory in eight games, held the upper hand throughout.

Northwestern's first two touchdowns came the hard way. The Wildcats, after taking a punt at their 18, smashed to the Notre Dame 32 as Don Clawson ripped the Irish line.

Then De Correvont passed to Clawson, who caught the ball on the Irish 26 and ran for a touchdown after shaking off would-be tacklers.

A brilliant run by De Correvont set up the second Wildcat score. Striking off right tackle and reversing, he raced 27 yards to the Notre Dame nine in the third period. The Wildcats got only five yards on three plays, but on the fourth down, De Correvont shot off left tackle to score without being touched.

Late in the same period Northwestern punted deep to Notre Dame, Bob Hargrave fumbling the kick and Leon Cook recovering for Northwestern at the Irish 24. Two plays lost three yards before Clawson knifed through left tackle and sprinted for the game's final touchdown. Dick Erdlitz, reserve back, made good on two tries for the extra point.

Cornell Downed By Penn 22-20

By BILL BONI

PHILADELPHIA—(AP)—A cocky Cornell football team threw two ill-starred forward passes Saturday afternoon and with them tossed away its claim to the Ivy League championship.

At the time the passes were thrown the Ithacans were leading Penn by 13-0. But as the final whistle blew, Penn was winner by 22-20.

It was a grand triumph for Penn, beaten only by Michigan this year, and a grand finale for the Red and Blue's fine heavy duty back, Francis Xavier Reagan. Performing before a crowd of 79,935, Reagan scored all three touchdowns, held the ball for Gene Davis' field goal and extra point, and set a new Pennsylvania one year scoring record of 105 points.

The Ithacans went 80 yards and 60 yards to two quick touchdowns in the first quarter, but then suddenly had a rush of overconfidence.

After the Ithacans were backed to their own 8 by a Reagan punt they tried two passes. The first fell incomplete, but Ray Frick intercepted the second and returned it to the Cornell 11 and in five smashes Reagan took it over.

In the second period Reagan, after helping move to the Cornell 12, faded as if to pass, sucked the Cornell defense to one side and then ran up the other for his second touchdown. A few minutes later he ran 52 yards to put the ball in position for Davis' field goal from the 28.

Cornell came back after the second half kickoff to march 71 yards and go in front again by 20-16. But from then on Reagan's punting kept the Big Red in the hole and himself found time to score the winning touchdown from 16 yards out.

That was Reagan's 17th touchdown of the season. Besides doing all the punting for an average of 45 yards, Reagan had a net yardage of 110 on 25 trips. And spent a good part of his time batting down Cornell passes.

HUSKERS 21; CYCLONES 12

LINCOLN, Neb.— (AP) —Nebraska power beat Iowa State into the soggy turf of Memorial Stadium Saturday as the Huskers stormed back in the third and fourth periods to wipe out a 12 to 0 Cyclone halftime lead and take a 21 to 12 victory.

The win assured Nebraska of at least a tie for Big Six Conference championship honors.

The Cyclones, who came to Lincoln openly proclaiming they were "loaded for this one," exploded with a bang in the first half, outplaying the Huskers every step of the way.

Nebraska can win the Big Six championship by defeating Kansas State next Saturday. A defeat would tie the Huskers with Oklahoma.

Cornell Remains Offensive Team

By GAIL FOWLER

SEATTLE— (AP) —Cornell, despite its "fifth down" loss which tumbled it from the ranks of the undefeated, still clings to its number one position as the nation's outstanding total offensive and passing football team.

Figures released by the American Football Statistical Bureau Thursday showed that Cornell retained its leadership in the total offensive classification for the seventh consecutive week and its passing leadership for the sixth straight week.

Navy, meanwhile, advanced from second to first as the country's best defender against both aerial and ground attacks while Alabama, first last week, tumbled to fifth.

Otherwise, six out of seven department leaders kept to the top.

The Leopards from Lafayette led the nation for the sixth straight week as the best rushing offensive unit while Homer Norton's strong and sturdy A. and M. Aggies captured defensive honors against rushing for the fourth straight week.

Utah State, for the fourth straight week, led the nation's pass defenders, while Texas Mines, although idle last week, led all teams in punting for the same length of time.

The figures:

Total offense—(gains rushing and passing)—Cornell, 372.1 yards average per game; Texas Tech, 355.8; Lafayette, 336.6; Boston College, 333.9; Arizona, 332.9; Mississippi, 327.2; Detroit, 325; Navy 324.9; Tennessee, 322.6; Penn State, 320.4.

Rushing offense—Lafayette, 340.9 yards average per game; Texas Tech, 282.5; Tennessee, 254; Detroit, 242.3; Penn State, 238.6.

Forward-passing offense—Cornell, 191.6 yards per game; Georgia, 150.3; Texas Mines, 145.9; Marquette, 137; Manhattan, 132.9.

Total defense—Navy, 92.6 yards per game yielded to passes and rushes; Boston College, 110; Santa Clara, 116.7; Penn State, 122; Alabama, first last week, 126.6; Tennessee, 127.9; San Jose State, 128.8 in 10 games; Duquesne, 133.2; Texas A. and M., 140.3; Vanderbilt, 141.7.

Rushing Defense—Texas A. and M., 38.5 yards per game yielded to enemy ground attacks; Arizona, 42.8; Navy 49.9; Boston College, 50.3; Santa Clara, 54.3.

Pass Defense—Utah State, 27.5 yards per game yielded through the air; Harvard, 36.1; Fordham, 38.2 Navy 42.8; Wake Forest, 45.0; Montana, 45.1.

Punting—Texas Mines, idle last week, 42.94; Auburn, 42.44; Oklahoma, 42.33; Stanford, 41.25; Richmond, 40.61.

COLUMBIA 20; COLGATE 17

NEW YORK—(AP)—The Columbia football Lion ate his oldest jinx Saturday and enjoyed the dinner immensely.

For 20 years the Lion had been trying to work on Colgate's Red Raiders. And for 20 years, he had failed to satisfy his appetite. Saturday, he finally made it.

With 22,000 spectators sitting in, the Lions twice came from behind, took advantage of every break, and nipped the Red Raiders from the Chenango 20 to 17.

Toe That Did The Trick

AP Feature Service

MINNESOTA'S two chief gridiron rivals this year were Northwestern and Michigan. The Gophers tripped both of these foes by the margin of a single point. The man-of-the-hour for the Gophers in these games that kept them on the unbeaten trail was a substitute quarterback, Joe Mernik, whose accurate placement kicks scored the points after touchdown that brought triumphs to the Gophers. Fullback Bob Sweiger is shown pointing to Mernik's trusty right toe, while Halfback Bruce Smith (right, rear) and Coach Bernie Bierman look on.

Tulsa's Hurricane Wins Over Oklahoma's Aggies

By HAROLD CLAASSEN

TULSA, Okla. —(AP)— Mud, cold, rain and the Oklahoma Aggies couldn't stop the University of Tulsa Saturday and the Golden Hurricane skidded to a 19 to 6 football victory that meant the Missouri Valley Conference championship.

Week-long rains had made the field an island surrounded by a moat, which would have been the running track on drier days.

A cold north wind sent officials onto the gridiron wearing gloves. Co-ed cheerleaders frolicked in ski-suits.

The Aggies scored in the first minute and a half but after the clubs changed goals Tulsa began to roll toward the fifth Valley title it has won or tied for in the school's six-year membership in the loop.

The 8,400 spectators were hardly in their seats before Jimmy Reynolds, Oklahoma Aggie back, flung a 19-yard pass to Ken Holderman for the touchdown. It was the third scrimmage play, the first being a 45-yard pitch by Reynolds to Lonnie Jones.

After that it was all Tulsa, with the Hurricane line opening holes for a bevy of backs led by Glenn Dobbs, N. A. Keithley and Lester Moore.

Each of the heroes scored a touchdown, Keithley's coming midway in the final period when he scooped up an Aggie pass and threaded his way 41 yards through the entire Cowboy team.

Keithley also broke away for a 20-yard journey in the second period that brought the first Tulsa touchdown. Dobbs picked his way from the one-yard on a play that started as an end run but wound up with the ball carrier cutting back over tackle.

Dobbs added the point.

Moore bumped over for the third-period marker. Once in this drive Dobbs faded back to pass but finding his receivers hidden, broke loose on a 26-yard jaunt that carried to the 11.

The Tulsa line, with a trio of outstanding tackles in Don Gray, Jodie Bob George and Charles Greene, dominated. The Aggies were able to gain only 28 yards from scrimmage to 214 for the Hurricane.

The game was the last of the year for the Aggies who slipped from the Valley lead with a record of four triumphs and one defeat. Coach Chet Benefiel's squad took the crown with four straight wins.

The lineups and summary:

Tulsa	Pos.	Aggies
Grimmett	LE	Moore
Worthington	LT	Arms
Holt	LG	Liles
Allison	C	Hargrove
Henicle	RG	Southall
Greene	RT	Swenk
Campbell	RE	Holderman
J. Gibson	QB	Buffington
Keithley	LH	Reynolds
Dobbs	RH	Jones
Buffalo	FB	Gaubion

Score by periods:

Oklahoma A&M	6	0	0	0	—6
Tulsa	0	7	6	6	—19

Oklahoma A&M scoring: Touchdown, Holderman.

Tulsa scoring: Touchdowns, Moore (sub for Buffalo), Keithley, Dobbs; point from try after touchdown, Dobbs (placekick).

EXECUTIVES SAY "LOWEST PRICES IN HISTORY" THE CAUSE

"The best week in our history" was the comment executives of the Junkin Furniture Company had to make yesterday, following the rush of the first five days of their "2 in 1" furniture sale.

Lowest prices in the history of the furniture firm were given as the reason for the continued heavy buying. The "2 in 1" sale started last Monday morning.

Joe Junkin, head of the firm, said that he was very sorry that many had been forced to leave the sale without being waited on due to the fact that crowds exceeded his expectations. He said, however, that extra help is being employed now, and that he was sure everyone would receive proper attention during this week when they visited the sale.

Much new furniture has been put into the sale, including a carload shipment from the Hollywood market.

WINTER FABLES

by WILLIAM FERGUSON

IF IT SNOWS TODAY, WE'LL HAVE TWENTY-THREE MORE!

IT'S EASY TO TELL JUST HOW MANY SNOWS WE'RE GOING TO HAVE! IF THE FIRST ONE FALLS ON THE TENTH, FOR EXAMPLE... WE'LL HAVE *TEN* SNOWS.

SQUIRRELS *ALWAYS* STORE AN EXTRA SUPPLY OF NUTS WHEN A SEVERE WINTER IS COMING.

NUTS!

WE *ALWAYS* HAVE A JANUARY THAW.

THE KIND OF WEATHER WE HAVE ON THE *FIRST, SECOND,* AND *THIRD* OF DECEMBER TELLS US WHAT TO EXPECT IN THE *THREE WINTER MONTHS*... DEC., JAN. AND FEB., RESPECTIVELY.

DECEMBER

I'LL CARRY IN SOME WOOD FOR THE FIRE-PLACE, MOM!

LET YOUR FATHER DO IT... HE NEEDS THE EXERCISE.

BUT IF I DON'T CARRY IN WOOD MY ALLOWANCE IS CUT!

THAT'S LESS IMPORTANT THAN YOUR FATHER'S FIGURE, SON!

BUT IT'S IMPORTANT TO **ME**, MOM!

JUST WHAT'S THE MATTER WITH MY FIGURE?

YOU'RE GETTING ENTIRELY TOO CHESTY AROUND THE MIDDLE!

OTHER MEN DON'T LET THEMSELVES GO THE WAY YOU DO!

ISN'T A MAN ENTITLED TO A LITTLE MIDDLE-AGE PAUNCH?

WHAT IF I LET MY FIGURE GO TO SEED? YOU'D BE THE FIRST TO COMPLAIN!

I'VE NEVER UTTERED A WORD OF COMPLAINT ABOUT YOUR FIGURE!

THAT'S BECAUSE I HAVEN'T GIVEN YOU SUFFICIENT GROUNDS.

WE'LL HAVE TO STICK TOGETHER IN THIS! NOW YOU GO TO THE ATTIC AND GET WHAT I ASKED YOU TO!

OKAY, POP!

WHERE'D YOU PUT IT?

OUT IN THE KITCHEN WHERE MOM CAN'T MISS IT... IT'S ALL READY FOR THE PAINT!

PAINT

WELL, OF ALL THE--

I GUESS SHE SAW IT!!

AND I THINK I WON MY POINT!

DO YOU LOOK LIKE THIS NOW? YOU DID ONCE!
